Paterson,1925 *River of Fire* Gary T. Brideau,2012-11-19 Oh one more thing Admiral Sam wants to know if you need back
up Great The more the merrier A minute later Sam appeared next to Debbie clad in his long cloak and wide brimmed hat and
asked When does the fun begin Debbie instantly snapped to attention and saluted Hold on there cadet Don t go military on
me Relax we re in the field Calistus explained We have to stop about two dozen men and two gun boats before sunup Su
should be sending a large tank of flammable solvent through a portal any moment now But I haven t seen any guards as of
yet A horizontal portal opened twenty feet above the water and a large metal tank slipped through unnoticed and hovered
just above the water to close to their position Calistus sighed and said I can t ignite it there it ll fry us all I m on it whispered
Debbie eager to show off for the admiral As she dove in the water and pushed the container into position Just then a pirate
poked his head out of one of the gun ships spotted something moving and hollered Who s there And began to fire at the tank
of flammable solvent igniting it into a ball of fire That swiftly spread over the water turning the inlet into a river of fire
Debbie quickly dove underwater to avoid getting hit But she was struck in the side before she could react She struggled
desperately to stay afloat and managed to make it to shore where she collapsed Calistus hollered Sam let s try and get them
in a crossfire In minutes the camp was swarming with pirates firing at anything that moved After a ten minute gun battle the
pirates strapped Debbie s limp body to a tree and the leader hollered Drop your weapons and surrender or the woman dies
Sam they ve got Debbie Hold your fire The two men approached the pirates with their hands and guns over their heads Sam
whispered Protective shields on weapons on stun once we reach Debbie we position ourselves in front of her to protect her
then we let em have it As they reached Debbie the men quickly spun around Calistus hollered as he leveled his rifle at the
pirates I think it s you who should surrender Laughter suddenly broke out amongst the crowd mocking Calistus s bold
statement Sam shouted Fire Blasts of energy streaked through the night rapidly finding their marks as bullets ricocheted off
their shields Once silence reined Calistus glanced at Sam and inquired What s wrong I was hoping for a knockdown drag out
gun fight Instead all we got was a bunch of wimps Whatever Sam Why don t you round them up before they come to while I
take care of Debbie Carefully untying her and lying her on the ground Calistus contacted Moon Base One Su I need you here
and fast cadet Debbie s been injured Seconds later Su appeared then hollered as she dove for the ground firing her pistol
Look out A blast of energy struck the would be assassin liquefying his body into a yellow brown ooze which swiftly seeped
into the sand Su quickly returned with Debbie Sam bellowed A little help here if you don t mind Having the prisoners tied up
Sam surveyed the pirates and commented What a motley crew they are Do you think we ll get any information out of em Cal
Nope None of them look like they have the brains to come up with a strategy as complex as this Deb did mention about Norm
who tried to waste her He s probably their contact How are we going to locate one person in this jungle questioned a
frustrated Sam Sam you re slipping in your old age Deb mentioned that she was washed up on the beach after the ship was

destroyed That should be on the other side of the island Calistus contacted Su and inquired Can you contact the nearest coast guard and inform them about the bunch of pirates we have tied up Then see if you can bounce a signal off one of Earth's satellites

Pyne, 2012-04-01 Stephen Pyne has been described as having a consciousness composed of equal parts historian ecologist philosopher critic poet and sociologist At this time in history when many people are trying to understand their true relationship with the natural environment this book offers a remarkable contribution breathtaking in the scope of its research and exhilarating to read Pyne takes the reader on a journey through time exploring the terrain of Europe and the uses and abuses of its lands as well as through migration and conquest many parts of the rest of the world Whether he is discussing the Mediterranean region Russia Scandinavia the British Isles central Europe or colonized islands whether he is considering the impact of agriculture forestry or Enlightenment thinking the author brings an unmatched insight to his subject Vestal Fire takes its title from Vesta Roman goddess of the hearth and keeper of the sacred fire on Mount Olympus But the book's title also suggests the strengths and limitations of Europe's peculiar conception of fire and through fire of its relationship to nature Between the untamed fire of the wilderness and the tended fire of the hearth lies a never ending dialectic in which human beings struggle to control natural forces and processes that in fact can sometimes be directed but never wholly dominated or contained
