Zurawski, Gabriele Boccaccini, 2017-07-10 Despite the impressive strides made in the past century in the understanding of Second Temple Jewish history and the strong scholarly interest in paideia within ancient Greek Hellenistic Roman and late antique Christian cultures the nature of Jewish paideia during the period has until recently received surprisingly little attention. The essays collected here were first offered for discussion at the Fifth Enoch Seminar Nangeroni Meeting held in Naples Italy from June 30 July 4 2015 the purpose of which was to gain greater insight into the diversity of views of Jewish education during the period both in Judea and Diaspora communities by viewing them in light of their contemporary Greco Roman backgrounds and Ancient Near Eastern influences Together they represent the broad array of approaches and specialties required to comprehend this complex and multi faceted subject and they demonstrate the fundamental importance of the topic for a fuller understanding of the period The volume will be of particular interest to students and scholars of the history and culture of the Jewish people during the Hellenistic and Roman periods ancient education and Greek and Roman history MacArthur Study Bible, 2nd Edition Thomas Nelson, 2021-03-30 Over 2 million readers around the world have had their spiritual lives enriched and their understanding of God's Word expanded by The MacArthur Study Bible Drawing on more than fifty years of dedicated pastoral and scholarly work Dr John MacArthur's verse by verse study notes book introductions and articles display an unparalleled commitment to interpretive precision with the goal of making God known through His Word Features include Fully redesigned second edition with updated study notes and expanded selection of maps and charts Nearly 25 000 verse by verse study notes 190 in text maps charts and diagrams that illustrate the meanings themes teachings people and places of Scripture Outline of Systematic Theology More than 80 000 cross references Concordance Bible reading plans Chronology of Old Testament Patriarchs and Judges Chronology of Old Testament Kings and Prophets Chronology of the New Testament Overviews of Christ's Life Ministry and Passion Week Harmony of the Gospels Introductions to each major section of Scripture Index to Key Bible Doctrines The Ancient Languages of Syria-Palestine and Arabia Roger D. Boustan, Oren Kosansky, Marina Rustow, 2011-01-24 Over the past several decades the field of Jewish studies has expanded to encompass an unprecedented range of research topics historical periods geographic regions and analytical approaches Yet there have been few systematic efforts to trace these developments to consider their implications and to generate new concepts appropriate to a more inclusive view of Jewish culture and society Jewish Studies at the Crossroads of Anthropology and History brings together scholars in anthropology history religious studies comparative literature and other fields to chart new directions in Jewish studies across the disciplines This groundbreaking volume explores forms of Jewish experience that span the period from antiquity to the present and encompass a wide range of textual ritual spatial and visual materials The essays give full consideration to non written expressions of ritual performance artistic production spoken narrative and social experience through which Jewish life emerges More than simply contributing to an appreciation of Jewish diversity the contributors devote their attention to three key concepts authority diaspora and tradition that have long been central to the study of Jews and Judaism Moving beyond inherited approaches and conventional academic boundaries the volume reconsiders these core concepts reorienting our understanding of the dynamic relationships between text and practice and continuity and change in Jewish contexts More broadly this volume furthers conversation across the disciplines by using Judaic studies to provoke inquiry into theoretical problems in a range of other areas
