DIFFERENCES BETWEEN JOHN AND THE SYNOPTIC GOSPELS Dr. Jack Neubauer, 2011-12-23 Anyone who has done a serious study of the Gospel of John and then sought to compare that Gospel with Matthew Mark and Luke found that they were immediately confronted with many differences Over the years I have studied all the Gospels and this has increased my interest in how others were handling these differences both in their teaching and in their sermons To my surprise most of the people consulted have never made an honest effort to have some answer for these differences Furthermore I have not been able to locate any books that speak to the one problem of these differences Comparing Christianities April D. DeConick, 2023-10-09 A ground breaking introductory textbook for the study of the New Testament and the first Christians written for the next generation of students Comparing Christianities An Introduction to the New Testament and the First Christians maps the historical rise of Christianity out of a network of early Christian movements This major new textbook systematically explores the struggles to define the faith by presenting Christianity as the result of a lengthy process of religious consolidation which emerged from a landscape of persistent Christian diversity The book delves into the history of the first five generations of Christians from Paul to Origen The first chapter considers the challenges of constructing Christian histories and offers a new model of Christian families to organize and explain the emergence and competition of different varieties of Christianity Each successive chapter focuses on key issues that Christian leaders engaged over the centuries demonstrating how the questions they posed and the answers they provided gave Christianity its distinct shape As the movements competed for social advantage Christians began identifying certain Christian movements as enemies and consolidated against them The final chapter schematizes the Christians studied in the book into three families of Christian movements based on the particular God they worshipped and other shared patterns of thought and practice This chapter also explains where the varieties of Christianities came from and how the process of consolidation undertaken by some churches shaped Christian identity within a forge of intolerance that still affects us today Comparing Christianities explores the answers to questions Who were the early Christians and what did they write What did Christians think about sex women immortality Judaism suffering and death What rituals did the first Christians practice and what did their religious experiences mean to them How did Christians live in a Roman dominated world How did the first Christians explain the origins of their movement Comparing Christianities An Introduction to the New Testament and the First Christians serves as an excellent primary textbook in undergraduate classrooms for Introduction to Christianity Introduction to Religion New Testament Studies Christian Origins World Religions and Western World Religions and a thought provoking resource for anyone wishing to know more about Christianity Why are There Differences in the Gospels? Mike Licona, 2017 Why are there differences in the stories of the Gospels Licona turns to Greek classicist Plutarch for an answer assessing differences that appeared when Plutarch told the same story more than once in his Lives He suggests the differences in the

Gospels often resulted from their authors employing the same compositional devices used by Plutarch The Gothic Version of the Gospels George Washington Salisbury Friedrichsen, 1926 Why Are There Differences in the Gospels? Michael R. Licona, 2016-11-17 Anyone who reads the Gospels carefully will notice that there are differences in the manner in which they report the same events These differences have led many conservative Christians to resort to harmonization efforts that are often quite strained sometimes to the point of absurdity Many people have concluded the Gospels are hopelessly contradictory and therefore historically unreliable as accounts of Jesus The majority of New Testament scholars now hold that most if not all of the Gospels belong to the genre of Greco Roman biography and that this genre permitted some flexibility in the way in which historical events were narrated However few scholars have undertaken a robust discussion of how this plays out in Gospel pericopes self contained passages Why Are There Differences in the Gospels provides a fresh approach to the question by examining the works of Plutarch a Greek essayist who lived in the first and second centuries CE Michael R Licona discovers three dozen pericopes narrated two or more times in Plutarch's Lives identifies differences between the accounts and analyzes these differences in light of compositional devices identified by classical scholars as commonly employed by ancient authors. The book then applies the same approach to nineteen pericopes that are narrated in two or more Gospels demonstrating that the major differences found there likely result from the same compositional devices employed by Plutarch Showing both the strained harmonizations and the hasty dismissals of the Gospels as reliable accounts to be misguided Licona invites readers to approach them in light of their biographical genre and in that way to gain a clearer The Genuineness and Authenticity of the Gospels Burke Aaron Hinsdale, 1872 understanding of why they differ Modern Jewish Perspective on the Gospel of John Charles David Isbell, 2022-06-08 Did Jesus really call the Jews of his day children of the devil Would he label Jews of today the same way Did the Jews kill Jesus and then violently expel from the synagogue anyone who accepted him as a promised Messiah The Christian church has found answers to these and other similar questions in the Gospel of John But Jewish readers are justifiably offended by many of John s answers The eleven essays offered here present facts everyone should know They are written by a modern Jewish scholar responding to troubling questions about John raised over a period of more than forty years by his university students by congregants in synagogues he has served as spiritual guide rabbi and by Christian colleagues with whom he has worked throughout his long career Designed to engage thoughtful readers from every religious background these essays encourage questions and suggest plausible answers to the problems in John by illustrating the difference between the answers of John and the facts of history They also compare John's Jesus with the teachings of the modern church about the treatment of others love for all humanity and the wholeness of body and spirit Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954,2004 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States.
