*Studies in Victorian and Modern Literature* William Baker, 2015-07-29 This book is both a celebration of the life and career of the eminent literary scholar critic and journalist John Sutherland and an extension of Sutherland's work in various fields including nineteenth and twentieth century Anglo American literature the publishing industry and its impact upon creativity and literary puzzles With contributions from over twenty five distinguished critics literary journalists and scholars this book goes beyond merely describing Sutherland's work The essayists pay homage to Sutherland while also staking their own critical scholarly claims From investigating the publishing dimension Victorians major and minor the complexities of Dickens and George Eliot the archeology of *Pride and Prejudice* to examining the implications of Shakespearean souvenirs literary puzzles and Non Victorians the essays offer fresh dimensions to Sutherland's rich career as a professor critic and journalist

Heaven Jeffrey Archer, 2006-07-25 Heaven Jeffrey Archer's final volume in his trilogy of prison diaries covers the period of his transfer from a medium security prison HMP Wayland to his eventual release on parole in July 2003 Here is the shocking account of the traumatic time he spent in the notorious Lincoln jail and the events that led to his incarceration there and also shines a harsh light on a system that is close to its breaking point Told with humor compassion and honesty the diary closes with a thought provoking manifesto that will be applauded by reform advocates and the prison population alike

**Ageing, Crime and Society** Azrini Wahidin, Maureen Cain, 2013-05-13 The relationship between ageing and crime has been a much neglected issue the focus rather being on youth This book aims to redress this imbalance bringing together a group of leading authorities to address key issues on the subject of crime and ageing considering older people as both victims and perpetrators of crime and looking too at conditions faced by older prisoners The book draws upon both criminology and gerontology as well as sociology and social policy to help understand the complex relationship between ageing and the criminal justice system and argues that the needs of elders must be far more firmly on the penal policy agenda than is the case currently Ageing Crime and Society will be concerned with unsilencing a group who because of their age and status have been muted by the criminal justice system

**Lives of the Novelists** John Sutherland, 2012-03-27 No previous author has attempted a book such as this a complete history of novels written in the English language from the genre's seventeenth century origins to the present day In the spirit of Dr Johnson's *Lives of the Poets* acclaimed critic and scholar John Sutherland selects 294 writers whose works illustrate the best of every kind of fiction from gothic penny dreadful and pornography to fantasy romance and high literature Each author was chosen Professor Sutherland explains because his or her books are well worth reading and are likely to remain so for at least another century Sutherland presents these authors in chronological order in each case deftly combining a lively and informative biographical sketch with an opinionated assessment of the writer's work Taken together these novelists provide both a history of the novel and a guide to its rich variety Always entertaining and sometimes shocking Sutherland considers writers as diverse as Daniel Defoe Henry

James Joyce Edgar Allan Poe Virginia Woolf Michael Crichton Jeffrey Archer and Jacqueline Susann Written for all lovers of fiction *Lives of the Novelists* succeeds both as introduction and re introduction as Sutherland presents favorite and familiar novelists in new ways and transforms the less favored and less familiar through his relentlessly fascinating readings

**Freeing Tammy** Jody Raphael, 2013-03-12 The latest volume in the popular trilogy of books about women poverty and violence  
**Offenders on Offending** Wim Bernasco, 2013-01-11 The book addresses the issue of assessing the reliability of information about crime from offenders taking stock of the various methods used to elicit information on offending from offenders and collecting useful information on criminal behaviour

**White-Collar Offenders and Desistance from Crime** Ben Hunter, 2015-03-24 The MPs expenses scandal in England and Wales and the international banking crisis have both brought into focus a concern about elite individuals and their treatment by criminal justice systems This interest intersects with a well established concern within criminology for the transgressions of such offenders However up until now there has been little sustained consideration of what happens to such offenders following conviction and little discussion of how they attempt to avoid reoffending in the wake of their punishment This study rectifies this omission by drawing upon white collar offenders own accounts of their punishment and their attempts to make new lives in the aftermath of it Detailing the impact of imprisonment on white collar offenders their release from prison and efforts to be successful again this book outlines the particular strategies white collar offenders used to cope with the difficulties they encountered and also analyses the ways they tried to work out who they were in the post release worlds they found themselves in Representing the first sustained qualitative study of white collar offenders and desistance from crime this book will be of interest to academics and students engaged in the study of white collar crime desistance from crime and prison The insights it offers into a particular group of offenders experience of criminal justice would also make it useful for criminal justice practitioners and anyone who wishes to understand the challenges faced by a group of offenders who are assumed to have many advantages when it comes to desisting from crime

