Hamilton,2014-05-14 Profiles more than 285 men and women who fought for social reform and influenced American history      *A Rhetoric of Remnants* Zosha Stuckey,2014-10-07 In the nineteenth century language rather than biology created what we think of as disability Much of the rhetorical nature of idiocy and even

intelligence itself can be traced to the period when the New York State Asylum for Idiots in Syracuse first opened in 1854 memorialized today as the first public school for people considered feeble minded or idiotic The asylum school pupil is a monumental example of how education attempts to mold and rehabilitate one s being Zosha Stuckey demonstrates how all education is in some way complicit in the urge to normalize The broad unstable and cross cultural category of people with disabilities endures an interesting relationship with rhetoric education speaking and writing Stuckey demystifies some of that relationship which requires new modes of inquiry and new ways of thinking and she calls into question many of the assumptions about embodied differences as they relate to pedagogy history and public participation
