Gospel Of Matthew Chapters 11 To 28:

The Gospel of Matthew: Chapters 11 to 28 William Barclay,1975 *The Gospel of Matthew* William Barclay,1975

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection. Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease. Face Book University of Michigan. Law School,2007 **The Old Latin Manuscripts of the Gospel of Luke**

Annette Weissenrieder,2023-12-31 The Codex Vercellensis is one of the great treasures of the Vercelli library, containing the four Gospels. Written during the fourth century, it is the oldest remaining Latin manuscript of the Greek New Testament and one of the most important witnesses to the early understanding of the Gospels. In this edition, Weissenrieder and Visinoni provide the Latin text of the work parallel to spectral images indicating abbreviations, lineation, foliation, and staurograms, as well as a reconstructed critical edition with references to the most important texts of the Old Latin tradition, as well as Greek and Syriac manuscripts, and a commentary to this unique Latin translation. The analyses involved will be: 1. digital methods; 2. philological and theological; 3. translation theories in antiquity; as well as 4. genealogical. The authors call into question assumptions about the text preserved in the manuscript, arguing that it represents an early stage of the Latin Gospels. The manuscript will be examined in light of its wide-ranging cultural and historical context. As such, the project aligns itself methodologically with the field of manuscript studies and attempts to integrate the specialized expertise of various disciplines in the study of a single object. **The One Year Book of Inspiration for Girlfriends** Ellen Miller,2010-10-05
