God Is Undead Lorenzo Chiesa, Adrian Johnston, 2025-02-20 The undead are neither alive nor dead They are animate yet non living In *God Is Undead* Lorenzo Chiesa and Adrian Johnston contend that true unbelief today sees the divine precisely as exemplifying such undeath In *God Is Undead* Chiesa and Johnston delve into and deepen the insights of both Freudian and Lacanian psychoanalysis as regards unbelief This analytic perspective reveals that modern atheisms appealing to a scientific worldview as an antidote to orthodox religious faith end up as heterodox theisms of Nature Reason Knowledge or even the Market itself They ironically place new gods of their own atop the graves of the traditional gods of old They likewise forget the religious influences underlying modern science One of the most important and novel contributions of *God Is Undead* is its gesture of dignifying unbelief as something that is able to contain multitudes Far from a unified homogeneous and flatly bleak position irreligiosity can come in many forms whose convergences and divergences contain possibilities for creatively thinking and living differently This book shows such variegated non belief in action We have two unbelievers vigorously disagreeing with each other about fundamental ontological matters thereby bringing to light critical questions going to the very heart of any unbelief whatsoever Can an atheism as thoroughly atheistic ever believe in or be certain of itself What is the role of agnosticism and specifically of an agnosticism strengthening rather than contrasting with atheism in all this How might different unbelievers become what Freud calls comrades in unbelief without erecting new gods in the process

Jean-Jacques Rousseau: Political principles and institutions John T. Scott, 2006 Bringing together critical assessments of the broad range of Rousseau's thought with a particular emphasis on his political theory this systematic collection is an essential resource for both student and scholar

Pascal's Wager Paul Bartha, Lawrence Pasternack, 2018-10-18 Presents a comprehensive examination of Pascal's Wager its underlying theology philosophical influence and role in contemporary decision theory

Pascal's Wager Jeff Jordan, 2006-10-26 What if there is no strong evidence that God exists Is belief in God when faced with a lack of evidence illegitimate and improper Evidentialism answers yes According to Evidentialism it is impermissible to believe any proposition lacking adequate evidence And if any thesis enjoys the status of a dogma among philosophers it is Evidentialism Presenting a direct challenge to Evidentialism are pragmatic arguments for theism which are designed to support belief in the absence of adequate evidence Pascal's Wager is the most prominent theistic pragmatic argument and issues in epistemology the ethics of belief and decision theory as well as philosophical theology all intersect at the Wager Other prominent theistic pragmatic arguments include William James's celebrated essay *The Will to Believe* a posthumously published and largely ignored pragmatic argument authored by J S Mill supporting the propriety of hoping that quasi theism is true the eighteenth century Scottish essayist James Beattie's argument that the consoling benefit of theistic belief is so great that theistic belief is permissible even when one thinks that

the existence of God is less likely than not and an argument championed by the nineteenth century French philosopher Jules Lachelier which based its case for theistic belief on the empirical benefits of believing as a theist even if theism was very probably false In Pascal's Wager Pragmatic Arguments and Belief in God Jeff Jordan explores various theistic pragmatic arguments and the objections employed against them Jordan presents a new version of the Wager what he calls the Jamesian Wager and argues that the Jamesian Wager survives the objections hurled against theistic pragmatic arguments and provides strong support for theistic belief In addition to arguing for a sound version of the Wager Jordan also argues that there is a version of Evidentialism compatible with a principled use of pragmatic arguments and that the Argument from Divine Silence fails Objections found in Voltaire Hume and Nietzsche against the Wager are scrutinized as are objections issued by Richard Swinburne Richard Gale and other contemporary philosophers The ethics of belief the many gods objection the problem of infinite utilities and the propriety of a hope based acceptance are also examined

Literary Knowing in Neoclassical France Ann T. Delehanty, 2013 *Literary Knowing in Neoclassical France* analyzes the work of several literary critics in France and England at the end of the seventeenth and beginning of the eighteenth centuries who were inspired by the idea that literature especially the literary sublime might offer us the deepest kind of knowledge Dominique Bouhours Nicolas Boileau Ren Rapin John Dennis and the abbé Dubos believed that literature could deliver truths that transcend our world and were analogous or even equal to the truths of divine revelation Ann Delehanty argues that this shift towards the transcendental realm pushed the definition of the literary work away from describing its objective properties and towards its effects on the mind of the reader After placing these ideas about literature in the context of the religious and philosophical thinking of Blaise Pascal Delehanty traces the evolution of a debate about literature in the writings of the critics in question They embraced theories of sentiment and the passions as the epistemological means of identifying and knowing the transcendental aspects of a literary work that eventually came to be known as aesthetics By tracing the historical evolution of the relationship between transcendentalism and aesthetics in French and English neoclassical thought *Literary Knowing in Neoclassical France* provides new and engaging insights into an important moment in our literary history

