Heaven Is A Wonderful Place:

The God Problem Robert Wuthnow, 2012-10-01 The United States is one of the most highly educated societies on earth and also one of the most religious In *The God Problem* Robert Wuthnow examines how middle class Americans juggle the seemingly paradoxical relationship between faith and reason Based on exceptionally rich and candid interviews with approximately two hundred people from various faiths this book dispels the most common explanations that Americans are adept at keeping religion and intellect separate or that they are a nation of joiners Instead Wuthnow argues we do this not by coming up with rational proofs for the existence of God but by adopting subtle usages of language that keep us from making unreasonable claims about God In an illuminating narrative that reveals the complex negotiations many undertake in order to be religious in the modern world Wuthnow probes the ways of talking that occur in prayers in discussions about God in views of heaven in understandings of natural catastrophes and personal tragedies and in attempts to reconcile faith with science
