Watson, 2014-09-10 Besides the groundbreaking novels and stories that brought him fame William Faulkner throughout his life wrote letters to his publisher his lovers his family and his friends In this first major study of epistolarity in Faulkner's work James G Watson examines Faulkner's personal correspondence as a unique second canon of writing separate from his literary canon with its many fictional letters but developing along parallel lines By describing the similarity of forms and conventions in Faulkner's personal and fictional correspondence Watson clearly demonstrates that Faulkner's personal experience as a writer of letters significantly shaped his imaginative work early and late Letters are always about themselves they re create a world between the sender and the receiver In this illuminating study Faulkner's personal letters are treated as a form of reflexive writing first person narratives in which Sender self consciously portrays Self to a specific Receiver likewise portrayed in the letter text This duality of actual experience and imaginative re creation measures the personal distances between the life of the writer and the written self image It reveals that letters are at once fragments of autobiography and fictions of self Such laws of letters apply equally to the letters that appear throughout Faulkner's novels and stories The twenty one letters and telegrams in *The Sound and the Fury* for example portray character propel plot and convey important themes of failed communication and broken identity From *Soldiers Pay* to his last work Faulkner's carefully lettered canon of fiction is dramatic evidence of his understanding of epistolarity and of the extent to which he adapted letters including some of his own to shape his fictional world *William*

*Faulkner* Daniel Joseph Singal, 2000-11-09 Amid all that has been published about William Faulkner one subject the nature of his thought remains largely unexplored But as Daniel Singal's new intellectual biography reveals we can learn much about Faulkner's art by relating it to the cultural and intellectual discourse of his era and much about that era by coming to terms with his art Through detailed analyses of individual texts from the earliest poetry through *Go Down Moses* Singal traces Faulkner's attempt to liberate himself from the repressive Victorian culture in which he was raised by embracing the Modernist culture of the artistic avant garde To accommodate the conflicting demands of these two cultures Singal shows Faulkner created a complex and fluid structure of selfhood based on a set of dual identities one that of a Modernist author writing on the most daring and subversive issues of his day and the other that of a southern country gentleman loyal to the conservative mores of his community Indeed it is in the clash between these two selves Singal argues that one finds the key to making sense of Faulkner

**William Faulkner** Daniel J. Singal, 1997 Through detailed analyses of individual texts from the earliest poetry through *Go Down Moses* Singal traces Faulkner's attempt to liberate himself from the powerful and repressive Victorian culture in which he was raised by embracing the Modernist culture of the artistic avant garde Most important it shows how Faulkner accommodated the conflicting demands of these two cultures by creating a set of dual identities one that of a Modernist author writing on the most daring and subversive issues of his day and the other that of a southern country gentleman loyal to the conservative mores of his community It is in the clash between these two selves Singal argues that one finds the key to making sense of Faulkner

**Faulkner and the Discourses of Culture** Charles Hannon, 2012-01-17 Throughout his career William Faulkner produced a literary discourse remarkably contiguous with other discourses of American culture but seldom has his work been explored as a participant in the shifts and ruptures that characterize modern discursive systems Charles Hannon argues in his brilliant new study that the language of Faulkner's fiction is replete with the voiced conflicts that shaped America and the South from the 1920s to 1950 Specifically Hannon takes five contemporary debates in historiography law labor ethnography and film and relates them both to canonical and less discussed texts of Faulkner Hannon employs a theoretical middle ground between Michael Bakhtin's stylistics of the novel and Michel Foucault's model of discourse as an autonomous self-regulated domain while also drawing from the vast critical literature on Faulkner's fiction He begins by linking the story cycle *The Unvanquished* to the battle over interpretations of American history as voiced by the Nashville Agrarians on the one hand and W E B DuBois on the other Next Hannon shows how Faulkner's detective fiction of the early 1930s and portions of his novel *The Hamlet* were affected by the emerging schism between adherents of a new school of legal realism and those bound to a more conservative formalist jurisprudence According to Hannon Faulkner's great novel *Absalom Absalom* reflects in its depiction of various forms of labor one of Franklin Roosevelt's major New Deal accomplishments the Wagner Act of 1935 as well as contract disputes in the agricultural and manufacturing South and in the film studios of Hollywood Hannon discusses Faulkner's experimentation in

The Hamlet vis vis the development of the ethnographic method in the field of anthropology He concludes with a fascinating analysis of the filming of *Intruder in the Dust* in Faulkner's hometown of Oxford Mississippi Through Hannon's keen interpretive readings Faulkner's texts emerge as a complex node in the larger discursive conflicts of his time Though he often seemed to be detached from influence Faulkner was Hannon reveals intensely attentive to ideas at the fore

**Character and Mourning** Erin Penner,2019-07-01 In response to the devastating trauma of World War I British and American authors wrote about grief The need to articulate loss inspired moving novels by Virginia Woolf and William Faulkner Woolf criticized the role of Britain in the war to end all wars and Faulkner recognized in postwar France a devastation of land and people he found familiar from his life in a Mississippi still recovering from the American Civil War In *Character and Mourning* Erin Penner shows how these two modernist novelists took on the challenge of rewriting the literature of mourning for a new and difficult era Faulkner and Woolf address the massive war losses from the perspective of the noncombatant thus reimagining modern mourning By refusing to let war poets dominate the larger cultural portrait of the postwar period these novelists negotiated a relationship between soldiers and civilians a relationship that was crucial once the war had ended Highlighting their sustained attention to elegiac reinvention over the course of their writing careers from *Jacob's Room* to *The Waves* from *The Sound and the Fury* to *Go Down Moses* Penner moves beyond biographical and stylistic differences to recognize Faulkner and Woolf's shared role in reshaping elegiac literature in the period following the First World War

