Elections And Political Order In Rubia:

The Logic of Political Survival Bruce Bueno De Mesquita, Alastair Smith, Randolph M. Siverson, James D. Morrow, 2005-01-14 The authors of this ambitious book address a fundamental political question why are leaders who produce peace and prosperity turned out of office while those who preside over corruption war and misery endure Considering this political puzzle they also answer the related economic question of why some countries experience successful economic development and others do not The authors construct a provocative theory on the selection of leaders and present specific formal models from which their central claims can be deduced They show how political leaders allocate resources and how institutions for selecting leaders create incentives for leaders to pursue good and bad public policy They also extend the model to explain the consequences of war on political survival Throughout the book they provide illustrations from history ranging from ancient Sparta to Vichy France and test the model against statistics gathered from cross national data The authors explain the political intuition underlying their theory in nontechnical language reserving formal proofs for chapter appendixes They conclude by presenting policy prescriptions based on what has been demonstrated theoretically and empirically

Post-colonialism and the Politics of Kenya D. Pal S. Ahluwalia, 1996 The study of Africa arouses many passions and prejudices which are the subject of this book This book seeks to examine the hegemonic role that African studies has played in the invention of Africanism Politics within Kenya remains entrapped by Western constructions of institutions and the

practice of politics The post colonial period is linked inextricably to the colonial period Kenya's political economic social and cultural framework has been and continues to be dominated by the colonial legacy The discussion of Africanism earlier suggests that the decolonisation process did not achieve liberation fully except in the narrowest of political terms Rather the West continued its dominance by more subtle means which has permeated the very imagination of the colonised It is this continuing colonisation of the imagination which dominates the political scene The ever increasing hegemonic role of donor agencies and donor countries under the guise of structural adjustment programmes ensures that countries such as Kenya become hostage to the latest manifestation of Africanism

Historical Dictionary of Kenya Robert M. Maxon, Thomas P. Ofcansky, 2014-09-09 Kenya has a long and complex history that began thousands of years ago Indeed some archaeologists contend that the country was the cradle of mankind or at the very least one of the places that was home to the earliest hominids In later centuries Kenya's strategic location astride the Indian Ocean and the East African littoral attracted numerous foreign peoples some of the most significant of which have been the Americans Arabs British Chinese French Germans and Portuguese Additionally Africans from throughout the subcontinent have settled in Kenya to escape conflict or political persecution while others wanted an opportunity to begin a new life As a result of being a gateway to the world the country traditionally has been one of the most important business cultural diplomatic and political centers in Africa Although it has maintained this reputation during the post independence period Kenya like most African countries has been plagued by an increasing array of complex economic political and social problems This third edition of Historical Dictionary of Kenya provides a starting point for those interested in any of the phases of Kenya's historical evolution This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Kenya

The Weekly Review, 1991 **Foreign Political Engagement** D. Geldenhuys, 2016-07-27 The 1990s have witnessed several major external initiatives to reshape the domestic political arrangements of countries Because these have been collective foreign ventures usually with the active collaboration of the target countries the term intervention is ill suited Instead Deon Geldenhuys introduces the notion of foreign political engagement to describe international attempts at remaking countries in the image of the West South Africa Kenya Somalia Russia Cambodia El Salvador and Haiti serve as case studies to demonstrate this important theoretical rethinking of

