El Sueño Erótico En La Poesía Española De Los Siglos De Oro:

El sueño erótico en la poesía española de los siglos de oro Antonio Alatorre, 2014-07-31 Antología del filólogo Antonio Alatorre que posee las condiciones de un trabajo escrupuloso y de perfiles reveladores. Se trata de un recuento de lecturas apasionadas y análisis fervientes provenientes del crítico riguroso que escribe con amenidad y sencillez. [An Erotic Philology of Golden Age Spain](#) Adrienne Laskier Martín, 2008 Early modern Spanish literature is remarkably rich in erotic texts that conventionally chaste critical traditions have willfully disregarded or repudiated as inferior or unworthy of study. Nonetheless, eroticism is a lightning rod for defining mentalities and social intellectual and literary history within the nascent field that the author calls erotic philology. *An Erotic Philology of Golden Age Spain* takes sexuality and eroticism out of the historical closet, placing them at the forefront of early modern humanistic studies. By utilizing theories of deviance, sexuality, and gender, the rhetoric of eroticism, and textual criticism, *An Erotic Philology of Golden Age Spain* historicizes and analyzes the particular ways in which classical Spanish writers assign symbolic meaning to non-normative sexual practices and their practitioners. It shows how prostitutes, homosexuals, transvestites, women warriors, and female tricksters were stigmatized and marginalized as part of an ordering principle in the law, society, and in literature. It is against these sexual outlaws that early modern orthodoxy establishes and identifies itself during the Golden Age of Spanish letters. These eroticized figures are recurring objects of contemplation and fascination for Spain's most canonical as well as lesser-known writers of the period in a variety of poetic prose and dramatic genres. They ultimately reveal attitudes towards sexual behavior that are far more complex than was previously thought. *An Erotic Philology of Golden Age Spain* thoughtfully anatomizes the interdisciplinary systems at the heart of the varied sexual behaviors depicted in early modern Spanish literature. **Pornographic Sensibilities** Nicholas R. Jones, Chad Leahy, 2020-11-29 *Pornographic Sensibilities* stages a conversation between two fields: Medieval Early Modern Hispanic Studies and Porn Studies that traditionally have had little to say to each other. The collection offers innovative new approaches to the study of gendered and sexualized bodies in medieval and early modern textual production, including literary and historical documents. The volume's embrace of the interpretative tools of Porn Studies also inscribes a critical provocation: in what ways can contemporary modes of reading the past serve to freshly illuminate not only the contours of that same past but also the very critical assumptions of the present upon which fields like medieval and early modern Hispanic Studies are built. In this way, *Pornographic Sensibilities* encourages at once both rigorous historicizations of pre- and early modern culture and playful engagement with presentism, considered here as a critical tool to undress the hidden assumptions of both past and present. This move substantively challenges long-held critical orthodoxies among scholars of pre-Enlightenment periods for whom the very category of pornography itself has often problematically been framed as an anachronism when applied to their work. [Con Antonio Alatorre](#) Luzelena Gutiérrez De Velasco, 2012-08-30 Este volumen reúne diversas voces que ofrecen testimonios y rinden un homenaje al maestro autor de

libros capitales como los 1001 años de la lengua española y de importantes ediciones anteceditas por las profundas y eruditas reflexiones de Alatorre sobre sus autores favoritos y sus géneros predilectos como las Fiori di sonetti Flores de sonetos El brujo de Autlán y numerosos artículos Rimas, **Re/Presenting Gender and Love** Dikmen Yakalı Çamoğlu, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2015 This volume presents interdisciplinary explorations aiming to understand the interaction and interconnection between the concepts of love and gender Throughout the chapters the reader can pursue various representations of gender and love and explore how their meanings are produced in different periods and geographies These representations produce embodied individuals and shared meanings in which gender and love mutually construct each other As you will see in the following chapters what we set out to understand most of the time was not individual relationships but the relations of power Thus these essays show how gender and love are represented in various discourses produced in knowledge in philosophy psychology literature and popular culture and regulated by the discursive practices and disciplinary techniques of different societies **Visitors from beyond the Grave** Dámaris Romero-González, Israel Muñoz-Gallarte, Gabriel Laguna-Mariscal, 2019 The monograph deals with the topic of ghosts in universal literature from a polyhedral perspective making use of different perspectives all of which highlight the resilience of these figures from the very beginning of literature up to the present day Therefore the aim of this volume is to focus on how ghosts have been translated and transformed over the years within literature written in the following languages Classical Greek and Latin Spanish Italian and English Jardines secretos. Estudios en torno al sueño erótico Julián Acebrón, 2009 Con el estudio del ensueño erótico se despliega ante nosotros un abanico tipológico que va del pudor al descaro de lo alegre y simbólico a lo explícito de lo trascendente a lo vano de la culpa a la liberación del duelo al gozo de la satisfacción a la frustración Categorías que en suma esbozan el mapa de un universo generoso con quienes se aventuran a explorarlo como confirman los trabajos reunidos en el presente volumen *Pragmática y metodologías para el estudio de la poesía medieval* Josep Lluís Martos, Natalia A. Mangas, 2019-11-24 Este monográfico reúne un amplio paradigma de metodologías aplicadas a la poesía medieval punteras en el ámbito internacional y las más actuales en el espectro científico sobre cancionero y romancero Muchas de ellas se fundan en un enfoque pragmático desde el estudio de sus fuentes como parte fundamental de la recensión y base de la filología material hasta la investigación histórica sobre contextos y poetas pasando por instrumentos que facilitan y sistematizan los procesos de fijación de los textos como vía de difusión de la poesía medieval Esta treintena de trabajos sobre poesía medieval son en definitiva ejemplos y recomendaciones metodológicas explícitas o implícitas modelos de trabajo y referentes científicos todo ello para continuar construyendo ese convivio al que todos estamos invitados y del que todas formamos parte **Poesía de los siglos XVI y XVII** Varios Autores, 2023-11-09 Esta antología da cuenta del canon en la tradición hispánica de la literatura desde una perspectiva renovada que permite el diálogo entre la tradición crítica y las líneas de estudio recientes Presenta un panorama representativo y útil para la contextualización

de los grandes hitos y ofrece una selección de poemas que ofrecen a la vez una lectura moderna y los elementos para una apreciación filológica de su historia y su significación literaria
