General Synod, 1989 **With Courage and Compassion** Aruna Gnanadason, 2020-03-03 With Courage and Compassion celebrates the contributions of women to nations societies churches and the ecumenical movement Through creative forms of resistance and daring theological exploration women have enriched and advanced theological discourse and called for transformations in within human relationships with one another and with the earth The World Council of Churches WCC has since its inception in 1948 responded to the call of women for recognition of their leadership and theological gifts with efforts at affirmation and inclusion However all is not well Structures and processes that permit many forms of exclusion and even violence against women in societies in the church and the ecumenical movement persist This book analyses what lies at the heart of the struggle women go through and why the vulnerability of women continues to be exploited It calls for a new theological vision and political imagination to transform unjust attitudes and systems that still exist particularly in the ecumenical movement **Ecumenical Decade**