Committee on Foreign Affairs,1991 Multiparty Elections in Authoritarian Regimes Susanne Michalik,2015-04-14 Susanne Michalik analyzes why authoritarian regimes allow for multiparty elections and how they affect political outcomes Even though their introduction rarely leads to a change in power such elections should not be regarded as mere window dressing She argues that competitive elections are installed to deal with a split among the incumbent elite and to facilitate the formation of a new ruling coalition In a cross national study the author finds that elections matter and the ruling party does more than just manipulate election results in order to be reelected Incumbents provide a mix of public goods and targeted public goods depending on the level of electoral competition they are experiencing The outcome of authoritarian multiparty elections in the form of the legislature s party composition also has an effect on the regime s international relations in the form of foreign aid allocation *Public Opinion and Turmoil In Latin American Democracies* Helcimara Telles,Joscimar Silva,2025-05-27 This book analyzes the impacts of growing political turmoil and distrust in democracy on public opinion political communication and electoral behavior of Latin American citizens over the first two decades of the 21st century During this period Latin American s young democracies which were in the process of consolidation have faced a number of unresolved challenges such as growing distrust in representative institutions and the judiciary anti system protests the emergence of radical right groups and the election of outsiders and populist leaders At the same time Latin American citizens became more suspicious of corporate communication channels and started to trust more in information from social media while scientific denialism and support to the Armed Forces and to religious groups have also grown The rise of new right wing and left wing forces in Latin America along with the proliferation of populist leaders from various ideological camps have produced informational reconfigurations with the strengthening of digital social media as an important source of political information and disinformation All these processes have deeply affected public opinion and political behavior in the region making election campaigns more polarized radicalized and based on false messages while the electorate also has gone through major changes becoming more independent of parties less young more religious and with a greater presence of women Public Opinion and Turmoil in Latin American Democracies analyzes how political turbulence sociodemographic changes and frustration with the unfulfilled promises of the democratic regimes inaugurated in the last decades of the 20th century have produced important transformations on public opinion that deeply reshaped political behavior leading to an unprecedented crisis of democracy across the region The Socio-Cultural, Ethnic and Historic Foundations of Kenya's Electoral Violence Stephen Magu,2018-02-02 Kenya s 2007 General Election results announcement precipitated the worst ethnic conflict in the country s history 1 133 people were killed while 600 000 were internally displaced Within 2 months the incumbent and the challenger had agreed to a power sharing agreement and a Government of National Unity This book

investigates the role of socio cultural origins of ethnic conflict during electoral periods in Kenya beginning with the multi party era of democratization and the first multi party elections of 1992 illustrating how ethnic groups construct their interests and cooperate or fail to based on shared traits The author demonstrates that socio cultural traditions have led to the collaboration and frequent conflict between the Kikuyu and Kalenjin that has dominated power and politics in independent Kenya The author goes onto evaluate the possibility of peace for future elections This book will be of interest to scholars of African democracy Kenyan history and politics and ethnic conflict Journal of Defense & Diplomacy ,1988

Governance Reform in Africa Jerome Bachelard,2013-07-24 Poor governance is increasingly recognized as the greatest impediment to economic development in Sub Saharan Africa Currently some impressive governance reforms are underway in many countries This includes cases such as Nigeria formerly the most corrupt country in the world according to Transparency International Yet other countries such as Chad are still in reform deadlock To account for these differences this book examines governance reform in Sub Saharan Africa based on an analysis of international and domestic pressures and counter pressures It develops a four phase model explaining why governance reforms advance in some instances whilst in others governance reforms stagnate or even relapse No study has sought to systematically examine the political forces both international and domestic behind the successful conduct of governance reform in Sub Saharan Africa Yet coordination collaboration and mutual support between international and domestic actors is critical to push individual governments onto the path of reform This book shows that while international and domestic pro reform pressures are important an analysis of anti reform pressures is also necessary to explain incomplete or failed reform The main theoretical arguments are structured around four hypotheses The hypotheses are theoretically generated and tested over four case studies Madagascar Kenya Nigeria and Chad On this basis the good governance socialization process is inductively developed in the concluding chapter This model illustrates how governance practices can evolve positively and negatively in all countries of Sub Saharan Africa based on the nature and relative strength of international and domestic pressures and counter pressures *Congressional Record* United States. Congress,1991 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 The Rise of a Party-State in Kenya Jennifer A. Widner,2023-04-28 Although Kenya is often considered an African success story its political climate became increasingly repressive under its second president Daniel arap Moi Widner charts the transformation of the Kenya African National Union KANU from a weak loosely organized political party under Jomo Kenyatta into an arm of the president s office with watchdog youth wings and strong surveillance and control functions under Moi She suggests that single party systems have an inherent tendency to become party states or single party regimes in which the head of state

uses the party as a means of control The speed and extent of these changes depend on the countervailing power of independent interest groups such as business associations farmers or professionals Widner s study offers important insights into the dynamics of party systems in Africa Although Kenya is often considered an African success story its political climate became increasingly repressive under its second president Daniel arap Moi Widner charts the transformation of the Kenya African National Union KANU from a weak loosely *Who is who in Kenyan Politics Today ,1992*
