Wittmer,2009-08-30 I don t want to go to heaven Not that I m lobbying for the other place Michael Wittmer This planet is more than just a stopover on your way to heaven It is your final destination God wants you to enjoy your earthly existence and to think otherwise is to miss the life he intends for you Exploring the book of Genesis Heaven Is a Place on Earth gently but firmly strips away common misconceptions of Christianity and broadens your worldview to reveal the tremendous dignity and value of everyday life Taking you from creation to the fall to redemption and to glimpses from the book of Revelation Michael Wittmer opens your eyes to a faith that encompasses all of life baseball games stock reports church activities prayer lovemaking work hobbies everything that lies within the sphere of human activity To be fully Christian is to be fully human says Wittmer alive and responsive to the kingdom of God in all that you are and all that you do Discover the freedom and impact God created you for It starts with a truly Christian worldview And its fruit is the undiluted gospel powerful not only to save souls but to restore them to a life that is truly worth living Includes discussion reflection questions after each chapter **Unfashionable** Tullian Tchividjian,2012-06-05 Argues that becoming an influential Christian and a force for good in the world often means being different and doing unfashionable things with regard to money lifestyle personal possessions and relationships **Christian Mission in the Modern World** John Stott,Christopher J H Wright,2016-01-15 Jesus sends us into the world just as God the Father sent him and yet Christians continue to disagree on what this involves Some believe that the focus of Christian mission is evangelizing and saving souls Others emphasize global justice issues or relief and development work Is either view correct on its own John Stott s classic volume first published forty years ago presents an enduring view of Christian mission that is just as needed today Newly updated and expanded by Christopher J H Wright Christian Mission in the Modern World provides a biblically based approach to mission that addresses both spiritual and physical needs With his trademark clarity and conviction Stott illuminates how the Great Commission itself not only assumes the proclamation that makes disciples but also teaches obedience to the Great Commandment of love and service Wright has expertly updated the original book and demonstrates the continuing relevance of Stott s prescient thinking This balanced approach to mission encourages current and future Christians to embrace an unconflicted and holistic model of ministry **Ready Steady Grow** RAY EVANS,2014-04-18 Do you love your church and want to see it thrive Are you keen to learn from someone whose own church has grown and started others too Are you ready for the downsides as well as the inevitable joys Ray Evans takes us on an interesting and exciting journey He looks at the barriers to growth as well as the hurdles of reorganization and structural changes that growing

churches face His findings are anchored in the Bible and the real world which we all inhabit Many have learned how to lead what they have says Ray but they don t know how to take it forward You don t see the glass ceilings until you crash into them and the splinters bring pain everywhere In Ray you will find a humble wise and warm hearted guide This book will not only equip your church to grow but will help prevent unnecessary disasters **"A Knot Worth Unloosing"** John H.

Duff,2019-01-21 In the study of Christian eschatological thought virtually no attention has been given to past interpretations of the biblical phrase the new heavens and earth John Duff uncovers the interpretations of this phrase that were extant in seventeenth century England These interpretations fall into two basic camps those that understood the phrase metaphorically and those that understood the phrase literally Some English divines believed the new heavens and earth referred to the new age of the gospel that commenced in the first century CE At that time God flung open the doors of salvation to Gentiles while at the same time bringing judgment to the Jewish nation for its failure to recognize and embrace Jesus as Messiah This epic transition was fittingly described as a new heavens and earth A second group of English interpreters believed the phrase stood for a yet future time when the political and religious circumstances of the world would change for the betterment of the church for one thousand years The new heavens and earth stood for a future millennium in which Christ would establish his reign over the world prior to the day of resurrection and final judgment Theologians who accepted a literal understanding believed the new heavens and earth described the renovation of the physical creation at the final judgment Among this group differences of opinion existed with respect to how much of the world would need cleansing what creatures would be restored and of what use would a renovated world serve The idea that the earth and not heaven would be the final abode of the saints emerged among a few obscure writers Old School, New Clothes Ronald E.

