**Hedge of Wild Almonds** Hope Hay Hewison, 1989      The Daily Discoveries of a Bible Scholar and Manuscript Hunter: A Biography of James Rendel Harris (1852–1941) Alessandro Falcetta, 2018-05-31 This is the first full biography of James Rendel Harris 1852 1941 Bible and patristic scholar manuscript collector Quaker theologian devotional writer traveller folklorist and relief worker Drawing on published and unpublished sources gathered in the United States Europe and the Middle East many of which were previously unknown Alessandro Falcetta tells the story of Harris s life and works set against the background of the cultural and political life of contemporary Britain Falcetta traces the development of Harris s career from Cambridge to Birmingham the story of his seven journeys to the Middle East and of his many campaigns from religious freedom to conscientious objection The book focuses upon Harris s innovative contributions in the field of textual and literary criticism his acquisitions of hundreds of manuscripts from the Middle East his discoveries of early Christian works in particular the Odes of Solomon his Quaker beliefs and his studies in the cult of twins His enormous output and extensive correspondence reveal an indefatigable genius in close contact with the most famous scholars of his time from Hort to Harnack Nestle the Sisters of Sinai and Frazer      Hedge of Wild Almonds Hope Hay Hewison, 1989      Journal of the Botanical Society of South Africa Botanical Society of South Africa, 1927      Legalized Identities Lucas Lixinski, 2021-04-08 Cultural heritage is a feature of transitioning societies from museums commemorating the end of a dictatorship to adding places like the Auschwitz Birkenau concentration camp to the World Heritage List These processes are governed by specific laws and yet transitional justice discourses tend to ignore law s role assuming that memory in transition emerges organically This book debunks this assumption showing how cultural heritage law is integral to what memory and cultural identity is possible in transition Lixinski attempts to reengage with the original promise of transitional justice to pragmatically advance societies towards a future where atrocities will no longer happen The promise in the UNESCO Constitution of lasting peace through cultural understanding is possible through focusing on the intersection of cultural heritage law and transitional justice as Lixinski shows in this ground breaking book      Calculating compassion Rebecca Gill, 2016-05-16 Calculating compassion examines the origins of British relief work in late nineteenth century wars on the continent and the fringes of Empire Commencing with the Franco Prussian war of 1870 71 it follows distinguished surgeons and lady amateurs as they distributed aid to wounded soldiers and distressed civilians often in the face of considerable suspicion Dispensing with the notion of shared humanitarian ideals it examines the complex and sometimes controversial origins of organised relief and illuminates the emergence of practices and protocols still recognisable in the delivery of overseas aid This book is intended for students academics and relief practitioners interested in the historical concerns of first generation relief agencies such as the British Red Cross Society and the Save the Children Fund and their legacies today      *Adventure Trails in Kirstenbosch* Daphne Mackie, 2012-10-18 These five imaginative trails capture the magic of nature within Kirstenbosch South Africa s best

known botanical garden Eager young adventurers will have hours of fun discovering prehistoric gems enchanted forests secret gardens mysterious mirror pools and much more Each route description is accompanied by a map and beautiful photographs and illustrations while the text is packed with information about striking and surprising trees flowers birds insects animals and tidbits from history as well as descriptions of the best places to play and relax This whimsical guide is a must have companion for any young adventurer setting off into Cape Town's much loved garden *The Annals of the Bolus Herbarium* Bolus Herbarium, 1914 *Poisonous Plants of South Africa* Ben-Erik Van Wyk, Fanie Van Heerden, Bosch Van Oudtshoorn, 2002 *Poisonous plants of South Africa* is a guide to the most commonly occurring poisonous plants in South Africa *The British Peace Movement 1870-1914* Paul Laity, 2002-01-03 This is the first detailed scholarly study of the late Victorian and Edwardian peace movement the campaigns of which made a significant impact on political debate especially during the Franco Prussian War 1870-1 the Bulgarian Atrocities campaign 1876-8 Britain's conflict in Egypt 1882 the South African War 1899-1902 and the intensifying international crisis before 1914 The movement's activists included Richard Cobden Herbert Spencer Keir Hardie J A Hobson and Norman Angell Among the first to benefit from the opening of the Peace Society Archive the book focuses on the specialized associations at the heart of the peace movement Paul Laity identifies the existence of different programmes for the achievement of a just permanent peace and offers a new interpretation of the reaction of peace campaigners to war in 1914 At the same time his book makes an important and original contribution to the history of popular politics and political ideas in Britain *British Quakerism, 1860-1920* Thomas C. Kennedy, 2001 In 1860 the British Society of Friends was a peculiar inward looking sect diminishing in numbers and influence By 1920 British Quakerism theologically liberal socially active and radically pacifist emerged from a dramatic confrontation with the Warrior State possessed of economic social and moral influence out of all proportion to its still minuscule size 20 000 This carefully researched study chronicles the story of Quakerism's transformation during one of the most momentous periods in the history of the London now British Yearly Meeting of Friends *Women's Experience of Modernity, 1875-1945* Ann L. Ardis, Leslie W. Lewis, 2003-05-22 A collection of essays on women's history and literary production at the turn of the twentieth century that centers the feminine phenomena Analyzing such cultural practices as selling and shopping political and social activism urban field work and rural labor radical discourses on feminine sexuality and literary and artistic experimentation this volume contributes to the rich vein of current feminist scholarship on the gender of modernism and challenges the assumption that modernism rose naturally or inevitably to the forefront of the cultural landscape at the turn of the twentieth century During this period women's experience was a rallying cry for feminists a unifying cause that allowed women to work together to effect social change and make claims for women's rights However it also proved to be a source of great divisiveness among women for claims about its universality quickly unraveled to reveal the classism racism and Eurocentrism of various feminist activities and organizations The essays in this volume examine both

literary and non literary writings of Jane Addams Djuna Barnes Toru Dutt Radclyffe Hall H D Pauline Hopkins Emma Dunham Kelley Amy Levy Alice Meynell Bram Stoker Ida B Wells Rebecca West and others Instead of focusing exclusively or even centrally on modernism and literature these essays address a broad array of textual materials from political pamphlets to gynecology textbooks as they investigate women s responses to the rise of commodity capitalism middle class women s entrance into the labor force the welfare state s invasion of the working class home and the intensified eroticization of racial and class differences

