writers the field ever produced      **Mission of Gravity** Hal Clement,1987 Mesklin is a vast inhospitable disc shaped planet so cold that its oceans are liquid methane and its snows are frozen ammonia It is a world spinning dizzily a world where gravity can be a crushing 700 times greater than Earth's a world too hostile for human explorers But the planet holds secrets of inestimable value and an unmanned probe that has crashed close to one of its poles must be recovered Only the Mesklinites the small creatures so bizarrely adapted to their harsh environment can help And so Barlennan the resourceful and courageous captain of the Mesklinite ship Bree sets out on an heroic and appalling journey into the terrible unknown For him and his people the prize to be gained is as great as that for mankind Hal Clement's Mission of Gravity is universally regarded as one of the most important and best loved novels in the genre The remarkable and sympathetic depiction of an alien species and the plausible and scientifically based realization of the strange world they inhabit make it a major landmark in the history of hard sf      **Mission of Gravity** Hal Clement,Wallace A. Wood,1958      **Mad Planet** Murray

Leinster,2018-07-06 Mad Planet By Murray Leinster When the twenty first century drew to a close the whole human race began to revert to conditions closely approximating savagery The low lands were unbearable Thick jungles of rank growth covered the ground The air was depressing and enervating Men could live there but it was a sickly fever ridden existence The whole population of the earth desired the high lands and as the low country became more unbearable men forgot their two centuries of peace Murray Leinster called the dean of modern science fiction was writing amazing super science adventures in the early twenties before there ever was such a thing His short stories novelettes and serial novels have appeared in most of the major American magazines both slick and pulp and many have been reprinted all over the world He has made a distinguished name for himself in the fields of adventure historical western sea and suspense stories We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

*E.T., the Book of the Green Planet* William Kotzwinkle,1985 The gentle extraterrestrial's return to his home planet discloses that he has fallen out of favor with his colleagues who try to prevent his journey back to Earth to provide spiritual guidance for his young friend Elliott      **Out of the Silent Planet** C. S. Lewis,2018-05-02 In the first novel of C S Lewis's classic science fiction trilogy Dr Ransom a Cambridge academic is abducted and taken on a spaceship to the red planet of Malacandra which he knows as Mars His captors are plotting to plunder the planet's treasures and plan to offer Ransom as a

sacrifice to the creatures who live there Ransom discovers he has come from the silent planet Earth whose tragic story is known throughout the universe We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience      **Planet of the Damned** Harry Harrison,2018-01-17

This classic science fiction novel by Harry Harrison was originally published in Analog Science Fact Science Fiction as Sense of Obligation and has been for a Hugo Award It tells the story of Brion a man who has just won the prestigious Twenties competition in which he competed in 20 categories of human activities against entrants from across the globe However He is forced to leave his home to attempt to salvage the most horrific planet in the galaxy Dis This work is part of our Vintage Sci Fi Classics Series a series in which we are republishing some of the best stories in the genre by some of its most acclaimed authors such as Isaac Asimov Marion Zimmer Bradley and Robert Sheckley Each publication is complete with a short introduction to the history of science fiction      **Men of the Morning Star and Planet for Plunder** Edmond Hamilton, Hal

Clement, Sam Merwin, Jr., 2011 Two classic science fiction novels in one book Men of the Morning Star by Edmond Hamilton and Planet for Plunder by Hal Clement and Sam Merwin Jr      That Worlds May Live Nelson S. Bond, 2016-09-25 Armchair fiction presents extra large editions of the best in classic science fiction novels and short stories complete with original illustrations Here s one of the true early classics of science fiction penned by noted sci fi author Nelson S Bond While on a routine photography mission in outer space scientist Gary Lane made a terrifying discovery It appeared the Universe was no longer expanding the way it was supposed to an event directly at odds with the theories of Modern Science The Solar System was in fact contracting and as it did so its very existence was threatened Mankind had at best only a few months to live Even worse it appeared that this impending Armageddon was not a natural event but caused by something from outside by an alien enemy far beyond the boundaries of the Solar System So with the fate of Civilization in his hands Gary Lane set off on a frantic voyage from planet to planet desperately seeking to forge an interplanetary alliance against unknown enemies enemies hell bent on destroying every living thing in the Solar System      *Mercury* Ben Bova, 2006-03-07 As Mercury is explored for possible technological benefits Dante investigates the planet s potential as an orbit point for power satellites Victor looks for evidence of life and Elliot oversees the scientific progress of the first two      **Planet of the Damned - The Original Classic Edition** Harry Harrison, 2012-02-01 This was the first science fiction book I read as a kid too many years

ago than I care to count and it stimulated my interest in the genre Planet of the Damned is classic science fiction and a coming of age story The hero Brion is a young man given his first opportunity to prove his worthiness by trying to save Dis a horrible planet that seems hell bent on self destruction Harrison s imagination fills the page with sweeping scenery It is proof that epic science fiction does not need to go on for many volumes ala L Ron Hubbard This book blends action with Harrison s humor and inventiveness The book vividly depicts a man s search for an answer to a planets mystery From start to finish this book is interesting If you like science fiction this book is for you The way Harrison describes the characters the story and the planet is remarkable This is a must have      Rip Foster in Ride the Gray Planet HAROLD LELAND GOODWIN,2025-03-28

Join Rip Foster on a thrilling adventure in Rip Foster in Ride the Gray Planet a classic of juvenile science fiction Harold Leland Goodwin crafts a captivating tale of space travel and planet exploration perfect for readers of all ages This meticulously prepared edition invites you to experience the excitement of early science fiction Embark on a journey beyond Earth as Rip navigates the challenges and wonders of the cosmos This action packed story combines the thrill of adventure with the boundless possibilities of space offering a timeless escape to another world Discover a universe of imagination in this enduring tale of courage exploration and the enduring spirit of adventure in the vast expanse of space A must read for fans of classic science fiction This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
