El Pensamiento De Unamuno:

El pensamiento de Unamuno Segundo Serrano Poncela, 1953 Ensayo biográfico alrededor de la figura del célebre escritor de la generación del 98 que rescata para los jóvenes de hoy todo el valor de la vida y la obra del español. Revisa con acuciosidad y cariño la literatura, la filosofía y el sentir de un hombre comprometido con su tiempo.

El pensamiento de Unamuno S. Serrano Poncela, 1993 Pensamiento De Unamuno Segundo Serrano Poncela, 1978 **Vida y muerte en el pensamiento de unamuno** Martín Gelabert Ballester, 1974 *Niebla y Del Sentimiento Trágico de la Vida* Miguel de Unamuno, 2024-12-05

Niebla y Del sentimiento trágico de la vida son dos de las obras más emblemáticas de Miguel de Unamuno que abordan temas fundamentales de la existencia humana: la identidad y la lucha constante entre la razón y la fe. En *Niebla*, Unamuno introduce el concepto de *novela*, un género literario que desafía las convenciones narrativas tradicionales. A través de la historia de Augusto Pérez, el autor reflexiona sobre el libre albedrío, la conciencia y la naturaleza de la realidad difuminando las fronteras entre la ficción y la vida. La obra plantea preguntas esenciales sobre el papel del creador y su relación con los personajes ofreciendo una exploración profundamente filosófica y existencial. Por otro lado, *Del sentimiento trágico de la vida* es un ensayo que examina la tensión entre la necesidad humana de inmortalidad y la conciencia de la mortalidad. Unamuno analiza cómo esta lucha define la experiencia humana destacando la importancia de la fe como una respuesta emocional y existencial al vacío de la muerte. El autor propone que el conflicto entre la razón y la fe es inevitable y esencial para la vida auténtica invitando al lector a abrazar la incertidumbre como parte inherente de la condición humana. Desde su publicación, ambas obras han sido ampliamente reconocidas por su profundidad filosófica y su capacidad para desafiar las ideas preconcebidas. Su relevancia perdura en la actualidad ya que ofrecen una visión compleja y matizada de los dilemas existenciales que siguen siendo fundamentales en la sociedad moderna.

El tema de Dios en el pensamiento de Don Miguel de Unamuno, 1972 *Fe en el hombre en el pensamiento de Miguel de Unamuno*, 1971 **El Ser y la muerte en el pensamiento de M. de Unamuno** Alvaro Lorente Periñan, 1978 **Unamuno's Theory of the Novel** C. A. Longhurst, 2017-07-05

Miguel de Unamuno (1864-1936) is widely regarded as Spain's greatest and most controversial writer of the first half of the twentieth century. Professor of Greek and later Rector at the University of Salamanca and a figure with a noted public profile in his day, he wrote a large number of philosophical, political and philological essays as well as poems, plays and short stories, but it is his highly idiosyncratic novels for which he coined the word *novela* that have attracted the greatest critical attention. *Niebla* (Mist), 1914, has become one of the most studied works of Spanish literature such is the enduring fascination which it has provoked. In this study, C. A. Longhurst, a distinguished Unamuno scholar, sets out to show that behind Unamuno's fictional experiments there lies a coherent and quasi-philosophical concept of the novelistic genre and indeed of writing itself. Ideas about freedom, identity, finality, mutuality and community are closely intertwined with ideas on writing and reading and give rise to a new and highly personal way of conceiving fiction.

