Meyer, 2023-10 Have you ever wondered what happened to Lazarus after Jesus resurrected him from death Lazarus was given an extension of life and time spent on earth Do you think Lazarus lived a drastically different life after his resurrection Would you think and live differently if you were given such an opportunity Dr Asher Chanan Khan a world renowned cancer researcher and clinical oncologist experienced such a Lazarus moment in his

very own life when his terminal cancer was miraculously paused rendering him an extension of life Now 15 years later Dr Asher ponders upon his living in these Lazarus moments Discover how you too can learn about God s grace in the face of imminent mortality and how the author s journey in these extended moments of life are purposefully designed to bring glory to his Creator

The Brilliant Church Dr. Martin Williams, Church is a religious word It is inherently religious in meaning We speak of going to church of building a church of going into the church of running the church of starting a church of the authority of the church of the organization of the church and the list could go on The point is that we really use the word as it is defined in our Western dictionary but not in context with God s ideal of Church The Church It stretches far beyond what you see It accomplishes more than we dreamed was possible The Church is life and death The Church is God s strategy for reaching our world What we do inside the Church matters God cares about the way we love each other and the way we pursue His mission The Church is a group of redeemed people that live and serve together in such a way that their lives and communities are transformed
