Biblical Women and Jewish Daily Life in the Middle Ages Elisheva Baumgarten, 2022-06-07 In *Biblical Women and Jewish Daily Life in the Middle Ages* Elisheva Baumgarten seeks a point of entry into the everyday existence of people who did not belong to the learned elite and who therefore left no written records of their lives She does so by turning to the Bible as it was read reinterpreted and seen by the Jews of medieval Ashkenaz In the tellings retellings and illustrations of biblical stories and especially of those centered around women Baumgarten writes we can find explanations and validations for the practices that structured birth marriage and death women s inclusion in the liturgy and synagogue and the roles of women as community leaders givers of charity and keepers of the household Each of the book s chapters concentrates on a single figure or a cluster of biblical women Eve the Matriarchs Deborah Yael Abigail and Jephthah s daughter to explore aspects of the domestic and communal lives of Northern French and German Jews living among Christians in urban settings Throughout the book more than forty vivid medieval illuminations most reproduced in color help convey to modern readers what medieval people could have known visually about these biblical stories I do not claim that the genres I analyze here literature art exegesis mirror social practice Baumgarten writes Rather my goal is to examine how medieval Jewish engagement with the Bible offers a window onto aspects of the daily lives and cultural mentalit s of Ashkenazic Jews in the High Middle Ages In a final chapter Baumgarten turns to the historical figure of Dulcia a late twelfth century woman to ponder how our understanding of those people about whom we know relatively more can be enriched by considering the lives of those who have remained anonymous The biblical stories through which Baumgarten reads contributed to shaping a world that is largely lost to us and can help us in turn to gain access to lives of people of the past who left no written accounts of their beliefs and practices

Oral Tradition in Ancient Israel Robert D. Miller II, OFS, 2011-09-08 Providing a comprehensive study of oral tradition in Israel this volume unpacks the nature of oral tradition the form it would have taken in ancient Israel and the remains of it in the narrative books of the Hebrew Bible The author presents cases of oral written interaction that provide the best ethnographic analogies for ancient

Israel and insights from these suggest a model of transmission in oral written societies valid for ancient Israel Miller reconstructs what ancient Israelite oral literature would have been and considers criteria for identifying orally derived material in the narrative books of the Old Testament marking several passages as highly probable oral derivations Using ethnographic data and ancient Near Eastern examples he proposes performance settings for this material The epilogue treats the contentious topic of historicity and shows that orally derived texts are not more historically reliable than other texts in the Bible

Midrash VaYosha Rachel S. Mikva, Rachel Mikva, 2012 Rachel S Mikva undertakes a close examination of Midrash vaYosha a medieval rabbinic text which explicates the Song at the Sea Ex 15 1 18 and the events of the exodus from Egypt leading up to that climactic moment Relatively short midrashim focusing on a brief biblical narrative or theme were composed in large numbers during the medieval period and their extant manuscripts are sufficient in number to demonstrate the great popularity of the genre Based on early manuscripts two different recensions are transcribed and translated with significant annotation exploring variants parallels exegetical significance and literary style A thorough historical analysis suggests that the midrash was performed as explication of the Torah reading at a certain point in its development part of the gradual attenuation of live Targum As Midrash vaYosha leaves the synagogue its narrative dimension grows tremendously yielding significant insight into the development of medieval Jewish exegesis

Blurred Boundaries and Deceptive Dichotomies in Pre-Modern Texts and Images Dafna Nissim, Vered Tohar, 2023-12-18 This collection of essays focuses on the way blurred boundaries are represented in pre modern texts and visual art and how they were received and perceived by their audiences readers listeners and viewers According to the current understanding that opposing cognitive categories that are so common in modern thinking do not apply to pre modern mentalities we argue that individuals in medieval and pre modern societies did not necessarily consider sacred and secular male and female real and fictional and opposing emotions as absolute dichotomies The contributors to the present collection examine a wide range of cultural artifacts literary texts wall paintings sculptures jewelry manuscript illustrations and various objects as to what they reflect regarding the dominant perceptual system the network of beliefs worldviews presumptions values and norms of viewing reading hearing different from modern epistemology strongly predicated on the binary nature of things and people The essays suggest that analyzing pre modern cultural works of art or literature in light of reception theory can lead to a better understanding of how those cultural products influenced individuals and impacted their thoughts and actions

