EL PREMIO Gini, 2018-04-25 El Premio es la sexta novela de este autor Podríamos decir que es un libro con una gran dosis de nostalgia cierta fantasía y una gran realidad que puede suceder en algún momento de la vida Trata de un profesor de dibujo y pintura italiano que acaba de jubilarse Aprovechando que en esos momentos tiene libertad de acción y todo el tiempo del mundo para ser lo que siempre ha querido ser artista pintor le permite presentarse a un certamen de pintura en Florencia su ciudad natal Toda su vida y en paralelo con su profesión ha pintado vocacionalmente pero sin éxito ni reconocimiento alguno Ganar ese certamen le llevaría a conseguir cierto prestigio y ser un artista que sobrepasara a esa línea imaginaria y que solo muy pocos lo logran consiguiendo con ello un gran reconocimiento como pintor incluso con gran eco internacional Todo ese nudo literario de sucesos y vivencias que van acaeciendo a lo largo de la lectura de la novela aderezado con una gran dosis de fantasía e imaginación llevan a un desenlace impensable y muy original diríamos que se trata de una gran aventura que presenta y contrapone la vocación e inquietud del artista con esa tercera edad en la que parece que ya todo está hecho

Otherness in Hispanic Culture Teresa Fernandez Ulloa,2014-06-26 This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th 20th and 21st centuries and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America The majority of the chapters are concerned with otherness in its various dimensions the alien Other foreign immigrant ethnically different

disempowered female or minor as well as the Other of different sexual orientation and or ideology Following Octavio Paz otherness is expressed as the attempt to find the lost object of desire the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus who in his wrath tore off from him Otherness compels human beings to search for the complement from which they were severed Thus a male joins a female his other half the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection formerly altered by divine will As a result of this transformation one can annul the distance that keeps us away from that which not being our own turns into a source of anguish The clashing diversity of all things requires the human predisposition to accept that which is different Such a predisposition is an expression of epistemological ethical and political aperture The disposition to co exist with the different is imagined in the de anthropocentricization of the bonds with all living realms And otherness is in some way the reflection of sameness mismidad The other is closely related to the self because the vision of the other implies a reflection about the self it implies consciously or not a relationship with the self These topics are addressed in this book from an interdisciplinary perspective encompassing arts humanities and social sciences Cómo hacer realidad la calidad George Labovitz, Yu Sang Chang, Victor I.
