Companion will prove invaluable for all students of English poetry and Anglican theology **Chambers's National Reading-books** William Chambers,1877 **John Donne's Poetry and Early Modern Visual Culture** Ann Hurley,2005

This study argues the thesis that John Donne's poetry already well served by the insightful close readings of earlier generations of scholars can now profit from being read in the context of early modern cultural experience specifically its visual culture It points out that the focus on visual culture allows for a non monolithic flexible reading of Donne's verse in part because it acknowledges that while the complexity of his religious identity has been well explored the complexity of his secular interest has perhaps been less thoroughly examined Since a study of early modern visual culture is deeply concerned with the vicissitudes of the image both religious and secular such a context serves to integrate what in Donne sometimes invites polarity Focused on close readings of several poems the study is in two parts On the one hand it examines the visual culture of early modern England and argues that reading Donne's poetry enhances our understanding of how that culture actually operated when looked at through the experience of a practicing poet the visual culture through which it participated adds a dimension to that verse that would otherwise be less accessible to us Ann H Hurley is Professor of English at Wagner College **Chambers's national reading-books** Chambers W. and R., ltd,1877 **Poetry of Abraham Cowley** David Trotter,1979-06-17 *The History of the County Palatine and City of Chester* George Ormerod,1882 **The 1st- Annual Report of the Deputy Keeper of the Public Records ...** Great Britain. Donne's Anniversaries and the Poetry of Praise Barbara Kiefer Lewalski,2015-03-08 In his occasional poetry and especially in his two elegaic Anniversary poems Donne created a special symbolic mode in seventeenth century poetry of praise and compliment Barbara Kiefer Lewalski's reading of the Anniversary poems recognizes them as complex mixed genre works which weld together formal thematic and structural elements from the occasional poem of praise the funeral elegy the funeral sermon the hymn the anatomy and the Protestant meditation Focusing especially on theme and structure her reading demonstrates the coherent symbolic method and meaning of these poems and also their careful logical articulation both as individual poems and as companion pieces Essentially the author discovers their thorough and precise exploration through the poetic means of figure and symbol of the nature of man and the conditions of human life In order to discuss the significant contexts for and influences on the Anniversary poems the author has studied sixteenth and seventeenth century epideictic theory and practice Protestant meditation Biblical hermeneutics and funeral sermons She is also concerned with the effect of the poems and of Donne's other writings of a similar kind on contemporary and subsequent developments in the

poetry of praise especially that of Marvell and Dryden This is a lucid and learned book that provides a major context for the Anniversary poems and gives new significance to the designation of Donne as a Metaphysical poet Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
