Inside The Great Gatsby A.E. Elmore, 2025-02-15 Inside The Great Gatsby The Hidden Subtext is a revolutionary analysis of the famed novel that reveals its important previously unknown literary foundations drawn from classical and modern literature including the works of Dante Milton Conrad Spengler Frazer Weston Joyce Eliot and the King James Bible Other studies of the novel have focused primarily on its biographical cultural or social issues but none prior to Elmore's have systematically examined the unrecognized debts Gatsby owes to previous literary works The ultimate irony is that Gatsby lauded as one of the greatest novels in the English language earned its stature based solely on recognition of only a part of its whole the literal narrative or surface story without realization or acknowledgment of its foundational subtext the hidden layer that links it to the universal library of human experience most of which remained undetected until the centennial year of the novel's original publication

The Spaces and Places of Horror Francesco Pascuzzi, Sandra Waters, 2020-01-16 This volume explores the complex horizon of landscapes in horror film culture to better understand the use that the genre makes of settings locations spaces and places be they physical imagined or altogether imaginary In *The Philosophy of Horror* No 1 Carroll discusses the geography of horror as often situating the filmic genre in liminal spaces as a means to displace the narrative away from commonly accepted social structures this use of space is meant to trigger the audience's innate fear of the unknown This notion recalls Freud's theorization of the uncanny as it is centered on recognizable locations outside of the Lacanian symbolic order In some instances a location may act as one of the describing characteristics of evil itself In *A Nightmare on Elm Street* teenagers fall asleep only to be dragged from their bedrooms into Freddy Krueger's labyrinthine lair an inescapable boiler room that enhances Freddie's powers and makes him invincible In other scenarios the action may take place in a distant little known country to isolate characters Roth's *Hostel* films or as a way to mythicize the very origin of evil Bava's *Black Sunday* Finally anxieties related to the encroaching presence of technology in our lives may give rise to postmodern narratives of loneliness and disconnect at the crossing between virtual and real places in Kurosawa's *Pulse* the internet acts as a gateway between the living and spirit worlds creating an oneiric realm where the living vanish and ghosts move to replace them This suggestive topic begs to be further investigated this volume represents a crucial addition to the scholarship on horror film culture by adopting a transnational comparative approach to the analysis of formal and narrative concerns specific to the genre by considering some of the most popular titles in horror film culture alongside lesser known works for which this anthology represents the first piece of relevant scholarship

Dark Carousel Christine Feehan, 2016-08-02. In this intoxicating Carpathian novel from #1 New York Times bestselling author Christine Feehan, a woman falls prey to the seductive allure of the past and a vampire warrior's intoxicating embrace. The moment Charlotte Vintage walks into his club, Tariq Asengard's blood is set on fire. The ancient Carpathian had given up hope of finding his lifemate, but now he will do anything to make Charlotte his own. What Tariq doesn't know is that Charlotte is using herself and her best friend as bait to try to draw out the bloodthirsty killers who have already murdered Charlotte's brother and mentor. Charlotte is familiar with Tariq. Not only is he one of the richest and most eligible bachelors in the city, but he's also a renowned collector of old carousel horses, which Charlotte restores. Their shared passion opens Charlotte up to trusting him with her life, and with the desire she can no longer control, but it also makes her vulnerable to a centuries-old curse that will unite her and Tariq in a war against the enemies of humans and Carpathians alike.

The Love That Moves the Sun Paul Dominiak, 2024-08-30. The season of Advent traditionally involved meditation upon the Four Last Things: heaven, hell, death, and judgement. This ancient but nearly lost sacred art of contemplation encouraged Christians to evaluate who they were, what they treasured, and how they ought to live in view of the world to come. *The Love That Moves the Sun* revives this ancient practice and marries it with contemporary concerns. Each chapter considers one of the Last Things in relation to a modern crisis: from the climate emergency, rise of populism, and racial injustice to the economic inequalities of class. In a time of compound crises, retrieving the sacred art of contemplating the Last Things gives a vision of hope and direction in a chaotic world of uncertainty. The first advent began with an angelic messenger announcing the coming of Christ to Mary. *The Love That Moves the Sun* enables us to hear a fresh annunciation in our own time, calling us to join in with God's salvation of a groaning creation and the hope of a new earth where justice dwells.
