*Galatians* Jarvis J. Williams, 2020-03-16 Jarvis Williams commentary on Galatians is a commentary of one of Paul's most rhetorically charged and polemically sharp letters. Williams writes a commentary of the letter, not a commentary of commentaries. He grounds the letter in grammatical-historical exegesis, seeking to help readers understand Paul's Greco-Roman and Second Temple Jewish context of the letter. Additionally, the book seeks to move from exegesis to application in a few places in the commentary. The strength of the commentary is that it offers a lucid and concise exegesis grounded in Paul's first-century context and applicable for twenty-first-century readers.

**Gospel Horizons II** John G. Lynch, 1986 [The Glory of Kings](#) Peter J. Leithart, John Barach, 2011-09-01 Over the past several decades, Reformed theologian and biblical scholar James B. Jordan has produced a unique body of work. His electrifying commentaries and essays on Scripture, along with his penetrating writings on Trinitarian theology, liturgics, music, and culture, have inspired a growing number of pastors and theologians. In this Festschrift, Jordan's friends and associates celebrate his contributions by applying his methods and insights to a range of biblical, theological, liturgical, and cultural questions. *The Glory of Kings* aims to bring Jordan's work to the attention of a wider audience and to introduce the work of a scholar that R. R. Reno has called one of the most important Christian intellectuals of our day.

**Into All the World** Mark Harding, Alanna Nobbs, 2017-07-26 *Into All the World*, the third volume from editors Mark Harding and Alanna Nobbs on the content and social setting of the New Testament, brings together a team of eminent Australian scholars in ancient history, New Testament, and the early church to take the story of Christianity into the Jewish and Greco-Roman world of the first century. In thirteen chapters, the contributors discuss all the post-Pauline New Testament writings, devoting attention to both their content and their context. They examine the impact of the growth of the church on both Jews and Gentiles, exploring issues such as the diaspora, minorities, the Book of Acts, and the Fourth Gospel. The book then proceeds to a discussion of the impact of Christianity on the Roman state, including consideration of the book of Revelation and the imperial cult. A final chapter investigates how the church was perceived by Clement of Rome at the end of the first century.

*Between Two Horizons* Joel B. Green, Max Turner, 2000 This book constructively explores the question: What effects should an interest in theology produce in the reading of Scripture? Since the onset of historical consciousness in biblical studies over two centuries ago, the work of biblical exegetes and systematic theologians has largely followed two paths. In this book, nine prominent scholars work to bridge the longstanding gap between biblical studies and theology by concentrating on the nature of a biblical hermeneutics approach to doing theology. The range of concerns presented by these scholars seeks to reintegrate biblical exegesis with contemporary theology in the service of the church.

and well researched book offers a holistic contemporary approach to the interpretation and preaching of biblical texts using all the scholarly tools available and focusing especially on literary features Greidanus develops hermeneutical and homiletical principles and then applies them to four specific genres Hebrew narratives prophetic literature the Gospels and the Epistles

Kim,2010-07-08 In our age of theological relativism Jesus question to His own disciples continues to ring true Who do the people say that the Son of Man is Through Jesus seven miracles and His seven I Am sayings the apostle John provides a clear answer to that all important question Furthermore what do Jesus miracles represent Are they designed to point to something or someone In our supernatural crazed culture that affects even

evangelical Christianity it is refreshing to be reminded that biblical miracles were never arbitrary but were always purposeful authenticating God's message and His messenger's. In the Gospel of John the miracles of Jesus are both Christological that is they highlight Jesus Person and eschatological that is they foreshadow the work the Messiah will do in His future Advent. The miracles remind us that God's desire for every believer is first and foremost a spiritual relationship with Him through His Son. Furthermore Jesus miracles also remind us that God's work in and for every believer will be fully and ultimately realized in the everlasting life.

From Text to Performance Kelly R Iverson, 2015-04-30 For the last two centuries biblical interpretation has been guided by perspectives that have largely ignored the oral context in which the gospels took shape. Only recently have scholars begun to explore how ancient media inform the interpretive process and offer an understanding of the Bible. The contributors to *From Text to Performance* recognise that the Jesus tradition was a story heard and performed and seek to re-evaluate the constituent elements of narrative including characters structure narrator time and intertextuality within this performative context. In dialogue with traditional literary approaches these essays demonstrate that an appreciation of performance yields fresh insights distinguishable in many respects from results of literary or narrative readings of the gospels.

*The Message of Jeremiah* Christopher J. H. Wright, 2023-11-14 In this BST volume Christopher Wright shows that Jeremiah is a book about the victory of God's love and grace. Jeremiah's portrait of the future is one that is fulfilled in the life death and resurrection of Jesus the Messiah and ultimately in God's dwelling with his with his redeemed people forever in the new creation.