Hoch,David P. Smith,2011-09-09 Is much of Christian education in America distinctly Christian Ron Hoch and David Smith say No Instead it is guilty of having adopted an ideology and methodology that strips it of the right to call itself Christian and the ability to fulfill a truly Christian mission The authors claim that the fundamentally humanistic ideology of the West conditions and controls much of what is labeled Christian education By talking about the need to integrate faith and learning focusing on teaching methodology and operating schools in virtually the same way as government run schools many Christian academics betray captivity to the dogma that humans are the measure of all things and need to do what God has already done As a result much of what controls the conversation and practices in Christian academia echoes the humanistic arrogance of the West and offers no substantive alternative to it In Old School New Clothes Hoch and Smith issue a call for Christian academics to own up to their own confession that all reality was created and integrated by God damaged by sin and has already been reintegrated in and by Jesus Thus the emphasis in Christian education ought not to be what Christian educators are doing to redeem the culture but on what God is bringing to the Church in order to redeem sinners Only by recognizing that all human knowledge claims in every sphere are inherently theological and that God is truly seen in and

experienced through knowledge of all things will a distinctly Christian education be forged Christian education must primarily emphasize the reintegration or redemption of teachers brought through right knowledge of Jesus that comes through every subject discipline and expressed in a life balanced on Sabbath work and family Revelation Gerald L. Stevens, 2014-05-08 This three part study covers the history of interpretation theological foundations and exegesis Copious illustrations from the author's worldwide travels enhance discussion of Rome's emperors empire and ideology as the premier horizon for understanding John's immediate context and meaning Distinctive contributions include Stevens's effort to re-canonicalize Revelation by insisting on gospel concord methodically interpreting all of Revelation through the lens of the seven churches and showing how Revelation's imagery consistently relates more to the incarnation than the Parousia Stevens bypasses traditional millennial options to argue that Revelation is passion millennial the passion of Jesus predicates the passion of the church Under Stevens's hands Revelation becomes eminently sensible to the original audience and powerfully pertinent for today's church

**Reforming Criminal Justice** Matthew T. Martens, 2023-10-16 Noted Attorney and Seminary Graduate Matthew T. Martens Answers the Question Does the Design and Operation of the American Criminal Justice System Reflect Christian Love of Neighbor Jesus told his followers that the entirety of the Old Testament's law is encapsulated in the commands to love God and to love their neighbors as themselves In *Reforming Criminal Justice* A Christian Proposal Matthew T. Martens argues that love of neighbor must be the animating force for true reformation of the criminal justice system obligating us to seek the best for both the criminally victimized and the criminally accused Using his theological training Martens reveals how Scripture provides several guideposts accuracy due process accountability impartiality and proportionality for loving our neighbors as it relates to criminal justice Then drawing on his near quarter century practicing criminal law he examines how America's justice system falls short of the biblical standard By understanding how our current system operates and considering how love of neighbor relates to issues of crime and justice we will be better equipped to seek true Christian reform of the justice system A Biblical Perspective on Criminal Justice Offers a biblical framework for thinking about the concept of justice for both the victim and the perpetrator Examines the History of the American Criminal Justice System Surveys the evolution of the criminal justice system in the United States with a focus on its misuse from the time of the Civil War to the civil rights movement Assesses the Criminal Justice System Examines the operation of the American justice system today including plea bargains assistance of counsel the death penalty and more Foreword by Derwin L. Gray Pastor of Transformation Church in Indian Land South Carolina and the author of *How to Heal Our Racial Divide and Building a Multiethnic Church*

*Dancing in the Dark, Revised Edition* Graham Buxton, 2016-11-08 Christians are often tempted to encapsulate God in their own little boxes as if God could be tied down to our finite way of thinking But we can neither domesticate nor fully understand God for theology has a lot to do with coming to terms with the mystery of God This revised edition of *Dancing in the Dark* shaped as in the first edition by the two

overarching themes of God as Trinity and a theology of participation embraces the notion of mystery in presenting a compelling vision of seeing all things finally united within the inner life of God As we engage in Christian ministry we are summoned to participate as grace filled faith communities in the triune God s immeasurably loving and healing work in the world leading those who are in darkness into an awareness of the God who imparts life in all its glorious abundance that which is so and a journey into the mystery of that which is to come The liberating ministry of the gospel is both a declaration and an invitation an invitation to the dance

