nearby farm owned by Sarah and her husband Sarah enjoyed seeing the kids and soon became a mother figure to them. Toward the end of their senior year of high school Luke and Rachel went to a nearby city where Rachel underwent a botched abortion. Driving back Rachel nearly died from bleeding but that was not the worst part. They knew that their church would stone them to death. Tommy and Sarah persuaded Rachel and Luke to run away. They helped Rachel and Luke establish new identities, severed all ties with family and friends, and drove away to some unknown place. Sarah and Tommy grieved their departure but knew that it would save their lives. Sarah and Tommy maintained contact, and when Tommy became a single father of two in St. Louis, Sarah moved to St. Louis to help Tommy with his kids. Tommy was a successful professor, and Sarah managed their finances. Rachel, now Abby, and Luke, now Carl, escaped to Iowa where Abby worked in a small medical clinic with one doctor. She and Carl lived on a farm which Carl managed. Carl died in an accident, leaving Abby with their two children. After fourteen years of separation and a bit of serendipity, Abby, a doctor, and Tommy met at Stanford University. It was an unexpected and joyous reunion. Tommy and Abby quickly merged their families, and along with Sarah, settled in a house adjacent to the Stanford campus. They both enjoyed successful careers at Stanford and increased the size of their family to eight kids. Although far from rural Kentucky where their journeys began, they still enjoyed sharing milkshakes.

Y sabemos cuáles son los sueños. En ello yace la esperanza». **Dwelling in Fiction**

Ashley R. Brock, 2023-12-15. Explores the affective, ethical, and political demands that difficult reading places on readers of midcentury Latin American literature. The radical formal experiments undertaken by writers across Latin America in the mid-twentieth century introduced friction, opacity, and self-reflexivity to the very act of reading. *Dwelling in Fiction: Poetics of Place and the Experimental Novel in Latin America* explores the limitations and the possibilities of literature for conveying place-specific forms of life. Focusing on authors such as José María Arguedas, João Guimarães Rosa, and Juan José Saer, who are often celebrated for universalizing regional themes, Ashley R. Brock brings a new critical lens to Latin American writers who were ambivalent toward their era's boom. Beyond mere resistance to or critique of the commodification and political instrumentalization of rural topics and types, this countertrend of critical regionalism positions readers themselves as outsiders pushing them to engage their senses, to train their attention, and to learn to dwell in unknown textual landscapes. *Dwelling in Fiction* draws on a transnational community of thinkers and writers to show how their midcentury aesthetic practices of sensorial pedagogy anticipate contemporary turns toward affect, embodiment, decoloniality, and ecological

thought **Rethinking Community from Peru** Irina Alexandra Feldman, 2014-09-20 Peruvian novelist poet and anthropologist Jose Maria Arguedas 1911 1969 was a highly conflicted figure As a mestizo both European and Quechua blood ran through his veins and into his cosmology and writing Arguedas s Marxist influences and ethnographic work placed him in direct contact with the subalterns he would champion in his stories His exposes of the conflicts between Indians and creoles and workers and elites were severely criticized by his contemporaries who sought homogeneity in the nation building project of Peru In *Rethinking Community from Peru* Irina Alexandra Feldman examines the deep political connotations and current relevance of Arguedas s fiction to the Andean region Looking principally to his most ambitious and controversial work *All the Bloods* Feldman analyzes Arguedas s conceptions of community political subjectivity sovereignty juridical norm popular actions and revolutionary change She deconstructs his particular use of language a mix of Quechua and Spanish as a vehicle to express the political dualities in the Andes As Feldman shows Arguedas s characters become ideological speakers and the narrator s voice is often absent allowing for multiple viewpoints and a powerful realism Feldman examines Arguedas s other novels to augment her theorizations and grounds her analysis in a dialogue with political philosophers Walter Benjamin Jean Luc Nancy Carl Schmitt Jacques Derrida Ernesto Laclau and Ivar Garcia Linera among others In the current political climate Feldman views the promise of Arguedas s vision in light of Evo Morales s election and the Bolivian plurality project recognizing indigenous autonomy She juxtaposes the Bolivian situation with that of Peru where comparatively limited progress has been made towards constitutional recognition of the indigenous groups As Feldman demonstrates the prophetic relevance of Arguedas s constructs lie in their recognition of the sovereignty of all ethnic groups and their coexistence in the modern democratic nation state in a system of heterogeneity through autonomy not homogeneity through suppression Tragically for Arguedas it was a philosophy he could not reconcile with the politics of his day or from his position within Peruvian society
