Economic Growth with Equity Kevin Watkins,1998 Kevin Watkins analyses the manner in which the economies of East Asia have attained high economic growth rates and managed to share the prosperity widely A caveat is included as some groups have been excluded from these benefits on ethnic grounds **The Oxfam Education Report** Kevin Watkins,2000-01-01 This comprehensive report focuses on the fact that millions of people in poor countries remain uneducated and illiterate which prevents them from developing the skills they need to escape poverty The book looks at the underlying causes of the problem and sets out a clear agenda for reform Making Growth Inclusive Elizabeth Stuart,2011 Shows that growth is back on the development agenda promoted by bilateral and multilateral donors and the G20 as the most effective way to lift people out of poverty Argues that economic growth has reduced poverty in developing countries in the past but by ignoring the issue of equality donors and poor country governments have failed to maximise the benefits of that growth and in some cases people have become worse off Extracts lessons from case studies of Brazil Viet Nam and Ghana to suggest three key areas where action by governments is likely to deliver a proper redistributive agenda appropriate macroeconomic prudence and a policy environment that fosters a pro poor private sector Reclaiming Social Policy Arjan de Haan,2007-07-31 This book re evaluates the importance of social policies in shaping well being and combating exclusion and enhances understanding of how these policies are formed in a globalizing world It emphasises the context and path dependence of patterns and policies of inclusion and exclusion and provides a framework for supporting social policy making
