Good Old Days Bobby Jay Newman, 2022-04-12 In discussing the good old days I have attempted to describe in some detail nearly every aspect as to how things were as I was growing up during those days in a close knit farming community Some readers however may be more interested in my personal experiences of that time the more humorous of which having been included Growing up first without electricity and then without a father inspired my overactive imagination to go wild in creating a wide variety of ways to entertain myself many of which were unwise and would never have been tolerated had my father lived

Farewell To The Good Old Days David R. Greatrix, 2018-11-30 Farewell to the Good Old Days is a lively and intimate tale by David Greatrix a man who has lived a dynamic professional life first as an aerospace engineer and then as a professor of the subject The book leaning heavily on the actual life experiences of Greatrix and a number of his academic colleagues close and far away is divided into two discrete parts the book's narrator for both parts is nominally a fictional consolidated representation of Greatrix drawing from various sources in addition to the author Part One covers the narrator's childhood and early adulthood followed by his moving into his years of growth as a professional breaking into the challenging field of aerospace engineering Part Two tracks the narrator's subsequent twenty five year academic career as a professor of aerospace engineering at a university in a major urban centre Prominent in this story are the many challenges the narrator encounters in his navigation of academe in a high profile setting for engineering education In an emotional narrative that never strays far from various shades of humour the narrator shares the details of his teaching and research experience at his institution frequently bumping up against the pointy bits of an evolving cosmopolitan academic culture In colourful detail the narrator reveals the small successes notable failures unexpected events and crushing disappointments that describe his tenure at his university The narrator is especially candid in his revelations about episodes of betrayal He takes aim at big targets including the Canadian government university administrators and the academic superstructure as a whole The result is an enlightening view into an individual's complicated experience in a demanding
