Open Wounds David Patterson, 2012-03-15

In this book David Patterson sets out to describe why Jews must live but especially think in a way that is distinctly Jewish For Patterson the primary responsibility of post Holocaust Jewish thought is to avoid thinking in the same categories that led to the attempted extermination of the Jewish people The Nazis he says were not anti Semitic because they were racists they were racists because they were anti Semitic and their anti Semitism was furthered by a Western ontological tradition that made God irrelevant by placing the thinking ego at the center of being If the Jewish people in their particularity are chosen to attest to the universal chosenness of every human being then each human being is singled out to assume an absolute responsibility to and for all human beings And that Patterson says is why the anti Semite hates the Jew because the very presence of the Jew robs him of his ego and serves as a constant reminder that we are all forever in debt and that redemption is always yet to be Thus the Nazis before they killed Jewish bodies were compelled to murder Jewish souls through the degradations of the Shoah But why is the need for a revitalized Jewish thought so urgent today It is not only because modern Jewish thought hoping to accommodate itself to rational idealism is thereby obliged to put itself in league with postmodernists who preach tolerance for everything except biblically based religion beginning with Judaism and who effectively call on Jews as fellow citizens of the global village to disappear It is also because without the Jewish reality of Jerusalem there is only the Jewish abstraction of Auschwitz for in Auschwitz the Jews were murdered not as husbands and

wives parents and children but as efficiently numbered units If the Jews Patterson claims are not a people set apart by a Voice that is other than human then the Holocaust can never be understood as evil rather than simply immoral With *Open Wounds* Patterson aims to make possible a religious response to the Holocaust Post Holocaust Jewish thinking confronting the work of healing the world of tikkun haolam must recover not just Jewish tradition but also the category of the holy in human beings thinking about humanity

Opening Israel's Scriptures Ellen F. Davis, 2019 *Opening Israel's Scriptures* is a collection of thirty-six essays on the Hebrew Bible from Genesis to Chronicles, which gives powerful insight into the complexity and inexhaustibility of the Hebrew Scriptures as a theological resource. Based on more than two decades of lectures on Old Testament interpretation, Ellen F. Davis offers a selective yet comprehensive guide to the core concepts, literary patterns, storylines, and theological perspectives that are central to Israel's Scriptures. Underlying the whole study is the primary assumption that each book of the canon has literary and theological coherence, though not uniformity. In both her close readings of individual texts and in her broad demonstrations of the coherence of whole books, Davis models the best practices of contemporary exegesis, integrating the insights of contemporary scholars with those of classical theological resources in Jewish and Christian traditions. Throughout, she keeps an eye to the experiences and concerns of contemporary readers, showing through multiple examples that the critical interpretation of texts is provisional, open-ended work—a collaboration across generations and cultures. Ultimately, what she offers is an invitation into the more spacious world that the Bible discloses, which challenges ordinary conceptions of how things really
