

FEMINISM

Feminism is the pursuit of equality between men and women. Feminists seek economic, political, social, legal and personal rights for women that are equal to those of men.

Feminist campaigns have campaigned for major societal changes such as voting rights, reproductive rights, greater political representation and fairer pay. But there is still a long way to go until men and women lead truly equal lives.

What is FEMINIST ECONOMICS?

ECONOMICS

The word 'economics' comes from the Greek word 'oikonomia' meaning 'household management'. But nowadays the meaning of 'economics' has expanded to mean the production, distribution and consumption of goods and services.

When we analyse the economy we investigate the psychology of human behaviour and decision-making.

FEMINIST ECONOMICS

Values - the role of unpaid work carried out by men & women in the home & through care work.

Acknowledges that the economy depends not just on the production & distribution of goods and services, but on *co-operation & care*.

Recognises that *relationships* influence how our economy functions.

Recognises that the interests of members of the same household may differ and that resources are not necessarily *shared equally*.

Acknowledges that the *complexity* of human lives cannot always be quantified.

FEMINIST ECONOMICS

Feminist economics promotes economic equality between women and men. The activities, behaviour and decisions of men and women have a major impact on our economy. But mainstream economics has a tendency to be biased on men's lives and recognises only work that is done for money.

A feminist economics perspective recognises the paid and unpaid work of both men and women.

MAINSTREAM ECONOMICS

Has a tendency to prize *money, machines & men*.

Measures paid work in *Gross Domestic Product* (GDP) but fails to count the contribution of unpaid work.

Fails to recognise *non-market activities* as important to the economy.

Builds its picture of the economy as consisting of people motivated by *self-interest & material goods*.

Assumes that the influences on people's decisions can be objectively quantified & tends to build economic theories that depend on *mathematical models*.

Economical Feminism

Inna Michaeli

Economical Feminism:

Feminist Economics Today Marianne A. Ferber, Julie A. Nelson, 2020-05-22 The 1993 publication of Marianne A Ferber and Julie A Nelson's *Beyond Economic Man* was a landmark in both feminist scholarship and the discipline of economics and it quickly became a handbook for those seeking to explore the emerging connections between the two A decade later this book looks back at the progress of feminist economics and forward to its future offering both a thorough overview of feminist economic thought and a collection of new high quality work from the field's leading scholars **Economics & Feminism**

Randy Pearl Albelda, 1997 Albelda's study is the first to critically examine the marginal impact of feminism on economics She explores the history of feminism and economics with surprising results namely that women were better represented in the profession in the 1920s than they were in the early 1970s *Feminism, Objectivity and Economics* Julie Nelson, 1995-12-07 This classic study extends feminist analysis to economics but rejects setting up an economics solely for women It is the first full length single authored book to focus on gender bias in contemporary economics **Feminism, Economics and Utopia**

Karin Schonpflug, 2008-03-26 Answering a range of questions and written by a rising star in feminist economics this book provides explanations of the different kinds of feminism the evolution of feminist thought and the history and sources of utopias as a theoretical and or literary tool Feminism Confronts Homo Economicus Martha Fineman, Terence Dougherty, 2018-08-06 The essays in this volume confront the inroads that economics has made into the legal academy Law and Economics uses principles of neoclassical economics to develop laws and social policies that maintain if not bolster current allocations of power from the Introduction The Law and Economics school has had a significant impact on the legal and governmental landscape in the United States It posits a perfectly rational economic man homo economicus who is unconstrained by familial and communal ties and who can and should make decisions solely in light of considerations of economic value *Feminism Confronts Homo Economicus* offers a major intervention in debates about how law has come under the influence of economic principles Drawing on the latest thinking in the fields of feminist legal theory critical legal studies and feminist economics the essays critique the notion that legal and policy decisions should be made solely through the lens of economics While the contributors question the wholesale incorporation of the neoclassical economic model into legal analysis they do not all discard economic analysis and theory Situated at the intersection of feminism law and economics *Feminism Confronts Homo Economicus* will appeal to scholars and students of these disciplines as well as policy analysts and social theorists interested in family education labor and welfare *The Routledge Handbook of Feminist Economics* Günseli Berik, Ebru Kongar, 2021-05-23 The Routledge Handbook of Feminist Economics presents a comprehensive overview of the contributions of feminist economics to the discipline of economics and beyond Each chapter situates the topic within the history of the field reflects upon current debates and looks forward to identify cutting edge research Consistent with feminist economics goal of strong objectivity this Handbook compiles contributions from different traditions in feminist economics

including but not limited to Marxian political economy institutionalist economics ecological economics and neoclassical economics and from different disciplines such as economics philosophy and political science The Handbook delineates the social provisioning methodology and highlights its insights for the development of feminist economics The contributors are a diverse mix of established and rising scholars of feminist economics from around the globe who skilfully frame the current state and future direction of feminist economic scholarship This carefully crafted volume will be an essential resource for researchers and instructors of feminist economics