**Essays on Revelation** Gerald L. Stevens, 2011-01-01 The book of Revelation perennially provokes outlandish futurist predictions proven patently false over time Such prophecy failures leave the inquiring mind with a strong sense that the book of Revelation is nothing but a hoax safely ignored and without contemporary relevance The inevitable practical result not only for church members but for their ministers as well is a canonical book stripped bare of canonical authority In this volume six contributors collectively attempt to provide a path toward recanonizing Revelation reclaiming its authority and relevance through christological foundations The result is a book not only useful in the collegiate and seminary classroom but also for serious small group Bible studies wanting to glean from Revelation something deeper than a fear of being left behind

**The Divine Embrace** Robert E. Webber, 2006-10 What is true Christian spirituality Rediscover spirituality s biblical roots and how you can live out your response to God s story today

**Who Will Care for Grandma?** Brent R. Kelly, 2009-01-01 It is amazing to realize that much of the Western medical community is in a love hate relationship with the economics of medicine Quality Adjusted Life Years QALYs is one of the primary methods of guiding many medical decision makers in the allocation of limited medical resources Herein lies the problem of medicine and economics It seems that deciding who will receive limited medical resources is a task filled with moral and ethical difficulties even for those depending on the information obtained from QALY calculations These moral and ethical difficulties are beyond the scope of sound bites that tout the benefits of universal health care affordable insurance or the safety of the free market economy The breadth of the difficulty is found in the widespread disagreement concerning how the health care system should be distributed or fixed since most will agree that there is a problem with distributing medical resources It seemed obvious that some difficult decisions will need to be made that few are both willing and able to make This difficulty is particularly true in decisions about health care allocation and that is where QALYs have been found useful and problematic Limiting medical care for the elderly based upon their age did not occur until the mid twentieth century possibly because the elderly held a unique position of respect in the Western community It is no longer the case that the elderly are given a unique position of respect and dignity Rather it seems that with the increased use of QALY calculations the elderly are in danger of receiving less medical care than they are warranted It is imperative that Christians respond to the ethical implications of significant models of resource allocation that currently assist decision makers in the allocation process such as QALYs

**The Forest and the Trees** Richard A. Widder, Wendy Widder, 2008-03-01 Why do we have to

learn this For as long as there have been students teachers have been answering this question but we haven't always answered it very well for our students or for ourselves We sometimes forget that everything we teach whether sacred or secular has value because it is part of God's truth and integrating that truth across the curriculum is what makes an education Christian This book from a father and daughter team of seasoned Christian educators offers a comprehensive biblically based presentation of integration Its goal is to help readers view all aspects of the curriculum within the framework of God's story as told from Genesis to Revelation By organizing subject areas under five broad categories nature people communication beauty and ultimate issues the authors demonstrate that each subject area flows from the biblical story Each chapter concludes with a summary of the truths presented a set of teacher tips and a list of additional resources

**The Lordship of Christ** Vern S. Poythress, 2016-06-14 Jesus Christ was not merely a human being He was not merely a famous religious teacher Jesus Christ is Lord of all This radical claim from the Bible has profound implications for every area of life for every person and every facet of society Drawing on key biblical texts Vern Poythress explores what acknowledging the authority of Christ means for the way we should think and act Unpacking how this authority affects spheres of life such as religion politics science art education and the future Poythress helps us pursue obedience to Christ as an expression of our gratitude and devotion and our anticipation of the joy promised to us when we serve him with all of our heart

