Spanish King Of The Incas Ana María Lorandi,2012-02-10 Described in his lifetime as mad a dreamer quixotic and a lunatic Pedro Bohorques is one of the most fascinating personalities of Spanish colonial America A common man from an ordinary Andalusian family he sought his fortune in the new world as a Renaissance adventurer Smitten with the idea of the mythical cities of gold Bohorques led a series of expeditions into the jungles of Peru searching for the paradise of El Dorado Having mastered the Quechua language of the countryside he presented himself as a descendent of Inca royalty and quickly rose to power as a king among the Calchaqu es of Tucum n He was later arrested and executed by the crown for his participation in a peasant revolt against Spanish rule In Spanish King of the Incas Ana Mar a Lorandi examines Bohorques as

a character whose vision triumphs and struggles are a reflection of his seventeenth century colonial world In this thoroughly engaging ethnohistory Lorandi brings to light the many political and cultural forces of the time The status of the Inca high nobility changed dramatically after the Spanish conquest as native populations were subjugated by the ruling class Utopian ideals of new cities of riches such as El Dorado prevailed in the public imagination alongside a desire to restore an idealized historic past As the Middle Ages gave way to the new belief systems of the Renaissance ingenuousness about mythical creatures became strong and personal success was measured by the performance of heroic deeds and the attainment of kingdoms Charismatic and bold Pedro Bohorques flourished in the ambiguous margins of this society full of transition and conflict Ann de Le n s artful translation preserves both the colorful details of the story and the clarity of expression in Lorandi s complex analyses **Heirs of the Incas.
