Heine Poet In Exile

Meredith L. McGill

Heine Poet In Exile:

Poet in Exile Antonina Vallentin,1934 Poet in exile Antonina Vallentin,1970 HEINE Antonina Vallentin,1956
Donated by Sydney Harris **Poet in Exile; the Life of Heinrich Heine. Translated by Harrison Brown** Antonina Vallentin,1934 *Heinrich Heine: an Exile in His Time as Revealed in His Poetry and Prose* LeRoy H. Larson,Heinrich Heine,1970 **Heine: Poet in Exile. Translated by Harrison Brown** Antonina Vallentin,1956 In the Face of Adversity Thomas Nolden,2023-02-20 In the Face of Adversity explores the dynamics of translating texts that articulate particular notions of adverse circumstances The chapters illustrate how literary records of often painful experiences and dissenting voices are at risk of being stripped of their authenticity when not carefully handled by the translator how cultural moments in which the translation of a text that would have otherwise fallen into oblivion instead gave rise to a translator who enabled its preservation while ultimately coming into their own as an author as a result and how the difficulties the translator faces in intercultural or transnational constellations in which prejudice plays a role endangers projects meant to facilitate mutual understanding The authors address translation as a project of making available and preserving a corpus of texts that would otherwise be in danger of becoming censored misperceived or ignored They look at translation and adaptation as a project of curating textual models of personal communal or collective perseverance and they offer insights into the dynamics of cultural inclusion and exclusion through a series of theoretical frameworks as well as through a set of concrete case studies drawn from different cultural and historical contexts The collection also explores some of the venues that artists have pursued by transferring artistic expressions from one medium into another in order to preserve and disseminate important experiences in different cultural settings media and arts *The Frankfurt School in Exile* Thomas Wheatland,2009 Thomas Wheatland examines the influence of the Frankfurt School or Horkheimer Circle and how they influenced American social thought and postwar German sociology He argues that contrary to accepted belief the members of the group who fled oppression in Nazi Germany in 1934 had a major influence on postwar intellectual life *The Traffic in Poems* Meredith L. McGill,2008 The transatlantic crossing of people and goods shaped nineteenth century poetry in surprising ways that cannot be fully understood through the study of separate national literary traditions American and British poetic cultures were bound by fascination envy influence rivalry recognition and piracy as well as by mutual fantasies about and competition over the Caribbean Drawing on examples such as Felicia Hemans s elaboration of the foundational American myth of Plymouth Rock Emma Lazarus s ambivalent welcome of Europe s cast off populations black abolitionist Mary Webb s European performances of Hiawatha and American reprints of Robert Browning and George Meredith the eleven essays in this book focus on poetic depictions of exile slavery immigration and citizenship and explore the often asymmetrical traffic between British and American poetic cultures Poems and Ballads of Heinrich Heine Heinrich Heine,2016-12-01 German poet Heinrich Heine began his career penning lyric verses in the tradition of the European Romantics including a series of poems

that were set to music by composers such as Franz Schubert and Robert Schumann However as his style evolved Heine began to be more influenced by the political landscape of his era and his poetry started to incorporate elements such as satire and irony This collection brings together verses from all of Heine's literary phases *The Fortunes of German Writers in America* Wolfgang Ifer, James N. Hardin, Günther Holst, 1992 *Creative Encounter* Leland R. Phelps, A. Tilo

Alt, 2020-05-01 A collection of thirteen essays by comparatists and Germanists published in celebration of the scholar and poet Herman Salinger The essays range from Greek antiquity to the twentieth century from the Sophoclean Electra to Rilke Two poems by Rudolf Hagelstange and Karl Krolow Tabula Gratulatoria and a bibliography of Herman Salinger's publications are also included in the volume The contributors include John Kunstmann Helmut Rehder Leland Phelps Frank Borchardt Eugene Falk Haskell Block Beda Allemann James O Flaherty Tilo Alt William Rey George Schoolfield and Hermann Weigand

