The Rattle of Theta Chi ,1929 **The Red Circle** Brandon Webb,John David Mann,2012-04-10 Explosive revealing and intelligent The Red Circle provides a uniquely personal glimpse into one of the most challenging and secretive military training courses in the world Now including an excerpt from The Killing School Inside the World s Deadliest Sniper Program BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS HE HAD TO BECOME ONE HIMSELF Brandon Webb s experiences in the world s most elite sniper corps are the stuff of legend From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan The Red Circle provides a rare and riveting look at the inner workings of the U S military through the eyes of a covert operations specialist

Yet it is Webb's distinguished second career as a lead instructor for the shadowy sniper cell and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors including Marcus Luttrell and Chris Kyle that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman with more than 150 confirmed kills. From a candid chronicle of his student days going through the sniper course himself to his hair-raising close calls with Taliban and al-Qaeda forces in the northern Afghanistan wilderness to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations warriors who are at the forefront of today's military.

Six Weeks to Skinny Jeans Amy Cotta, 2013-01-08 Every woman has a pair of trophy skinny jeans she has banished to the back of her closet, a reminder of days past when she felt young, sexy, and fit. Well, with Amy Cotta's help, readers will tone up, slim down, and stay motivated until they can shimmy back into those sexy skinny jeans for good. Diet, exercise, and attitude are all readers need to succeed during this 6-week program. Cotta's eating plan trims fast-burning carbohydrates for the first 3 weeks, igniting weight loss, then reintroduces and manages those carbs for the second half of the plan. Her graduated fitness program offers three styles of cardio and strength training exercises that get progressively more challenging to keep readers from getting bored or hitting a plateau while sculpting those curves. Both plans are simple to follow at home; no gym, fancy equipment, or expensive food deliveries required, and there are calendars, food logs, and meal plans to help readers stay upbeat and organized. Packed with dynamic, down-to-earth strategies, *Six Weeks to Skinny Jeans* inspires women to take control of their lifestyle and feel younger, sexier, and fitter than ever before.

The Only Easy Day Was Yesterday Stephen Enna, 2019-08-05 THE ONLY EASY DAY WAS YESTERDAY is the unofficial motto of the United States Navy SEALs. This story is fiction, but it is built on a foundation of fact. It is the story of Ashley Morgan Jamison and how she earned the Navy SEAL Triton and became the first woman in American History to earn the right to be called a Navy SEAL. Navy SEALs are not born that way; they work hard to develop the physical strength to make it happen, and they must have a mindset that allows them to be mentally tough. Ashley is challenged at each stage of her life, but she meets all challenges with a mental toughness that very few possess. This is a story that just doesn't happen overnight. It is a story that is developed over 23 years of a woman's life. Every year presents a new challenge, and Ashley thrives on challenges. Ashley's story is fiction, but it is not far from reality. Women are now allowed to apply to become United States Navy SEALs, but they must pass every test that men must pass. There are no qualification differences. Some women have tried, but as of this writing, no woman has yet to succeed. It is my hope that somewhere, sometime, a woman will read this story and, based on Ashley's experiences, the reader will learn, apply, and succeed in pulling off something that no woman has yet to accomplish. I would like nothing better than to see this fiction story become a reality.
