Elections 76:

Saturday Night Live and the 1976 Presidential Election William T. Horner, M. Heather Carver, 2018-02-26 The debut of Saturday Night Live and the 1976 presidential election between Gerald Ford and Jimmy Carter had enduring effects on American culture With its mix of sketch comedy and music SNL grabbed huge ratings and several Emmys in its first season President Ford's press secretary Ron Nessen was the first politician to host SNL Ford also appeared on the show via video tape to offer a comic counterpunch to Chevy Chase's signature line I'm Chevy Chase and you're not Since then it has become a rite of passage for national politicians to appear on SNL and the show's treatment of them and their platforms has a continuing impact on political discourse

Why the Electoral College Is Bad for America George C. Edwards III, 2023-11-23 The electoral college is the extraordinarily complex mechanism by which Americans choose their president Is there any justification for such a system which may elect the candidate who does not receive the most votes Today with two of the last five presidential elections having gone to the popular vote loser and the debacle following the 2020 election the electoral college's flaws are more apparent than ever In this fourth edition of the definitive book on the electoral college George Edwards employs rigorous analysis and systemic data to show how the system violates core democratic principles and does not provide the benefits its advocates claim With a new chapter focusing on the 2020 election Edwards addresses justifications for the electoral college that were popular among Trump supporters following the 2016 and 2020 elections Edwards concludes by offering a straightforward approach to selecting the president that maximizes political equality