Literary Exiles from Nazi Germany Johannes Franciscus Evelein, 2014 Captures the learning process of Nazi era literary exiles following in the footsteps of legendary literary exemplars of exile Exile is as old as humanity itself but a radically new fate for the novice exile who falls into a world about which personal experience can tell him nothing He does however know a great number of stories myths legends allegories biblical or historical accounts about exile The novice's search for a foothold initiates a learning process in which the exilic tradition assumes a major role The present book captures this learning process it is a cultural history of exile as it was experienced by thousands of German and Austrian writers and intellectuals who opposed National Socialism among them Brecht Canetti Seghers Remarque the Manns and Ludwig Marcuse It shows how slowly exile becomes a reality through the growing awareness of and reference to the exemplary figures of a shared fate Scores of fellow travelers from the mythic figures Odysseus and Ahasverus The Eternal Jew to writers such as Heinrich Heine and Victor Hugo frame the experience of exile imbuing it with meaning giving it depth and even elevating it to a High Moral Office They frequently make appearances in the narratives of the Nazi era exiles The Russian American exile poet Joseph Brodsky called writers in exile retrospective and retroactive beings What their retrospective gazes yield as they search for meaning in banishment is at the heart of this book Johannes F Evelein is Professor of Language and Culture Studies at Trinity College Hartford Connecticut

Germany from the Outside Laurie Ruth Johnson, 2022-09-08 The nation state is a European invention of the 18th and 19th centuries In the case of the German nation in particular this invention was tied closely to the idea of a homogeneous German culture with a strong normative function As a consequence histories of German culture and literature often are told from the inside as the unfolding of a canon of works representing certain core values with which every person who considers him or herself German necessarily must identify But what happens if we describe German culture and its history from the outside And as something heterogeneous shaped by multiple and diverse sources many of which are not obviously connected to things traditionally considered German Emphasizing current issues of migration displacement systemic injustice and belonging *Germany from the Outside* explores new opportunities for

understanding and shaping community at a time when many are questioning the ability of cultural practices to effect structural change Located at the nexus of cultural political historiographical and philosophical discourses the essays in this volume inform discussions about next directions for German Studies and for the Humanities in a fraught era *Heine's Views on German Traits of Character* John Ambrose Hess, 1929 *Song Beyond the Nation* Philip Ross Bullock, Laura Tunbridge, 2021-05-20 This book challenges that assumption by exploring the ways in which song crosses national borders Whether by incorporating foreign canons of poetry alongside native ones or conveying literature across linguistic borders through acts of performance song functions as a means of translation *Kabbalah and Literature* Kitty Millet, 2024-01-11 Focuses on a range of Jewish and non Jewish writers to examine the intersection of Kabbalah the Jewish mystical tradition and secular Jewish literatures Kabbalah and Literature shows how the Jewish mystical tradition contributes to the renewal of literature in a modern global and increasingly disconnected age Kitty Millet explores Kabbalah's conceptual underpinnings aesthetic principles tenets and signifiers to demonstrate how literature's absorption of kabbalistic material has altered its ontology function and the tasks it sets for itself Reading writers from Europe and the Americas Kitty Millet maps how the kabbalist's desire to recover Eden transforms into a latent messianic drive only intuitable through text Thus it charts a journey of sorts a migration of Jewish mystical material embedded surreptitiously within text in order to shift ever so slightly at times the range of the literary to encompass an aesthetic vision not easily reducible to the literal the known the allegorical or even the philosophical In this way Kabbalah and Literature proposes a novel intuitive approach shifting focus away from the Jewish text's epistemological elements to embrace its secrets **German Literature, Jewish Critics** Stephen D. Dowden, Meike Werner, 2002 Proceedings of the Brandeis conference on Jewish Germanists who fled Nazi Germany and their impact on Anglo American German studies Among the Jewish academics and intellectuals expelled from Germany and Austria during the Nazi era were many specialists in German literature Strangely their impact on the practice of Germanistik in the United States England and Canada has been given little attention Who were they Did their vision of German literature and culture differ significantly from that of those who remained in their former homeland What problems did they face in the American and British academic settings Above all how did they help shape German studies in the postwar era This unique and important symposium which convened at Brandeis University under the auspices of its Center for German and European Studies addresses these and many other questions Among its distinguished participants who numbered over thirty in all are Peter Demetz Yale emeritus Gesa Dane Göttingen Amir Eshel Stanford Willi Goetschel Toronto Barbara Hahn Princeton Susanne Klingenstein MIT Christoph König Deutsches Literaturarchiv Marbach Ritchie Robertson Oxford Egon Schwarz Washington University St Louis emeritus Hinrich Seeba UC Berkeley Walter Sokel University of Virginia emeritus Frank Trommler University of Pennsylvania and many more The volume includes not only the revised essays of the participants but also their prepared responses transcripts of the panel discussion and dialogue of the participants with members of the