Volume 9: Kierkegaard and

Existentialism Jon Stewart, 2016-12-05 There can be no doubt that most of the thinkers who are usually associated with the existentialist tradition whatever their actual doctrines were in one way or another influenced by the writings of Kierkegaard This influence is so great that it can be fairly stated that the existentialist movement was largely responsible for the major advance in Kierkegaard's international reception that took place in the twentieth century In Kierkegaard's writings one can find a rich array of concepts such as anxiety despair freedom sin the crowd and sickness that all came to be standard motifs in existentialist literature Sartre played an important role in canonizing Kierkegaard as one of the forerunners of existentialism However recent scholarship has been attentive to his ideological use of Kierkegaard Indeed Sartre seemed to be exploiting Kierkegaard for his own purposes and suspicions of misrepresentation and distortions have led recent commentators to go back and reexamine the complex relation between Kierkegaard and the existentialist thinkers The articles in the present volume feature figures from the French German Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and most importantly they critically analyze his purported role in this famous intellectual movement *Volume 8, Tome II: Kierkegaard's International Reception - Southern, Central and Eastern Europe* Jon Stewart, 2016-12-14 Although Kierkegaard's reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome II covers the reception of Kierkegaard in Southern Central and Eastern Europe The first set of articles under the rubric Southern Europe covers Portugal Spain and Italy A number of common features were shared in these countries reception of Kierkegaard including a Catholic cultural context and a debt to the French reception The next rubric covers the rather heterogeneous group of countries designated here as Central Europe Hungary the Czech Republic Slovakia and Poland These countries are loosely bound in a cultural sense by their former affiliation with the Habsburg Empire and in a religious sense by their shared Catholicism Finally the Orthodox countries of Eastern Europe are represented with articles on Russia Bulgaria Serbia and Montenegro Macedonia and Romania *Ensueño* Rainer Maria Klaus van der Grijp, 1963 **Nuestro imaginario cultural** Waldo Ross, Andrés Ortiz-Osés, 1992 [The Spanish Historical Novel, 1870-1970](#) Madeleine de Gogorza Fletcher, 1974 **The Poetics of Otherness in Antonio Machado's 'proverbios Y Cantares'** Nicolás Fernández-Medina, 2011-01-15 Antonio Machado 1875-1939 is one of Spain's most original and renowned twentieth century poets and thinkers From his early poems in *Soledades* *Galerías* *Otros poemas* of 1907 to the

writings of his alter ego Juan de Mairena of the 1930s Machado endeavoured to explain how the Other became a concern for the self In *The Poetics of Otherness* in Antonio Machado's *Proverbios y cantares* Nicol's Fernández Medina examines how Machado's *Proverbios y cantares* a collection of short proverbial poems spanning from 1909 to 1937 reveal some of the poet's deepest concerns regarding the self-Other relationship To appreciate Machado's organizing concept of otherness in the *Proverbios y cantares* Fernández Medina argues how it must be contextualized in relation to the underlying Romantic concerns that Machado struggled with throughout most of his oeuvre such as autonomy solipsism and skepticism of absolutes In *The Poetics of Otherness* in Antonio Machado's *Proverbios y cantares* Fernández Medina demonstrates how Machado continues a practice of fragment thinking to meld the poetic and the philosophical the part and whole and the finite and infinite to bring light to the complexities of the self-Other relationship and its relevance in discussions of social and ethical improvement in early twentieth century Spain

Miguel de Unamuno's Quest for Faith Jan E Evans, 2014-06-26 Miguel de Unamuno 1864-1936 was an extraordinary Spanish thinker a philosopher linguist poet novelist short story writer essayist playwright professor university administrator and Spanish public intellectual He had great intellectual integrity and moral courage Unamuno is not an easy philosopher to read He loved paradoxes and even at times contradictions Various interpreters have called him an atheist a sceptic a Protestant a pantheist a Catholic modernist and a good Catholic Passages can be found in his writings that can be taken to support all of these interpretations In the present book Jan E Evans does an incisive and thorough job of sorting through the Unamuno corpus and arriving at a definitive interpretation of his views One great asset of Evans' work is the insight she gains by comparing Unamuno's works with the philosophers whom he admired most and considered his fellow travellers in the tragic sense of life These include Blaise Pascal 1623-1662 William James 1842-1910 and especially Søren Kierkegaard 1813-1855 This book examines the life and work of Unamuno through the lens of his faith Those who are not familiar with Unamuno will find here a clear exposition of the most important themes in the thinker's work along with a framework through which one can profitably begin to read his primary texts

The Top Books of the Year El Pensamiento De Unamuno The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Let's delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year.

The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail.

Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

El Pensamiento De Unamuno : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting.

These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