*Heart in Conflict* Michael Grimwood,2009-01-01 *Heart in Conflict* is a study of two periods of intense vocational crisis in William Faulkner's career as a writer his time of apprenticeship before the composition of *The Sound and the Fury* and the beginnings in the late 1930s and early 1940s of the long season of decline that followed the completion of

Absalom Absalom These periods of crisis Michael Grimwood argues grew out of an ongoing tension between the divided components of Faulkner's personality between two versions of himself the illiterate bumpkin and the sophisticated aesthete It was a collaboration between these two postures that formed Faulkner's vocation that created the impulse to translate the rural unlettered world of Oxford Mississippi into a literature of the highest ambitions But Faulkner was neither bumpkin nor aesthete His awareness of the fraudulence of both his self images and ultimately his art caused him to create beginning with *The Wild Palms* in 1939 novels divided against themselves both structurally and thematically novels whose complexities emanate from their author's own complex personality Grimwood traces the formation of Faulkner's divided personality in his childhood and youth in the conflicting influences of literature and landscape in the conflicting urges wrought by a mother who called him to the rigors of the schoolhouse and a father whose interests led to the diffuse pleasure of the world outside The conflict gained dimension when Faulkner's earliest poems written in the style of the European pastoral were mocked by students in the pages of the University of Mississippi literary magazine Faulkner internalized this mockery and it would emerge in the late 1930s and early 1940s as a destructively self critical compulsion to write novels *The Wild Palms* *The Hamlet* *Knight's Gambit* and *Go Down Moses* that were simultaneously pastoral and mock pastoral that reflected both an impulse to bequeath his own substance through words and a virtual surrender to illiteracy In many ways the tensions that divided Faulkner tensions between pastoral ideal and rural reality between flights of language and attachment to the wordless soil also divided the whole of southern literature and society from the time of its origins Such conflicts can be found in the writings of Thomas Jefferson philosopher of democracy and slaveowner in the southwestern humor and plantation fiction that dominated southern letters in the 1830s and in the works of the agrarian writers of the 1930s whose European poesy belies their dirt road political beliefs Showing how the tensions in the narratives mirrored tensions in the author and in his society *Heart in Conflict* reveals William Faulkner as he struggled with his inheritance both as a southerner and as a southern writer

*Sixteen Modern American Authors* Jackson R. Bryer, 1989 Praise for the earlier edition *Students of modern American literature* have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains *American Studies*

**Written Lives** Javier Marías, 2007-05-17 An affectionate and very funny gallery of twenty great world authors from the pen of the most subtle and gifted writer in contemporary Spanish literature *The Boston Globe* In addition to his own busy career as one of Europe's most intriguing contemporary writers TLS Javier Marías is also the translator into Spanish of works by Hardy Stevenson Conrad Faulkner Nabokov and Laurence Sterne His love for these authors is the touchstone of *Written Lives* Collected here are twenty pieces recounting great writers' lives or more precisely snippets of writers' lives Thomas Mann Rilke Arthur Conan Doyle Turgenev

Djuna Barnes Emily Bront Malcolm Lowry and Kipling appear all fairly disastrous individuals and almost nothing in his stories is invented Like Isak Dinesen who claimed to have poor sight yet could spot a four leaf clover in a field from a remarkable distance away Mar as has a sharp eye Nabokov is here making the highly improbable assertion that he is as American as April in Arizona as is Oscar Wilde who in debt on his deathbed ordered up champagne remarking cheerfully I am dying beyond my means Faulkner we find when fired from his post office job explained that he was not prepared to be beholden to any son of a bitch who had two cents to buy a stamp Affection glows in the pages of Written Lives evidence as Mar as remarks that although I have enjoyed writing all my books this was the one with which I had the most fun

**Renaissance** Doreen Fowler, 1982 What is the Southern Renaissance Who are its major figures Why did it happen What role did William Faulkner play in its advent These are some of the questions scholars attempted to answer at the 1981 Faulkner and Yoknapatawpha Conference The history of the Southern Renaissance has not yet been written and its relationship to its leading figure William Faulkner has still not been fully explored At the 1981 conference entitled Faulkner and the Southern Renaissance noted scholars of Southern literary history gathered to define and describe this startling literary phenomenon It was in the 1930s that the rest of the nation first noticed that something important was happening in the South A powerful and eloquent new voice was issuing from a seemingly improbable place the rural agrarian Southland In every literary genre an emphatically Southern accent was making itself known and today that accent is still being heard all over the world Faulkner was the first and unquestionably the greatest exponent of this new Southern literature but his voice was soon

joined by a chorus of others John Crowe Ransom Allen Tate Robert Penn Warren Flannery O'Connor Carson McCullers Katherine Anne Porter Eudora Welty James Dickey Richard Wright Walker Percy William Styron Reynolds Price Elizabeth Spencer and a host of others This literary flowering this amazing proliferation of Southern letters which began in the 1930s and continues to the present day is called the Southern Renaissance The papers contained in this volume take a major step toward explaining this extended period of extraordinary literary productivity Together these essays form a philosophical as well as critical inquiry into a cultural movement that resists simple or rigid categorizations Publisher

**Faulkner's Fables of Creativity** Gary Harrington, 1990-06-18 In this study of the five novels set outside the fictional county Yoknapatawpha the author devotes a chapter to each novel and develops the theme that these texts present in fictional form Faulkner's reflections on his aesthetic development and on the mutual responsibilities of writer and reader
