How to Invest in Hedge Funds Matthew Ridley, 2004 Praise and Reviews As hundreds of billions of capital seek an appropriate match with thousands of hedge funds, Matthew Ridley has produced a survey of the major hedge fund strategies that will be of great utility to the novice or pro. Comprehensive, insightful, readable, leavened with common sense and wit, it is much like a Consult's due diligence review. Bruce G. Wilcox, Chairman, Cumberland Associates, LLC. Extremely informative, a thorough synopsis of how funds view different investments. Matt has taken a very complicated process and simplified it so everyone can understand it. After reading this book, everyone will believe they can manage a hedge fund. Marc Lasry, Founder and Managing Partner, Avenue Capital Group. In light of the recent equity bear market and increasing retail and institutional interest in hedge funds, Matt Ridley's book is a most timely introduction and analysis of this complex and diverse asset class. Gary Brass, Managing Director, Consult Limited. An excellent book that gives a pragmatic coverage of the area without sacrificing depth. Ridley's lengthy experience of the asset class really shines through. This book should leave investment professionals new to the area with the skills they need to hit the ground running, ready to appraise, select, and monitor hedge funds and hold their own, even when analysing the most complex of strategies. Dr. Chris Jones, Director, Alternative Investment Strategies for Investors, Visiting Associate. Over the past decade, hedge funds have experienced considerable growth as an alternative asset class.