**Harnessing Chaos** James G. Crossley, 2014-08-28 *Harnessing Chaos* is an explanation of changes in dominant politicized assumptions about what the Bible really means in English culture since the 1960s James G Crossley looks at how the social upheavals of the 1960s and the economic shift from the post war dominance of Keynesianism to the post 1970s dominance of neoliberalism brought about certain emphases and nuances in the ways in which the Bible is popularly understood particularly in relation to dominant political ideas This book examines the decline of politically radical biblical interpretation in parliamentary politics and the victory of a modified form of Margaret Thatcher s re reading of the liberal Bible tradition following the normalisation of a modified form of Thatcherism more generally Part I looks at the potential options for politicized readings of the Bible at the end of the the 1960s focussing on the examples of Christopher Hill and Enoch Powell Part II analyses the role of Thatcher s specific contribution to political interpretation of the Bible and assumptions about religion Part III highlights the importance of often unintended ideological changes towards forms of

Thatcherite interpretation in popular culture and with particular reference to Monty Python's Life of Brian and the Manchester music scene between 1976 and 1994 Part IV concerns the modification of Thatcher's Bible particularly with reference to the embrace of socially liberal values by looking at the electoral decline of the Conservative Party through the work of Jeffrey Archer on Judas and the final victory of Thatcherism through Tony Blair's exegesis Some consideration is then given to the Bible in an Age of Coalition and how politically radical biblical interpretations retain a presence outside parliamentary politics Harnessing Chaos concludes with reflections on why politicians in English politicians bother using the Bible at all

**Reputation, Celebrity and Defamation Law** David Rolph, 2016-04-08 Taking Robert Post's seminal article The Social Foundations of Reputation and the Constitution as a starting point this volume examines how the concept of reputation changes to reflect social political economic cultural and technological developments It suggests that the value of a good reputation is not immutable and analyzes the history and doctrines of defamation law in the US and the UK A selection of Australian case studies illustrates different concepts of defamation law and offers insights into their specific nature Drawing on approaches to celebrity in media and cultural studies the author conceptualizes reputation as a media construct and explains how reputation as celebrity is of great contemporary relevance at this point in the history of defamation law

Porridge Richard Weight, 2020-02-06 Norman Stanley Fletcher you have pleaded guilty to the charges brought by this court and it is now my duty to pass sentence Those words spoken by a judge to the show's hero in the title sequence of every Porridge episode are among the most famous in British comedy and they remind viewers that this is no ordinary TV sitcom The first situation comedy anywhere in the world to be set in a prison Porridge is about men being punished for crimes committed against the same sort of people who are watching the show Millions of hard working Britons were fans many of them anxious about rising crime and worried that burglars would steal the TV set they were watching it on Yet they still settled down at 8 30pm on Friday nights between 1974 and 1977 to watch a series that celebrates the sometimes pathetic often ingenious recidivism of a group of social misfits who by their own admission are failed citizens How did such a comedy come to be seen as part of a golden age of British sitcom without ever losing its edge to nostalgia Crime like sex sells But Porridge did not romanticise villainy Written by Dick Clement and Ian La Frenais it's a satire of class consciousness and power warmed by a humanistic celebration of men on the margins of society Its heroes are weak inadequate misfits not tough glamorous gangsters Porridge was a success because the essence of situation comedy is confinement characters in this format are people who feel trapped and thwarted by circumstances beyond their control This therefore is the ultimate sitcom Richard Weight's entertaining study of this much loved classic places Porridge in the context of 1970s social upheavals explores how the series satirises structures of class and authority through Fletch and Godber's battles to outwit the prison officers Mr Mackay and Mr Barrowclough and traces its influences on TV comedy that followed
