Heirs Of The Roman Empire

Richard E. Sullivan

Heirs Of The Roman Empire:

Heirs of the Roman Empire Richard Eugene Sullivan, 1960
Sullivan, 2020-06-30 **Heirs of the Roman Empire** Richard E. Sullivan, 1968 **Children in the Roman Empire** Christian Laes, 2011-03-03 This book illuminates the lives of the forgotten children of ancient Rome and draws parallels and contrasts with contemporary society Coinage and History of the Roman Empire David Vagi, 2016-09-16 First Published in 2001 Coinage and History of the Roman Empire is an invaluable study in the fields of Roman history and numismatics Current scholarship is invoked throughout as a corrective to other published sources hundreds of significant updates in chronology historical perspective and numismatic attribution make this book indispensable The book consists of two volumes volume one History volume two Coinage The 550 year period covered The Imperial Age c 82 27 B C and The Roman Empire 27 B C to A D 480 is divided into twelve epochs each prefaced with an overview of the period's social and historical developments Coinage and History of the Roman Empire is fully illustrated including family trees tables maps and includes an extensive bibliography as well alphabetical and chronological indexes **Coinage and History of the Roman Empire, C. 82 B.C.--A.D. 480: History** David L. Vagi, 2000 First Published in 2001 Routledge is an imprint of Taylor Francis an informal company Dangerous Days in the Roman Empire Terry Deary, 2013-11-07 DANGEROUS DAYS IN THE ROMAN EMPIRE is the first in a new adult series by Terry Deary the author of the hugely bestselling Horrible Histories popular among children for their disgusting details gory information and sharp wit and among adults for engaging children and themselves with history The Romans have long been held up as one of the first civilised societies and yet in fact they were capable of immense cruelty Not only that but they made the killing of humans into a sport The spoiled emperors were the perpetrators and sometimes the victims of some imaginative murders DANGEROUS DAYS IN THE ROMAN EMPIRE will include some of the violent ways to visit the Elysian Fields i.e. death including animal attack in the Coliseum being thrown from the Tarpeian Rock 370 deserters in 214 AD alone or if the emperor didn't like your poetry by volcanic eruption from Vesuvius by kicking Nero's fatal quarrel with the Empress Poppea from poison mushrooms Claudius by great fires torturous tarring flogging to death boiling lead the invention of kind Emperor Constantine or being skinned alive by invading barbarians DANGEROUS DAYS IN THE ROMAN EMPIRE looks at the back story leading up to the victims' deaths and in doing so gives the general reader a concise history of a frequently misunderstood era Augustus and the Family at the Birth of the Roman Empire Beth Severy, 2004-02-24 In this lively and detailed study Beth Severy examines the relationship between the emergence of the Roman Empire and the status and role of this family in Roman society The family is placed within the social and historical context of the transition from republic to empire from Augustus' rise to sole power into the early reign of his successor Tiberius Augustus and the Family at the Birth of the Roman Empire is an outstanding example of how if we examine private issues such as those of family and gender we gain a greater understanding of public concerns such

as politics religion and history Discussing evidence from sculpture to cults and from monuments to military history the book pursues the changing lines between public and private family and state that gave shape to the Roman imperial system

The Nobilities of Europe Melville Amadeus Henry Douglas Heddle de La Caillemotte de Massue de Ruvigny Ruvigny and Raineval (9th marquis of),1910 **Women of the Roman Empire** Layla Gupta, The power of women in the Roman Empire often resided not in formal political offices but in their influence behind the scenes While women could not hold official political positions like their male counterparts many empresses and noblewomen wielded immense power in shaping the empire's political landscape Their influence was exerted through strategic marriages advising emperors and guiding the imperial household These women understood the subtleties of Roman politics and used their positions to navigate the complex structures of power subtly guiding decisions that would impact the empire One of the most significant avenues through which imperial women exercised their power was through marriage Roman emperors frequently married women of noble or royal families forging alliances that were critical to their rule These women often played key roles in securing the emperor's position as their familial connections and social standing helped solidify political alliances In some cases empresses would act as intermediaries between their husbands and other influential factions in Rome ensuring the emperor's support base remained strong The influence of a powerful empress could extend far beyond her own marriage shaping the course of political events for years to come Empresses often served as advisors to their husbands offering counsel on military and political matters While these women were rarely seen in the public eye as official advisors their role in the private chambers of the emperor was pivotal The most famous example of this is Livia Drusilla the wife of Emperor Augustus who was known for her political acumen Livia's influence over Augustus and his decisions was substantial and she played a crucial role in shaping the early imperial dynasty Her role as both wife and mother allowed her to guide the next generation of emperors ensuring the continuity of the Julio Claudian family Daily Life of Women in Ancient Rome Sara Elise Phang,2022-03-22 This book provides an invaluable introduction to the social economic and legal status of women in ancient Rome Daily Life of Women in Ancient Rome is an invaluable introduction to the lives of women in the late Roman Republic and first three centuries of the Roman Empire Arranged chronologically and thematically it examines how Roman women were born educated married and active in economic social public and religious life as well as how they were commemorated and honored after death Though they were excluded from formal public and military offices wealthy Roman women participated in public life as benefactors and in religious life as priestesses The book also acknowledges the status and occupations of women taking part in public life as textile producers retail workers and agricultural laborers as well as enslaved women The book provides a thorough introduction to the social history of women in the Roman world and gives students and aspiring scholars references to current scholarship and to primary literary and documentary sources including collected sources in translation *Heirs of Flesh and Paper* Tom Tölle,2022-03-07 Heirs of Flesh and Paper tells the story of