audience Stephen D Dowden is professor of German at Brandeis University Meike G Werner is assistant professor of German at Vanderbilt University *Wagner's Meistersinger* Nicholas Vazsonyi, 2003 Richard Wagner's *Die Meistersinger von Nürnberg* has been one of the most performed operas ever since its premiere in 1868 It was adopted as Germany's national opera Nationaloper not least because of its historical coincidence with the unification of Germany under Bismarck in 1871 The first section of this volume *Performing Meistersinger* contains three commissioned articles from internationally respected artists a conductor Peter Schneider a stage director Harry Kupfer and a singer Dietrich Fischer Dieskau all experienced in the performance of this unusually demanding 5 hour work The second section *Meistersinger and History* examines both the representation of German history in the opera and the way the opera has functioned in history through political appropriation and staging practice The third section *Representations* is the most eclectic exploring in the first place the problematic question of genre from the perspective of a theatrical historian The chronic issue of Wagner's chief opponent Eduard Hanslick and his musical and dramatic representation in the opera as Beckmesser is then addressed as are gender issues and Wagner's own utterances concerning the opera Contributors Nicholas Vazsonyi Peter Schneider Harry Kupfer Dietrich Fischer Dieskau Hans Rudolf Vaegt Lutz Koepnick David B Dennis Klaus Van Den Berg Thomas S Grey Lydia Goehr Eva Rieger Peter H yng Nicholas Vazsonyi is Associate Professor of German and Comparative Literature University of South Carolina **The Emprise of Poetry** Michael Eskin, 2024-11-14 *The Emprise of Poetry* analyzes the insidious entwinement of anti Americanism and antisemitism in modern and contemporary German culture through the writings of one of its most acclaimed literary figures Dresden native Durs Gr nbein 1962 Michael Eskin offers an unprecedented view of the American cum Jewish discontents at the heart of modern and present day German culture through the exemplary lens of the work of Durs Gr nbein the most widely translated and globally honored living German poet and the only one to have been hailed as the Berlin Republic's most qualified contemporary candidate for the office of German national poet Yet as Eskin outlines Gr nbein's work contains a paradoxical and tension filled twofold self construction as an idiosyncratically American poet and Ezra Pound's vociferously philosemitic heir who merely happens to be writing in German as it were conjoined with an avidly anti American German poet who writes emphatically and not always savorily as a German and a self proclaimed heir to the legacies of Celan and Kafka most notably on matters American and Jewish Against the foil of these tensions Eskin traces and documents postwar German high culture's persisting inability to purge itself of ideological toxins that leach into the mainstream from centuries old prejudices and antagonisms revolving around Germany's love hate bond with America as well as its ostensibly enduring suspicion and antipathy toward Jews Eskin's deep dive into the American Gr nbein's apparent philosemitism coupled with the German Gr nbein's antisemitically inflected anti Americanism reveals the fault lines underlying the complex and contradictory legacies and contexts of postwar German culture