as well as folklore's commoditization. In the final section on practice essays offer insights into how folklorists work what they do and ways in which they have institutionalized their field. Throughout contributors investigate the interplay of folklore and folkloristics in both academic and political arenas they evaluate key issues in the folk life of communities from around the world including China post communist Russia post colonial India South America Israel and Japan. Modern Jewish Mythologies Glenda Abramson, 2000-04-01 Based on the Mason Lectures delivered at the Oxford Centre for Hebrew and Jewish Studies in the winter of 1995 the ten essays in this volume demonstrate the function and dynamic effect Jewish mythologies in social political and psychological life. Eli Yassif's introduction illustrates the complex relationship between myth and ritual in modern Jewish culture. In a separate essay he focuses on the ancient Jewish tale of the Golem a myth that presents an exemplary test case for the exploration of cultural continuity. Using the testimonies of Jewish immigrants from eastern Europe to Britain and the battle on the plain of Latrun in the Israeli War of Independence David Cesarani and Anita Shapira demonstrate that the process of creating myth is related in one way or another to attempts by specific social and ethnic groups to shape their collective memory. Along these lines Milton Shain and Sally Frankental interrogate the view that during the apartheid period in South African history South African Jewry operated on a higher moral plane than most other white South Africans. And while Nurith Gertz examines the male superhero that dominated the early national Zionist cinema and reflected the center of gravity in the Zionist myth Dan Urian analyzes two Israeli plays produced in the 1990s that examine the myth of the biblical Sarah rewritten from a feminist perspective. Other essays examine widely held cultural beliefs of contemporary Western Jewry. Jonathan Webber questions whether memory is an essentially Jewish value and remembrance a Jewish moral duty. Tudor Parfitt explores Western and Israeli perceptions of the Yemenite Jews and Sylvie Anne Goldberg in examining the evolving role of the chevrah kaddisha in Prague discusses changes in perceptions of communal institutions and traditional and modern Jewish attitudes with regard to death. Finally Matthew Olshan offers an analysis of Kafka's animal fables as parables for the Jewish response to tradition.

Classics Transformed in Jewish, Israeli, and Palestinian Receptions, 2025-02-19 Classics Transformed in Jewish Israeli and Palestinian Receptions invites the reader to view classical antiquity through the writings of poets translators and scholars emerging from modern Jewish diasporas. Mandatory Palestine and the State of Israel who engaged with Greek and Roman literary precedents. Whereas these voices have up to now been mostly studied independently of one another as separate fields of research this volume brings some of these distinct voices who nevertheless share a connection to Greco Roman antiquity into conversation with one another. Taking its cue from the crisis of humanism following the Holocaust the chapters take as their themes the destruction of home displacement and different forms of wandering and homecomings drawing connections to acts of translation and transmission of the classics to form a picture of cultural and textual states of alterity. The volume

shows that Jewish Israeli and Palestinian responses to the classics are entangled and even complementary despite their different trajectories The chapters included here focus particularly on critical moments in Jewish and Palestinian existence when the reception of classical humanism is closely linked to issues of survival On offer here is a historically grounded investigation into the ways Jews Israelis and Palestinians have used classical antiquity and classical philology to validate their identity in a rapidly changing society

Medieval Jewish Philosophy and Its Literary Forms Aaron W. Hughes, James T. Robinson, 2019-07-11 This well written accessible essay collection demonstrates a maturation in Jewish studies and medieval philosophy Choice Too often the study of philosophical texts is carried out in ways that do not pay significant attention to how the ideas contained within them are presented articulated and developed This was not always the case The contributors to this collected work consider Jewish philosophy in the medieval period when new genres and forms of written expression were flourishing in the wake of renewed interest in ancient philosophy Many medieval Jewish philosophers were highly accomplished poets for example and made conscious efforts to write in a poetic style This volume turns attention to the connections that medieval Jewish thinkers made between the literary the exegetical the philosophical and the mystical to shed light on the creativity and diversity of medieval thought As they broaden the scope of what counts as medieval Jewish philosophy the essays collected here consider questions about how an argument is formed how text is put into the service of philosophy and the social and intellectual environment in which philosophical texts were produced
