Helen Portrait Of A Prime Minister:

Helen Brian Edwards, 2001 Part oral history part biography this narrative follows Helen's life and career from childhood through to the present day **New Zealand Prime Ministers**, *Ms. Prime Minister* Linda Trimble, 2018-01-18 Ms Prime Minister offers both solace and words of caution for women politicians After closely analyzing the media coverage of former Canadian Prime Minister Kim Campbell two former Prime Ministers of New Zealand Jenny Shipley and Helen Clark and Australia's 27th Prime Minister Julia Gillard Linda Trimble concludes that reporting both reinforces and contests unfair gender norms News about female leaders gives undue attention to their gender identities bodies and family lives Yet equivalent men are also treated to evaluations of their gendered personas And as Trimble finds some media accounts expose sexism and authenticate women's performances of leadership Ms Prime Minister provides important insight into the news frameworks that work to deny or confer political legitimacy It concludes with advice designed to inform the gender strategies of women who aspire to political leadership roles and the reporting techniques of the journalists who cover them

Understanding Prime-Ministerial Performance Paul Strangio,Paul 't Hart,James Walter,2013-03-28 At the beginning of the twenty first century prime ministers loom larger in the consciousness of their nations than perhaps in any previous era But how well do we really understand the variables of prime ministerial performance and specifically why some prime ministers apparently flourish in the role while others wither This study examines how prime ministers perform as leaders of their governments parties and nations It offers new ways of thinking about prime ministerial power and leadership and systematic empirical studies of prime ministerial leadership practices in four Westminster democracies the United Kingdom Canada Australia and New Zealand The volume features contributions from leading political scientists from all of these countries and is organised into three major sections understanding power in prime ministerial performance prime ministers and their parties and evaluating prime ministerial performance Through its collaborative and multifaceted approach the volume demonstrates that there are no hard and fast propositions or rules of thumb to capture what it is that makes us think of some prime ministers as so much more effective than others Instead it highlights the importance for students of executive government to grasp the contingent interplay between personal institutional and contextual factors in understanding and evaluating prime ministerial performance Timing is Everything Peter Greener,2009-10-01 This book identifies the critical factors that shaped and influenced New Zealand s defence acquisition decision making processes from the election of the Fourth Labour Government in 1984 and the subsequent ANZUS crisis through to the 11 September 2001 terrorist attacks on the United States and the following war on terror It explores and analyses decision making processes in relation to the

I Have Loved Me a Man Sharon Mazer, 2019-02-04 *I Have Loved Me a Man* takes readers inside the social revolution that has moved New Zealand from the 1960s to the present day through the story of the queer Maori performance artist Mika. Adopted into a white family, Mika learnt Maori culture from the back of a cereal box. He discovered disco in the 1970s, worked with Carmen Dalvanus Prime and others to develop outrageous stage shows, and came out on screen with Harvey Keitel playing a takatapui role in the film *The Piano*. Mika has never been in the closet; his life has been an ongoing production of both the fabulous and the revolutionary. This highly visual book interweaves research with images hand-picked from Mika's extensive archive to reveal the life and times of a queer brown boy from Aotearoa who took on the big white world.

Christianity, Modernity and Culture John Stenhouse, G. A. Wood, 2005 For much of the twentieth century New Zealand historians like most Western scholars largely took it for granted that as modernity waxed religion would wane. Secularization, the fading into insignificance of religion, would distinguish the modern era from previous ages. Until the 1980s only a handful of scholars around the world raised serious empirical and theoretical questions about a Grand Theory that had become central to the self-understanding of the social sciences and of the modern world. Heated debates since then, and the unmistakable resurgence of world religions, have raised fundamental questions about the empirical and theoretical adequacy of secularization theory and especially about how far it applies outside Europe. This volume revisits New Zealand history when secularization is no longer taken for granted as the Only Big Story that illuminates the country's social and cultural history. Contributors explore how New Zealanders' diverse religious and spiritual traditions have shaped practical everyday concerns in politics, racial and ethnic relations, science, the environment, family life, gender relations, and other domains.

Jurisprudence of National Identity Nan Seuffert, 2006 Examining the intersection of race, gender, and national identity, Seuffert's work incorporates a unique blend of historical and contemporary research from a range of interdisciplinary and theoretical analysis. The book highlights the ways in which shifts in national identity within New Zealand shape and limit legal claims for redress for historical racial injustices internationally.