Beyond Economic Man Marianne A. Ferber, Julie A. Nelson, 2009-04-01 This is the first book to examine the central tenets of economics from a feminist point of view In these original essays the authors suggest that the discipline of economics could be improved by freeing itself from masculine biases Beyond Economic Man raises questions about the discipline not because economics is too objective but because it is not objective enough The contributors nine economists a sociologist and a philosopher discuss the extent to which gender has influenced both the range of subjects economists have studied and the way in which scholars have conducted their studies They investigate for example how masculine concerns underlie economists concentration on market as opposed to household activities and their emphasis on individual choice to the exclusion of social constraints on choice This focus on masculine interests the contributors contend has biased the definition and boundaries of the discipline its central assumptions and its preferred rhetoric and methods However the aim of this book is not to reject current economic practices but to broaden them permitting a fuller understanding of economic phenomena These essays examine current economic practices in the light of a feminist understanding of gender differences as socially constructed rather than based on essential male and female characteristics The authors use this concept of gender along with feminist readings of rhetoric and the history of science as well as postmodernist theory and personal experience as economists to analyze the boundaries assumptions and methods of neoclassical socialist and institutionalist economics The contributors are Rebecca M Blank Paula England Marianne A Ferber Nancy Folbre Ann L Jennings Helen E Longino Donald N McCloskey Julie A Nelson Robert M Solow Diana Strassmann and Rhonda M Williams

Feminism, Objectivity and Economics Julie A. Nelson, 1996 First published in 1995 Routledge is an imprint of Taylor Francis an informa company

The Elgar Companion to Feminist Economics Janice Peterson, Margaret Lewis, 2001-01-01 Comprehensive reference work introducing readers to the field of feminist economics It addresses key concepts as well as feminist economic critiques and reconstructions of major economic theories and policy debates

A

History of Feminist and Gender Economics Giandomenica Becchio, 2019-10-30 This book offers a historical exploration of the genesis of feminist economics and gender economics as well as their theoretical and methodological differences Its narrative also serves to embed both within a broader cultural context Although both feminist economics and gender neoclassical economics belong to the cultural process related to the central role of the political economy in promoting women s emancipation and empowerment they differ in many aspects Feminist economics mainly influenced by women s studies and

feminism rejected neoclassical economics while gender neoclassical economics mainly influenced by home economics and the new home economics adopted the neoclassical economics approach to gender issues The book includes diverse case studies which also highlight the continuity between the story of women s emancipation and the more recent developments of feminist and gender studies This volume will be of great interest to researchers and academia in the fields of feminist economics gender studies and the history of economic thought

A History of Feminist and Gender Economics Giandomenica Becchio,2019-10-30 This book offers a historical exploration of the genesis of feminist economics and gender economics as well as their theoretical and methodological differences Its narrative also serves to embed both within a broader cultural context Although both feminist economics and gender neoclassical economics belong to the cultural process related to the central role of the political economy in promoting women s emancipation and empowerment they differ in many aspects Feminist economics mainly influenced by women s studies and feminism rejected neoclassical economics while gender neoclassical economics mainly influenced by home economics and the new home economics adopted the neoclassical economics approach to gender issues The book includes diverse case studies which also highlight the continuity between the story of women s emancipation and the more recent developments of feminist and gender studies This volume will be of great interest to researchers and academia in the fields of feminist economics gender studies and the history of economic thought

Women's Economic Empowerment Inna Michaeli,2022-01-03 Challenging the simplistic story by which feminism has become complicit in neoliberalism this book traces the course of globalization of women s economic empowerment from the Global South to the Global North and critically examines the practice of empowering low income women primarily migrant indigenous and racialised women The author argues that women s economic empowerment organizations become embedded in the neoliberal re organization of relations between civil society state and market and in the reconfiguration of relations between the personal and the political Also examined are the contractual nature of institutional arrangements in neoliberalism the ontological divide between economy and society and the marginalisation of feminist economics that persists in the field of women s economic empowerment The book will be of interest to scholars and students of social sciences gender studies sociology and economics This book is based on the author s doctoral dissertation at the Humboldt University of Berlin Faculty of Humanities and Social Sciences

