Dempster,2014-04-10 This edited book offers the first complete overview of risk in the art market by bringing together contributions from a wide range of international thought leaders on the topic both practitioners and leading scholars who investigate the specific types of uncertainty that exist in the art market as well as the dominant models used to manage the risks An essential read for both art world practitioners as well as scholars and students Risk and Uncertainty in the Art Market elucidates the dynamics and unique qualities of the art market as well as developing insights relevant to other sectors including sociology business and management economics and finance      **The Social Life of Inkstones** Dorothy Ko,2017-03-07 Follows the path of an everyday object from quarry to desk An inkstone a piece of polished stone no bigger than an outstretched hand is an instrument for grinding ink an object of art a token of exchange between friends or sovereign states and a surface on which texts and images are carved As such the inkstone has been entangled with elite masculinity and the values of wen culture literature civility in China Korea and Japan for more than a millennium However for such a ubiquitous object in East Asia it is virtually unknown in the Western world Examining imperial workshops in the Forbidden City the Duan quarries in Guangdong the commercial workshops in Suzhou and collectors homes in Fujian The Social Life of Inkstones traces inkstones between court and society and shows how collaboration between craftsmen and scholars created a new social order in which the traditional hierarchy of head over hand no longer predominated Dorothy Ko also highlights the craftswoman Gu Erniang through whose work the artistry of inkstone making achieved unprecedented refinement between the 1680s and 1730s The Social Life of Inkstones explores the

hidden history and cultural significance of the inkstone and puts the stonecutters and artisans on center stage **The rise and fall of the picture market, 1760-1960** Gerald Reitlinger, 1964 Foreign Currency Volatility and the Market for French Modernist Art David Challis, 2021-08-04 Foreign Currency Volatility and the Market for French Modernist Art examines how the collapse of the French franc in the decades following the First World War activated powerful push and pull economic forces that compelled French art collectors to monetise their collections while simultaneously elevating the purchasing power of international art collectors These factors are shown to have played a significant and previously under recognised role in the large scale translocation of French modernist art that radically accelerated its commercial and critical reception across the globe and positioned it at the apex of the newly established hierarchy of modern art **Pleasure Wars** Peter Gay, 1998 Whereas Education of the Senses focused on the sexual attitudes and practices of the nineteenth century Bourgeoisie The Tender Passion concentrates on their notions of love No less revisionist than he was in his first volume Gay argues here that the Victorians were able not only to enjoy their sexuality but to know love in its most exalted sense The realities of love for the Victorians he shows came much closer to their ideals than many have thought Gay delves into a huge body of material from philosophical treatises to medical texts from letters and diaries to works of fiction The book is replete with fascinating insights into the lives and works of individual Victorians Dickens Stendhal Wagner Oscar Wilde Beatrice Potter and Sydney Webb among them and his discussions range from the discovery of homosexuality to the ways love was diverted or disguised in music and religion *Memory and Desire* Kenneth McConkey, 2017-07-12 This title was first published in 2002 Memory and Desire is a lavishly illustrated account of the art world in Britain at the turn of the twentieth century It calls upon rich resources of contemporary diaries letters and art criticism as well as the analysis of works of art to answer questions about how and why new artistic tendencies emerged and tastes changed Eschewing the familiar narrative of an inevitable progress towards modernism Kenneth McConkey considers a broad range of art and critical thinking in the period Discussing the market for old master paintings which rivalled those for modern art and the question of how and why certain genres of art were particularly successful at the time McConkey explores the detail and significance of contemporary taste He draws upon the work of commercially successful painters such as John Singer Sargent William Orpen George Clausen Alfred East John Lavery and Philip Wilson Steer and their critic supporters to throw light upon current arguments about training aesthetics visual memory and the creation of new art Memory and Desire is a major contribution to our knowledge of this important period in British art *Jordaens* Zita Ágota Pataki, Birgit Ulrike Münch, 2012-06-01 16 essays by a group of internationally acclaimed authors help contribute to a clearer perception of the complex facets of Jacob Jordaens oeuvre and moreover to distinguish it from the works of Rubens van Dyck and his contemporaries The title Genius of Grand Scale refers to the spectrum from history to genre as well as to Jordaens preference for large formats The greatness of the artist Jacob Jordaens needs to be emphasized since even though he outlived Rubens for four whole decades he was never

able to escape from under his shadow By reference to iconographic and iconological studies single works are identified and presented in a broad review and the long in many aspects fragmentary reception of his artistic work also forms a large part of the interpretations presented here Furthermore technical examinations of paintings assist in defining more precisely how they were generated This overdue volume presents essential reading for anyone interested in Jacob Jordaens
