Heaven's Touch James B. Kaler, 2022-11-29 A breathtaking account of how the surrounding cosmos impacts life on Earth Did you know that as you read these words showers of high speed particles from exploding stars are raining down on you As you gaze into the starry sky you might feel isolated from the Universe around you but you re not This book reveals the startling ways life on Earth is touched by our cosmic environment and demonstrates why without such contact life itself wouldn t be possible Heaven s Touch embarks on an unforgettable journey across the cosmos beginning in near space with a look at the gentle ebb and flow of lunar and solar tides Acclaimed astronomer James Kaler describes their subtle effects on our world and also explores the Sun s more potent influences such as solar storms that cause auroras give comets their tails and knock out power grids on Earth He ventures across the Solar System to consider how the planets can act to produce climate change even global disaster Kaler shows how Jupiter s gravity can throw asteroids toward potentially devastating collision with Earth and how even our whole Galaxy might hurl comet storms at us He then takes us into deepest space to describe the cosmic rays launched at us from exploding stars and considers not just how these exploders might harm us but how they also join together in the creation of stars and how they serve to populate the Universe with the very building blocks of life Informative and entertaining Heaven s Touch reveals how intimately connected we really are with the dynamic Universe in which we live

Goddesses of War Jason Coleman, 2008-05 The war over in Iraq started a war amongst heaven that ended up being on Purgatory The hole full of lifeless lumps of dead beat people that haven t been able to make a decision on God or Diablo Not to mention the evil decomposed and flustered lost souls of hell dragging their dead beat asses to war The souls of hell come in many shapes The evil beyond heaven landed on Purgatory on a rock called Onyx The bitch from hell herself The Black Rock Onyx hit Purgatory splitting the planet in half making it truly into a yin yang sign Now combined with heaven and hell God knew this was going to happen it is in his plan Two people from Earth and Purgatory that are as real as you and me end up with the greatest gift of all The gift that we all dream of having POWERS Powers like the heroes in the comic books Powers that exceed far beyond what we could ever imagine There is no end to them either They are unlimited powers of the heavens This caused the true heroes to emerge Efficacious and the Goddesses Of War and an additional man He has been searching for his one true love His life was full of loneliness and pain caused from his stepfather beating the shit out of him since childhood This made him wish and wonder if there truly was love from that one special person As they battle their way through Purgatory and Earth To save the Nation from Armageddon happening love is the one key that will hold them all together as one

At the Beach Jean-Didier Urbain,2003 Around the world when people think of vacation it s the beach they want even when long distances must be traversed the seashore is the place to escape the rigors of modern life How did this come to be and what does our ongoing love affair with the beach mean How do shore vacations differ from traditional tourism and what does this tell us about our fears and dreams In *At the Beach* Jean Didier Urbain offers witty and insightful answers to these questions Urbain traces the transformation of the beach from a place of mythological threats and a demanding workplace fraught with danger to a destination for medical treatment and the pursuit of pleasure He looks to the emergence of the modern vacation in the nineteenth century examines representations of beachgoing in literature and the arts and shows the transgressive side of beach culture from nudism to hedonism to various scandals about costume behavior and sexuality that make the beach the site of social spectacle as well as leisure Urbain s ultimate focus is the paradoxical enterprise of the residential seaside vacationer who travels in order to stay in one place and who leaves the everyday world behind to reconstruct an idealized version of it at the shore He argues that unlike tourists who move from place to place beach vacationers are not seeking to explore nature to discover other cultures or even to get away from it all rather they are attempting to re create their own identities through a simplified community they can no longer find elsewhere Blending history with social observation Urbain presents an original incisive and entertaining account of this enduring ritual of escape and recreation