Decolonizing Feminist Economics Gisela Carrasco-Miró,2025-03-28 Despite the urgency to understand how other cultures encounter the West in academic and political spheres feminist economics has yet to tackle critiques from postcolonial and decolonial feminists about Western centric modernism in the field This book introduces a decolonizing approach to feminist economics offering insights that move beyond the boundaries of modern Eurocentrism The author explores the relationship between colonialism capitalism heteropatriarchy and ecological degradation while offering critical feminist and decolonizing tools By investigating global struggles the author illuminates our hijacked present and imagines a decolonizing feminist economic landscape that is under

transformation Transdisciplinary and innovative this book fills a vital gap by exploring the interplay between decolonization and feminist economics challenging the growth logic capitalism and Western centrism and imagining new possibilities for more just futures *Feminist Theories and Feminist Economics* Kavous Ardalan,2021-10-30 In *Feminist Theories and Feminist Economics A Multi Paradigmatic Approach* Kavous Ardalan examines four paradigms of feminist theory and economics and their social impact Analyzing the insights of these paradigms functionalist interpretive radical humanist and radical structuralist Ardalan offers a comprehensive view of feminist thought advocating for a multi paradigmatic approach to understanding feminist research and its economic relevance for society **Toward a Feminist Philosophy of**

Economics Drucilla K. Barker,Edith Kuiper,2003 This book edited by two of the most respected figures in feminist economics is a welcome collection that charts and critically analyses how other movements have influenced the development of feminist economics as a distinct discipline *Advanced Introduction to Feminist Economics* Joyce P. Jacobsen,2020-09-25 Many questions arise of an economic nature that are only partially addressed by standard economic analysis These lacunae give rise to particular lines of critique in economics including a wide ranging and increasingly cogent feminist approach to reenvisioning economics This book provides a comprehensive description of this intriguing new area of feminist economics It includes discussion of what constitutes feminist economics and how feminist economics is different from other approaches The intellectual origins of the area are explicated and the current state of the subfield outlined Specific topics covered include conflict over terminology pedagogy and content in the field of economics measurement of the unmeasured economy the role of caring labor in the economy heteronormativity in economics feminist approaches to economic development multiple approaches to empiricism modeling of intrahousehold relationships consideration of the role of property rights in reifying gender roles differential effects of international trade and finance by gender and feminist approaches to public finance and social welfare **Gender and Political Economy** Ellen Mutari,Heather Boushey,William Fraher,1997 Papers presented at a Gender Race Economics and Public Policy conference coordinated by the New School for Social Research

Women and Economics Charlotte Perkins Gilman,2023-12-03 In *Women and Economics* Charlotte Perkins Gilman presents a groundbreaking analysis of the socio economic forces shaping women s roles in society at the turn of the 20th century Through a blend of sociological insight and feminist critique Gilman argues for women s economic independence and autonomy as essential to social progress Drawing on historical context and contemporary issues her writing style is both provocative and persuasive inviting readers to rethink traditional gender roles informed by economic dependency This seminal work not only highlights the impact of capitalism on women s liberation but also critiques the domestic sphere ultimately advocating for systemic changes in both family structures and broader societal norms Charlotte Perkins Gilman a prominent intellectual of her time was steeped in the feminist movement and its implications for women s emancipation Born into a lineage of social reformers Gilman s personal experiences with depression and confinement in her earlier years led her

to reject conventional views of femininity and domesticity Her motivation to expose the injustices faced by women along with her diverse background in literature and sociology informed her powerful call for economic reform *Women and Economics* is a vital read for anyone interested in feminist theory socio economic analysis and the intersections of gender and economics Gilman s insightful critique remains remarkably relevant today making it an essential text for contemporary discussions around women s roles in society

Out of the Margin Edith Kuiper, Jolande Sap, 1995 This book is the first volume to consider feminist concerns across the entire domain of economics

Feminist Theories and Feminist Economics Kavous Ardalan, 2021-10-30 In *Feminist Theories and Feminist Economics A Multi Paradigmatic Approach* Kavous Ardalan examines four paradigms of feminist theory and economics and their social impact Analyzing the insights of these paradigms functionalist interpretive radical humanist and radical structuralist Ardalan offers a comprehensive view of feminist thought advocating for a multi paradigmatic approach to understanding feminist research and its economic relevance for society