early modern dynastic politics through subjects practical responses to royal illness failing princely reproduction and heirs premature deaths It treats connected dynastic crises between 1699 and 1716 as illustrative for early modern European political regimes in which the rulers corporeality defined politics This political order grappled with the endemic uncertainties induced by dynastic bodies By following the day to day practices of knowledge making in response to the unpredictability of royal health the book shows how the ruling family s mortal coils regularly threatened to destabilize the institutionalized legal fiction of kingship Dynastic politics was not only as a transitory stage of state formation part of elite cooperation or a cultural construct It needs to be approached through everyday practices that put ailing dynastic bodies front and center In a period of intensifying political planning it constituted one of the most important sites for changing the political itself **Foundation, Dedication and Consecration in Early Modern Europe** M. Delbeke, M. Schraven, 2011-12-09 Bringing together contributions from art history architectural history historiography and history of law this volume is the first comprehensive exploration of the manifold meanings of foundation dedication and consecration rituals and narratives in early modern culture The Emperor and the Army in the Later Roman Empire, AD 235-395 Mark Hebblewhite, 2016-12-19 With *The Emperor and the Army in the Later Roman Empire AD 235 395* Mark Hebblewhite offers the first study solely dedicated to examining the nature of the relationship between the emperor and his army in the politically and militarily volatile later Roman Empire Bringing together a wide range of available literary epigraphic and numismatic evidence he demonstrates that emperors of the period considered the army to be the key institution they had to mollify in order to retain power and consequently employed a range of strategies to keep the troops loyal to their cause Key to these efforts were imperial attempts to project the emperor as a worthy general imperator and a generous provider of military pay and benefits Also important were the honorific and symbolic gestures each emperor made to the army in order to convince them that they and the empire could only prosper under his rule *The Roman Empire* James W. Eder, 2018-05-01 Covering material from the time of Julius Caesar to the sack of Rome this topically arranged reference set provides substantive entries on people cities government institutions military developments material culture and other topics related to the Roman Empire The Roman Empire was one of the greatest and most influential forces of the ancient world and many of its achievements endure in one form or another to this day Because of its geographic breadth cultural diversity and overall complexity it is also one of the most difficult organizations to understand This book focuses on the Roman Empire from the time of Julius Caesar to the sack of Rome While most references on the Roman world provide a series of alphabetically arranged entries this work is organized in broad topical chapters on government and politics administration individuals groups and organizations places events military developments and objects and artifacts Each section provides 20 to 30 substantive entries along with an overview essay The work also provides a selection of primary source documents and closes with a bibliography of important print and electronic resources Women and the Law in the Roman Empire Judith Evans Grubbs, 2002-09-11 It is widely

recognized that Roman law is an important source of information about women in the Roman world and can present a more rounded and accurate picture than literary sources This sourcebook fully exploits the rich legal material of the imperial period from Augustus 31 BCE 14 CE to the end of the western Roman Empire 476 CE incorporating both pagan and Christian eras and explaining the rights women held under Roman law the restrictions to which they were subject and legal regulations on marriage divorce and widowhood

The Nobilities of Europe Melville Henry Massue marquis de Ruvigny et Raineval,1910

An Unproclaimed Empire: The Grand Duchy of Lithuania Zenonas Norkus,2017-07-28 An Unproclaimed Empire The Grand Duchy of Lithuania is an interdisciplinary study of the Grand Duchy of Lithuania GDL that is historical in subject but social scientific in approach It is also the first study to apply this comparative and social scientific method to the GDL In this book Zenonas Norkus draws on national historiographies and applies theories from comparative empire studies involving historians sociologists political scientists anthropologists and scholars in the theory of international relations allowing it to transcend differences in national viewpoints It also provides answers to contested issues in the history of the GDL and raises a number of new questions including whether the Grand Duchy was an empire or a federation and why and when it failed By adopting this imperial approach of considering the GDL as an empire this book brings something new to the research surrounding the Grand Duchy and is ideal for academics and postgraduates of early modern Lithuania early modern Eastern Europe historical sociology and the history of empires

The Holy Roman Empire Brian A. Pavlac,Elizabeth S. Lott,2019-06-01 Reference entries overview essays and primary source document excerpts survey the history and unveil the successes and failures of the longest lasting European empire The Holy Roman Empire endured for ten centuries This book surveys the history of the empire from the formation of a Frankish Kingdom in the sixth century through the efforts of Charlemagne to unify the West around A D 800 the conflicts between emperors and popes in the High Middle Ages and the Reformation and the Wars of Religion in the Early Modern period to the empire s collapse under Napoleonic rule A historical overview and timeline are followed by sections on government and politics organization and administration individuals groups and organizations key events the military objects and artifacts and key places Each of these topical sections begins with an overview essay which is followed by alphabetically arranged reference entries on significant topics The book includes a selection of primary source documents each of which is introduced by a contextualizing headnote and closes with a selected general bibliography

A Treatise on the Law of Executors and Administrators James Schouler,1883