Women of Power Torild Skard, 2015-03-09 At a time when a woman, Angela Merkel, is arguably the most powerful leader in Europe and another, Hillary Clinton, continues to be at the center of the US political stage, it seems that women have broken through the glass ceiling and begun to populate the highest offices of the political world. *Women of Power* is a testament to that accomplishment, offering the most comprehensive overview of female presidents and prime ministers to date. Looking at over fifty countries and over seventy women leaders since 1960, Torild Skard, herself an experienced politician, examines how and why these women rose to the top and what their leadership has meant for women's empowerment throughout the latter half of the twentieth century. Skard examines the achievements and life stories of the world's female leaders up to the current era. She offers nuanced portraits that draw on a number of materials, including many interviews that she conducted herself. All of

the women discussed are organized by both chronology and geography and Skard includes a number of helpful chapters that provide an overview and assessment of how different women leaders have come to power in different regions Overall the book provides a fascinating account of women s empowerment as it has manifested itself at the very top of the political hierarchy

Women Political Leaders J. Jensen,2008-11-24 This book examines the many routes forty or so women have taken to become president or prime minister of their countries and the problems they have encountered once in office Their ability to deal with the difficulties of governmental and party leadership in a male dominated culture are discussed along with an evaluation of their performance in managing domestic problems and handling the issues of war and peace The essential question asked throughout is what difference being female made in their governing style

Gender and Women's Leadership Karen O'Connor,2010-08-18 These volumes provide an authoritative reference resource on leadership issues specific to women and gender with a focus on positive aspects and opportunities for leadership in various domains

Public Leadership Paul 't Hart,John Uhr,2008-11-01 Leadership is routinely admired vilified ridiculed invoked trivialised explained and speculated about in the media and in everyday conversation Despite all this talk there is surprisingly little consensus about how to answer basic questions about the nature place role and impact of leadership in contemporary society This book brings together academics from a broad array of social science disciplines who are interested in contemporary understandings of leadership in the public domain Their work on political administrative and civil society leadership represents a stock take of what we need to know and offers original examples of what we do know about public leadership Although this volume connects scholars living in and mostly working on public leadership in Australia and New Zealand their contributions have a

much broader scope and relevance *New Zealand's First World War Heritage* Imelda Bargas, Tim Shoebridge, 2015-04-01

Rediscover New Zealand's hidden First World War history through the places where it happened. No battles were fought here yet the First World War intruded into the daily life of every New Zealander who remained at home. This ground-breaking book provides vivid new insights into their experiences through exploring the places where they lived, worked, coped and mourned: army camps, fortifications, soldier settler farms, town halls, wharves, convalescent homes and hospitals, cemeteries and war memorials, dairy factories and woollen mills. From Northland to Stewart Island, our landscape is signposted with thousands of poignant memorials and behind the façades of old buildings, beneath scrub and behind farm fences, lies a less visible landscape of war and hundreds of hidden stories waiting to be told: a soldier's name carved on a remote railway station, a once-bustling uniform factory in the heart of a city, a long-abandoned gun battery. This unique book will be a revelation to all New Zealanders. Extensively illustrated with new and period photographs and fascinating maps, it contains original research and information that will open the eyes of every reader to places and stories in their community hidden in plain sight. The impact of the First World War on New Zealanders was immense; its legacy can be seen all around us today. *Wild Westie* Hazel Phillips, 2014-07-23

Also available as an eBook. **The Best Country to Give Birth?** Linda Bryder, 2023-11-09

In 2012, following his investigation of the deaths of two babies in childbirth at Waikato Hospital, Hamilton coroner Gordon Matenga asked: Does New Zealand have the safe world-leading system the Government says we do, or are we losing babies because the balance has swung too far towards the idea that because childbirth is natural, then the philosophy of non-intervention is best? Babies' deaths reignite maternity row. The New Zealand Herald announced, from the introduction by Linda Bryder: Is New Zealand the best country to give birth? Historian of medicine Linda Bryder explores how New Zealand developed a unique approach to the role of midwives in childbirth in the 1990s and analyses the consequences of that change for mothers and babies. *The Best Country to Give Birth* traces the genesis of the 1990 Nurses Amendment Act, which allowed midwives to practise alone in the community, back to the homebirth movement of the 1970s and explores the aftermath of the Act, including the withdrawal of GPs from maternity care. In investigating the consequences of the reforms, it uncovers repeated criticism of services and what were deemed preventable deaths from coroners, commissioners for health and disability, other health professionals, including some midwives, academic researchers and parents and families. How and why does maternity care in Aotearoa differ from other countries? How has it shaped the equitable care of our mothers and babies?

Why have critical reports had so little impact This is a major historical account of an issue at the heart of our maternity care
