Hebrew Through Prayer Two:

Ivrit's Place in the Dual Curriculum Model of Orthodox Jewish High Schools in North America Reuven Chaim (Rudolph) Klein, 2021-11-11 The dual curriculum model ubiquitous to Orthodox Jewish day schools in North America typically bifurcates into religious Judaic studies and general studies While most classes generally fit into one of those two halves of the curriculum some classes are not intuitively categorized as wholly belonging to one part over the other One of those classes is Ivrit Modern Hebrew This study aims to describe Ivrit's place in the dual curriculum model and the various factors that contribute to that reality by exploring the context in which Ivrit emerged as a subject matter for Orthodox schools and seeking to identify trends in the ways Ivrit is taught This paper lays out the theories behind how ideology influences curriculum formation and documents how Hebrew has fit into the curriculum of Jewish Education throughout the ages It also provides a picture of the particular context of North American Orthodox Jewry that this study focuses on as well as a review of the different theories behind Hebrew education heritage language vs communicative language With this theoretical background in hand this dissertation surveyed 36 Orthodox high schools in North America to better understand how they viewed Ivrit's place and shows that ultimately this subject's place in the dual curriculum model remains ambiguous Documenting how Ivrit is taught and examining the reasons as to why Ivrit is taught helped shed light on Ivrit's precarious place in the dual curriculum model as some of those policies techniques motives seem to line up with the aims of the Judaic studies curriculum while others seemingly reflect the goals of the general studies curriculum

Functions of Psalms and Prayers in the Late Second Temple Period Mika S. Pajunen, Jeremy Penner, 2017-07-24 When thinking about psalms and prayers in the Second Temple period the Masoretic Psalter and its reception is often given priority because of modern academic or theological interests This emphasis tends to skew our understanding of the corpus we call psalms and prayers and often dampens or mutes the lived context within which these texts were composed and used This volume is comprised of a collection of articles that explore the diverse settings in which psalms and prayers were used and circulated in the late Second Temple period The book includes essays by experts in the Hebrew bible the Dead Sea scrolls Apocrypha and Pseudepigrapha and the New Testament in which a wide variety of topics approaches and methods both old and new are utilized to explore the many functions of psalms and prayers in the late Second Temple period Included in this volume are essays examining how psalms were read as prophecy as history as liturgy and as literature A variety methodologies are employed and include the use of cognitive sciences and poetics linguistic theory psychology redaction criticism and literary theory

Jewish Writings of the Second Temple Period Michael E. Stone, 1984-01-01 This volume describes that part of the rich literary production of ancient Judaism which was not contained in the Hebrew Bible nor in rabbinic literature These writings originated in the Second Temple period which proved highly creative in the midst of strong external influences and internal movements Prime example are the Dead Sea Scrolls documents of an extremely separatist sect Their discovery in

1947 revolutionized our understanding of Second Temple Judaism and its literature. The scrolls appear more or less related in spirit to a group of writings transmitted by Christianity and known as the Pseudepigrapha. Yet another group are the Apocrypha, closely related to later biblical writings and incorporated within the Greek Old Testament. Finally, the encounter with Greek culture is documented by Jewish authors writing in Greek, notably Philo and Josephus. After a historical outline which sets the stage, the chapters of this book describe and analyse these documents. Selective bibliographies for further reading conclude the chapters.

Studies in Jewish Prayer (Studies in Judaism) Tzvee Zahavy, 1990-07-18. In this collection of essays, Professor Zahavy explores the origins and early history of prayer in Judaism. He examines the growth of rabbanic liturgy from immediately after the destruction of the Temple in 70 CE until the close of the Talmud of the Land of Israel. Zahavy shows how rabbanic rules for prayer reflect the historical circumstances of the Jews in late antique Israel. He argues, based on close textual analysis, that rabbis had little influence over the governance of synagogues in the first and second centuries.