**Numbers (Baker Commentary on the Old Testament: Pentateuch)** Mark A. Awabdy, 2023-11-14 Explore the contemporary significance of the Old Testament and hear the Word of God afresh This substantive and useful commentary on the book of Numbers is both critically engaged and sensitive to the theological contributions of the text It is grounded in rigorous scholarship but useful for those who preach and teach In addition to paragraph level commentary all volumes of the Baker Commentary on the Old Testament series feature A fresh translation of the Hebrew text Incisive comments based on the author's translation Linguistic historical and canonical insights Theological reflections Footnotes addressing technical matters Pastors teachers and all serious students of the Bible will find here an accessible commentary that will serve as an excellent resource for their study This is the second volume in a new series on the Pentateuch which complements other Baker Commentary on the Old Testament series Historical Books Wisdom and Psalms and Prophets Each series volume covers one book of the Pentateuch addressing important issues and problems that flow from the text and exploring the contemporary relevance of the Pentateuch The series editor is Bill T Arnold the Paul S Amos Professor of Old Testament Interpretation at Asbury Theological Seminary

**Interpreting the Pentateuch** Peter T. Vogt, 2009 In this latest addition to the Handbooks for Old Testament Exegesis series Peter T Vogt continues the tradition of excellence established by previous volumes Divided into three parts Interpreting the Pentateuch first provides an overview of the major themes of the Pentateuch In the second part Vogt offers resources and strategies for interpreting and understanding the first five books of the Bible by exploring its genres law and narrative Finally Vogt shows that although the Pentateuch is a collection of ancient

texts it still has contemporary significance Vogt also includes two samples one from law and one from narrative of exegesis giving students a start to finish example of the techniques he has illustrated for effective exegesis *The Prized Possession* Jill Schaible, 2013-03-05 The only thing greater than fear is hope Frustrations with jobs and employers mortgages and car repairs college debt and marital conflict make us so overwhelmed we cant even sleep And thanks to wonderful drug advertising very few of us are not on some sort of toxic substance to either help rest our minds at night or cope with stress during the day Ask yourself if this is not true People are taking their own life over this stuff which makes me wonder if weve missed out on some secret When wounded souls feel they have no other option but to remove themselves from this earth before their time wed better start uncovering some hope and soon Lets be honest Our world is broken We patch it up with all sorts of things but underneath where we really live there is everything from anger regret lust despair and pain to fear guilt depression greed and unforgiveness We are bombarded with distraction deception and way too much self absorption to even recognize truth anymore Is there any way out of this mess Yes There is indeed It is found in one person who gave everything to rescue us His name is Jesus The Prized Possession will help you discover who Jesus really is and why He is the only hope for hurting hearts You will see why self absorption and self reliance are highly overrated and how they keep us far from the freedom we need to see beyond our circumstances Within these pages are true personal stories sure to inspire your heart and stretch your understanding of God and His unrivaled love for humanity If you have questions about life come along on an exciting journey toward hope purpose and redemption There is a very generous God just waiting for you **An Uncertain Certainty** Graham Buxton, 2015-03-26 Many people in Christian ministry are tired of simplistic certainties what they need is permission to live with uncertainty with mystery ambiguity and paradox Because we live in a world that is far removed from the modernist version of reality with its rational clinical and superficial presentation of life we need the courage and wisdom to embrace the presence of uncertainties in the midst of certainty In this book the author offers snapshots of a number of central Christian topics God the gospel the church salvation ministry inviting us to treat them as features of a landscape to explore rather than a set of propositional statements to sign up to Each chapter short enough to provoke interest and curiosity will be a catalyst for deeper reflection and enquiry inviting us to discover a new freedom in ministry as we embrace a more generous both and perspective in place of a more narrow either or interpretation of the Christian faith In the process we may find ourselves rediscovering the Life we have lost in living as we imaginatively participate in the life ministry and mystery of the triune God of grace in our midst **The Bible and the Public Square** Hermann Mvula, 2024-02-18 For too long Africa has presented a conundrum as its profound reception of the Bible is juxtaposed with a public life that often seems devoid of biblical values In this highly original analysis Mzee Hermann Mvula boldly seeks to bridge this ugly chasm by showing what biblical teaching can mean for many different aspects of social and political life Kenneth R Ross Professor of Theology and Dean of Postgraduate Studies Zomba Theological University