Challenging Modern Atheism and Indifference Pierre Manent, 2025-05-01 *Challenging Modern Atheism and Indifference* is the first English translation of Pierre Manent's penetrating engagement with the seventeenth century polymath and apologist for the Christian faith Blaise Pascal Blaise Pascal 1623-1662 was the first Christian apologist to address modern human beings on their own terms and present a defense of the Christian religion that still resonates today A major publishing and intellectual event in France when it first appeared in 2022 *Challenging Modern Atheism and Indifference* is Pierre Manent's investigation of Pascal's exploration of

Christianity in the wake of a sharp atheistic turn at the dawn of the modern state and modern science Comprehensive in scope and profound in treatment this engagement with all of Pascal's writings including his famous Pensées appeals to the reader's head and heart Manent emphasizes the joy that comes from engaging the truth of faith and he argues that we are diminished by forgetting the unique and distinctive contributions of Christianity More than brilliant exegesis Manent enlists Pascal in a much greater endeavor to make what he calls the Christian proposition concerning God and man intelligible to Europeans who have made it their business to ignore the religion that founded Europe and the larger Western world

Saving Fear in Christian Spirituality Ann W. Astell, 2019-11-30 Hailed in Sacred Scripture as the beginning of wisdom Ps 111:10 the fear of the Lord is seldom mentioned and little understood today A gift of the Spirit and a moral virtue or disposition the fear of the Lord also frequently entails emotional experiences of differing kinds compunction dread reverence wonderment and awe Starting with the Bible itself this collection of seventeen essays explores the place of holy fear in Christian spirituality from the early church to the present and argues that this fear is paradoxically linked in various ways to fear's seeming opposite love Indeed the charged dynamic of love and fear accounts for different experiences and expressions of Christian life in response to changing historical circumstances and events The writings of the theologians mystics philosophers saints and artists studied here reveal the relationship between the fear and the love of God to be profoundly challenging and mysterious its elements paradoxically conjoined in a creative tension with each other but also tending to oscillate back and forth in the history of Christian spirituality as first one then the other comes to the fore sometimes to correct a perceived imbalance sometimes at the risk of losing its companion altogether Given this historical pattern clearly evident in these chronologically arranged essays the palpable absence of a discourse of holy fear from the mainstream theological landscape should give us pause and invite us to consider if and how under what aspect in which contexts a holy fear inseparable from love might be regained or discovered anew within Christian spirituality as a remedy both for a crippling anxiety and for a presumptive recklessness This book will be of interest to students and scholars of Christian spirituality theology biblical studies religious studies and religion and literature Contributors Ann W Astell Pieter G R de Villiers Donna R Hawk Reinhard John Sehorn Catherine Rose Cavadini Joseph Wawrykow Robert Boenig Ralph Keen Wendy M Wright Ephraim Radner Julia A Lamm Cyril O Regan Brenna Moore Maj Britt Frenze and Todd Walatka **A Historical Approach to Casuistry** Carlo Ginzburg, Lucio Biasiori, 2018-12-27 Casuistry the practice of resolving moral problems by applying a logical framework has had a much larger historical presence before and since it was given a name in the Renaissance The contributors to this volume examine a series of case studies to explain how different cultures and religions past and present have wrestled with morality's exceptions and margins and the norms with which they break For example to what extent have the Islamic and Judaic traditions allowed smoking tobacco or gambling How did the Spanish colonization of America generate formal justifications for what it claimed Where were the lines of transgression around food money lending