Prayers of Jewish Women Markus H. McDowell, 2006. Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers. The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of some fresh insights for the study of women's religious and social roles in the ancient world. The texts are analyzed and categorized within five areas: social location, content, form, occasion, and gender perspective. The prayers are also compared and contrasted with men's prayers in the same sources. The analysis includes locating as much as possible the historical, literary, and cultic context of each document in which these prayers appear. By examining all prayers in these texts uttered by women, not just prayers of named or prominent women, and then comparing them with all the prayers of men in those same texts, certain patterns appear. This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns that appear among the prayers in the literature of the Second Temple period. While there are fewer prayers by women than men in this literature, the prayers of women are not portrayed as significantly different from those of men in terms of social location, content, form, or occasion. At the same time, the prayers of women exhibit other patterns of language and, in a minor way, form and occasion that differ from the prayers of men.

The Literature of the Jewish People in the Period of the Second Temple and the Talmud, Volume 3: The Literature of the Sages Shmuel Safrai z"l, Ze'ev Safrai, Joshua J. Schwartz, Peter Tomson, 2006-01-01. This long-awaited companion volume to *The Literature of the Sages* First Part, Fortress Press 1987, brings to completion Section II of the renowned Compendia series. *The Literature of the Sages* Second Part explores the literary creation of thousands of ancient Jewish teachers, the often anonymous Sages of late antiquity and the Middle Ages. Passwords to Paradise Nicholas Ostler,2016-02-23 In the beginning was the Word and the Word was with God and the Word was God So opens the Gospel of John an ancient text translated into almost every language at once a compelling and beguiling metaphor for the Christian story of the Beginning To further complicate matters the words we read now are in any number of languages that would have been unknown or unrecognizable at the time of their composition The gospel may have been originally dictated or written in Aramaic but our only written source for the story is in Greek Today as your average American reader of the New Testament picks up his or her Bible off the shelf the phrase as it appears has been translated

from various linguistic intermediaries before its current manifestation in modern English How to understand these words then when so many other translators languages and cultures have exercised some level of influence on them Christian tradition is not unique in facing this problem All religions if they have global aspirations have to change in order to spread their influence and often language has been the most powerful agent thereof Passwords to Paradise explores the effects that language difference and language conversion have wrought on the world s great faiths spanning more than two thousand years It is an original and intriguing perspective on the history of religion by a master linguistic historian **The Bloomsbury Companion to Jewish Studies** Dean Phillip Bell,2013-08-15 The Bloomsbury Companion to Jewish Studies is a comprehensive reference guide providing an overview of Jewish Studies as it has developed as an academic sub discipline This volume surveys the development and current state of research in the broad field of Jewish Studies focusing on central themes methodologies and varieties of source materials available It includes 11 core essays from internationally renowned scholars and teachers that provide an important and useful overview of Jewish history and the development of Judaism while exploring central issues in Jewish Studies that cut across historical periods and offer important opportunities to track significant themes throughout the diversity of Jewish experiences In addition to a bibliography to help orient students and researchers the volume includes a series of indispensable research tools including a chronology maps and a glossary of key terms and concepts This is the essential reference guide for anyone working in or exploring the rich and dynamic field of Jewish Studies **The Sunday School Journal** ,1899 **A New Sound in Hebrew Poetry** Miryam Segal,2010-01-02 With scrupulous attention to landmark poetic texts and to educational and critical discourse in early 20th century Palestine Miryam Segal traces the emergence of a new accent to replace the Ashkenazic or European Hebrew accent in which almost all modern Hebrew poetry had been composed until the 1920s Segal takes into account the broad historical ideological and political context of this shift including the construction of a national language culture and literary canon the crucial role of schools the influence of Zionism and the leading role played by women poets in introducing the new accent This meticulous and sophisticated yet readable study provides surprising new insights into the emergence of modern Hebrew poetry and the revival of the Hebrew language in the Land of Israel *Honoring the Father Through Prayer* Brenda Stanford Southerland,2012-10-04 For author Brenda Stanford Southerland honoring the Father through prayer is more valuable than gold or silver and it truly yields precious rewards In *Honoring the Father through Prayer* she presents a guided study of the book of Isaiah to show how prayers can greatly impact the lives of Christians The book of Isaiah often referred to as the mini Bible with its sixty six chapters demonstrates the importance of prayer and studying Isaiah yields rich fruit With emphasis on biblical examples Brenda helps Christians by delivering a model for prayer Her model teaches about Isaiah the man a prophet of God provides a perspective on Israels historical backgroundnational and international discusses the prophecy of Babylonian exile explores Gods grace through divine deliverance and restoration delivers a true perspective on prayer as it