**The Boer War** Fred R. van Hartesveldt,2000-05-30 One hundred years after the Boer War the British continue to debate what went wrong while the war has significant nationalist overtones in today s South Africa This book examines changes in interpretations of the war and provides a bibliography of major sources on the Boer War now sometimes called the South African War The bibliography focuses on the military history but also includes some historical accounts of the political debate The first part of the book provides an extended historiographical essay while part two provides an annotated bibliography of the titles discussed in part one Historiographical questions concerning the Boer War are numerous Discussions of military operations focus on the early use of modern weaponry and the effect of guerrilla tactics on a traditional force while other historians debate the question of British military leadership and organization Questions also revolve around British imperialism and the scramble for Africa Frequently called the second war for freedom by South African authors the war was the reason that South Africa unlike other British colonies gained independence without majority rule This makes the war of continuing relevance to the turmoil in South Africa the collapse of the minority government and the continuing problems of the current government This book will provide a useful tool for those wishing to research the war

The South African War reappraised Donal Lowry,2017-03-01 This text brings together contributions from scholars in South African and imperial history to examine the international dimensions of the war including a historiographical review of a century of writing on the origins of the war *Theology at War and Peace* Mark D. Chapman,2016-10-14 This book is the first detailed discussion of the impact of the First World War on English theology Assessing the close relationships between English and German theologians before the First World War Chapman then explores developments throughout the war A series of case studies make use of a large amount of unpublished material showing how some theologians sought to maintain relationships with their German colleagues while others especially from a more Anglo Catholic perspective used the war as an opportunity to distance themselves from the liberal theology which was beginning to dominate the universities before the war The increasing animosity between Britain and Germany meant that relations were never healed English theology became increasingly insular dividing between a more home grown variety of liberalism and an ascendant Anglo Catholicism Consequently this book offers useful insights into the development of theology in the twentieth century and will be of keen interest to scholars and students of the history of theology

**Holiness: The Soul of Quakerism** Carole Dale Spencer,2007-12-01 No single word conjures up religion spirituality or the sacred more than holiness Yet its meaning in

Christian theology and application in Christian practice has been greatly misunderstood Few Quakers today of any persuasion would recognize the mystical depth of meaning the concept had for Quakers down through the centuries Holiness The Soul of Quakerism recovers the essential place of holiness theology in three centuries of Quaker history It explores how Quaker spirituality was shaped in its inception by the experience of union with God otherwise known in the Christian tradition as perfection and examines selected figures from Quaker history who represent different emphases of holiness in the context of their time and culture **Chinese Labour in South Africa, 1902-10** R. Bright, 2013-11-01 This book explores the decision of the British Empire to import Chinese labour to southern Africa despite the already tense racial situation in the region It enables a clearer understanding of racial and political developments in southern Africa during the reconstruction period and places localised issues within a wider historiography **Reconstructed World** Barbara Roberts, 1996-06-18 Born in Leicester England and raised in a working class family Richardson emigrated to northern Manitoba in 1911 She was influential in the women s and peace movements in both countries Devoutly religious she challenged orthodoxy and worked outside the mainstream churches for peace and social justice She cofounded one of the earliest suffrage groups in Manitoba and was a key activist in peace movements during the Boer War and World War I She also served as an information centre for international antiwar news and ran an internationally focused women s peace crusade in World War I from her Manitoba farmhouse via the post and newspaper columns Richardson was also a gifted writer and poet She wrote on a variety of women s movement issues for British and Canadian newspapers and magazines including Woman s Century the magazine of the National Council of Women of Canada Her outcries against war her indictment of militarism and her call for women and men to stand together for justice were powerful messages that still have resonance today Tragically poor health both mental and physical interfered with Richardson s work and prevented her from achieving the recognition attained by feminist contemporaries such as Nellie McClung **The New Imperial Histories Reader** Stephen Howe, 2020-07-24 In recent years imperial history has experienced a newfound vigour dynamism and diversity There has been an explosion of new work in the field which has been driven into even greater prominence by contemporary world events However this resurgence has brought with it disputes between those who are labelled as exponents of a new imperial history and those who can by default be termed old imperial historians This collection not only gathers together some of the most important influential and controversial work which has come to be labelled new imperial history but also presents key examples of innovative recent writing across the broader fields of imperial and colonial studies This book is the perfect companion for any student interested in empires and global history **The Culture of the Horse** K. Raber, T. Tucker, 2016-04-30 This volume fills an important gap in the analysis of early modern history and culture by reintroducing scholars to the significance of the horse A more complete understanding of the role of horses and horsemanship is absolutely crucial to our understanding of the early modern world Each essay in the collection provides a snapshot of how horse culture and the broader culture that tapestry of

images objects structures sounds gestures texts and ideas articulate Without knowledge of how the horse figured in all these aspects no version of political material or intellectual culture in the period can be entirely accurate