and sex in Ancient Greece and Rome How have different systems dealt with suicide Casuistry lives at the heart of such questions in the tension between norms and exceptions between what seems forbidden but is not A Historical Approach to Casuistry does not only examine this tension but re frames casuistry as a global phenomenon that has informed ethical and religious traditions for millennia and that continues to influence our lives today **The General Will** James Farr, David Lay Williams, 2015-02-16 Includes essays by prominent political theorists and philosophers that trace the evolution of the general will from the seventeenth to the twentieth century *Reading Proclus and the Book of Causes, Volume 3* Dragos Calma, 2022-01-17 Reading Proclus and the Book of Causes published in three volumes is a fresh comprehensive understanding of the history of Neoplatonism from the 9th to the 16th century This third volume gathers contributions on key concepts of the Platonic tradition Proclus Plotinus Porphyry or Sallustius inherited and reinterpreted by Arabic e g Avicenna the Book of Causes Byzantine e g Maximus the Confessor Ioane Petritsi and Latin authors e g Albert the Great Thomas Aquinas Berthold of Moosburg Marsilio Ficino etc Two major themes are presently studied causality in respect to the One the henads the self constituted substances and the first being and the noetic triad being life intellect God Owes Us Nothing Leszek Kolakowski, 2012-11-09 God Owes Us Nothing reflects on the centuries long debate in Christianity how do we reconcile the existence of evil in the world with the goodness of an omnipotent God and how does God s omnipotence relate to people s responsibility for their own salvation or damnation Leszek Kolakowski approaches this paradox as both an exercise in theology and in revisionist Christian history based on philosophical analysis Kolakowski s unorthodox interpretation of the history of modern Christianity provokes renewed discussion about the historical intellectual and cultural omnipotence of neo Augustinianism Several books a year wrestle with that hoary conundrum but few so dazzlingly as the Polish philosopher s latest Carlin Romano Washington Post Book World Kolakowski s fascinating book and its debatable thesis raise intriguing historical and theological questions well worth pursuing Stephen J Duffy Theological Studies Kolakowski s elegant meditation is a masterpiece of cultural and religious criticism Henry Carrigan Cleveland Plain Dealer

The Feminist Encyclopedia of French Literature Eva M. Sartori, 1999-07-30 The earliest known literary productions by women living in Europe were probably written by French writers As early as the 12th century women troubadours in the south of France were writing poems French women continued writing through the ages their number increasing as education became more available to women of all classes And yet of the great number of works by women writers who preceded the current feminist movement very few have survived A few writers such as Marie de France George Sand and Simone de Beauvoir became part of the canon But critics mostly male had judged the works of only a few women writers worthy of recognition As part of the feminist move to reclaim women writers and to rethink literary history scholars in French literature began to take a new look at women writers who had been popular during their lifetimes but who had not been admitted into the canon This reference book provides extensive information about French women writers and the world in

which they lived Included are several hundred alphabetically arranged entries for authors literary genres such as the novel poetry and the short story literary movements such as classicism realism and surrealism life cycle events particular to women such as menstruation and menopause events and institutions which affected women differently than men such as revolutions wars and laws on marriage divorce and education The volume spans French literature from the Middle Ages to the present and covers those writers who lived and worked mainly in France The entries are written by expert contributors and each includes bibliographical information The entries focus on each writer s awareness of how her gender shaped her outlook and opportunities on how categorizations structures and terms used to describe literary works have been defined for women and the ways in which women writers have responded to these definitions The volume begins with a feminist history of French literature and concludes with a selected general bibliography and a chronology of women writers

Catalogue of the Library of the Boston Athenaeum ,1874 **Pascal's God and the Fragments of the World** Martin

Nemoianu,2024-04-30 In Pascal s God and the Fragments of the World Martin Nemoianu offers a new interpretation of the thought of Blaise Pascal drawn from the Pens es and beyond The book takes Pascal s central theme to be the distinction Infini rien between the transcendent God and the created world which without God would be nothing Nemoianu identifies the distinction in Pascal articulates it and works through the difficulties attending the distinction s disclosure He then considers the implications of the distinction for the nature of nature and the nature of the human being culminating in the ideal of martyrdom The book closes with treatment of a closely related theme the relation between human freedom and divine grace in the context of the vexed question of Pascal s Jansenism

Hypotheses and Perspectives in the History and Philosophy of Science Raffaele Pisano,Joseph Agassi,Daria Drozdova,2017-11-23 To commemorate the 50th anniversary of his passing in 2014 this special book features studies on Alexandre Koyr 1892 1964 one of the most influential historians of science of the 20th century who re evaluated prevalent thinking on the history and philosophy of science In particular it explores Koyr s intellectual matrix and heritage within interdisciplinary fields of historical epistemological and philosophical scientific thought Koyr is rightly noted as both a versatile historian on the birth and development of modern science and for his interest in philosophical questions on the nature of scientific knowledge In the 1940s and 1950s his activities in the United States established a crucial bridge between the European historical tradition of science studies and the American academic environments and an entire generation of historians of science grew up under his direct influence The book brings together contributions from leading experts in the field and offers much needed insights into the subject from historical nature of science and philosophical perspectives It provides an absorbing and revealing read for historians philosophers and scientists alike

The Year's Work in Modern Language Studies by a Number of Scholars , **Female Piety and the Catholic Reformation in France** Jennifer Hillman,2015-10-06 Hillman presents a fascinating account of the role that women played during the Catholic Reformation in France She reconstructs the devotional practices of a network of powerful

women showing how they reconciled Catholic piety with their roles as part of an aristocratic elite challenging the view that the Catholic Reformation was a male concern
