Herbert H. Lehman Duane Tanenbaum, 2016-12-20

This new biography of Herbert Lehman the first in a half century fills the void left by historians and political scientists who have neglected one of the truly great liberal icons of the mid twentieth century Based on extensive research in archival sources Herbert H Lehman restores this four term Governor of New York US Senator national and international humanitarian and political reformer to his rightful place among the pantheon of liberal heroes of his era By focusing on Lehman s interactions with Al Smith Franklin Roosevelt Harry Truman Lyndon Johnson and John Kennedy Duane Tananbaum shows how Lehman succeeded politically despite his refusal to compromise with his conscience In his thirty five years of public service Herbert Lehman fought the Republicans in the State Legislature to provide economic security for New Yorkers during the Great Depression and he battled the bureaucrats in the Roosevelt and Truman administrations and the United Nations Relief and Rehabilitation Administration to feed the starving people in Europe and Asia during and after World War II His efforts on behalf of the welfare state civil rights legislation and immigration reform helped keep the liberal agenda alive until Congress and the nation were ready to enact it into law as part of Lyndon Johnson s Great Society in 1964 1965

Roosevelt Homes of the Hudson Valley Shannon Butler,2020-08-17 Franklin Delano Roosevelt and his family may be most remembered for their time at 1600 Pennsylvania Avenue but it was the Hudson Valley they called home In Manhattan the president s mother built a townhome on East Sixty Fifth Street and Eleanor was born on East Thirty Seventh On the banks of the Hudson River Hyde Park was Franklin s birthplace and where he entertained some of the most important leaders of the twentieth century Up the Albany Post Road several homes of family and friends played important moments in history Laura Delano s Tudor style house was where FDR met with Churchill and the beautiful Wilderstein was home to Daisy Suckley a devoted confidante In Albany as governor FDR installed a therapy pool in a converted outdoor greenhouse to assist his physical challenges in the Executive Mansion Historian Shannon Butler traces the historic homes that shaped the Roosevelt family in the Hudson Valley Franklin Delano Roosevelt Conrad Black,2012-03-13 Franklin Delano Roosevelt stands astride American history like a colossus having pulled the nation out of the Great Depression and led it to victory in the Second World War Elected to four terms as president he transformed an inward looking country into the greatest superpower the world had ever known Only Abraham Lincoln did more to save America from destruction But FDR is such a large figure that historians tend to take him as part of the landscape focusing on smaller aspects of his achievements or carping about where he ought to have done things differently Few have tried to assess the totality of FDR s life and career Conrad Black rises to the challenge In this magisterial biography Black makes the case that FDR was the most important person of the twentieth century transforming his nation and the world through his unparalleled skill as a domestic politician war leader strategist and global visionary all of which he accomplished despite a physical infirmity that could easily have ended his public life at age thirty nine Black also takes on the great critics of FDR especially those who accuse him of betraying the West at Yalta Black opens a new chapter in our understanding of this great man whose example is even more

inspiring as a new generation embarks on its own rendezvous with destiny

Private Lives/Public Consequences William Henry Chafe, 2009-06-30 A political leader's decisions can determine the fate of a nation but what determines how and why that leader makes certain choices William H Chafe a distinguished historian of twentieth century America examines eight of the most significant political leaders of the modern era in order to explore the relationship between their personal patterns of behavior and their political decision making process The result is a fascinating look at how personal lives and political fortunes have intersected to shape America over the past fifty years One might expect our leaders to be healthy wealthy genteel and happy In fact most of these individuals from Franklin Delano Roosevelt to Martin Luther King Jr from John F Kennedy to Bill Clinton came from dysfunctional families including three children of alcoholics half grew up in poor or only marginally secure homes most experienced discord in their marriages and at least two displayed signs of mental instability What links this extraordinarily diverse group is an intense ambition to succeed and the drive to overcome adversity Indeed adversity offered a vehicle to develop the personal attributes that would define their careers and shape the way they exercised power Chafe probes the influences that forged these men's lives and profiles the distinctive personalities that molded their exercise of power in times of danger and strife The history of the United States from the Depression into the new century cannot be understood without exploring the dynamic and critical relationship between personal history and political leadership that these eight life stories so poignantly reveal

A Most Uncertain Crusade Rowland

Bruckner, 2013-12-01 A Most Uncertain Crusade traces and analyzes the emergence of human rights as both an international concern and as a controversial domestic issue for US policy makers during and after World War II Rowland Bruckner focuses on officials in the State Department at the United Nations and within certain domestic non governmental organizations and explains why after issuing wartime declarations that called for the definition and enforcement of international human rights standards the US government refused to ratify the first UN treaties that fulfilled those twin purposes The Truman and Eisenhower administrations worked to weaken the scope and enforcement mechanisms of early human rights agreements and gradually withdrew support for Senate ratification A small but influential group of isolationist oriented senators led by John Bricker R OH warned that the treaties would bring about socialism destroy white supremacy and eviscerate the Bill of Rights At the UN a growing bloc of developing nations demanded the inclusion of economic guarantees support for decolonization and strong enforcement measures all of which Washington opposed Prior to World War II international law considered the protection of individual rights to fall largely under the jurisdiction of national governments Alarmed by fascist tyranny and guided by a Wilsonian vision of global cooperation in pursuit of human rights President Roosevelt issued the Four Freedoms and the Atlantic Charter Behind the scenes the State Department planners carefully considered how an international organization could best protect those guarantees Their work paid off at the 1945 San Francisco Conference which vested the UN with an unprecedented opportunity to define and protect the human rights of individuals After two

years of negotiations the UN General Assembly unanimously approved its first human rights treaty the Genocide Convention The UN Commission on Human Rights UNCHR led by Eleanor Roosevelt drafted the nonbinding Universal Declaration of Human Rights in 1948 Subsequent efforts to craft an enforceable covenant of individual rights though bogged down quickly A deadlock occurred as western nations communist states and developing countries disagreed on the inclusion of economic and social guarantees the right of self determination and plans for implementation Meanwhile a coalition of groups within the United States doubted the wisdom of American accession to any human rights treaties Led by the American Bar Association and Senator Bricker opponents proclaimed that ratification would lead to a U N led tyrannical world socialistic government The backlash caused President Eisenhower to withdraw from the covenant drafting process Brucken shows how the American human rights policy had come full circle Eisenhower like Roosevelt issued statements that merely celebrated western values of freedom and democracy criticized human rights records of other countries while at the same time postponed efforts to have the UN codify and enforce a list of binding rights due in part to America s own human rights violations
