The War Against Marxism Tony McKenna, 2021-05-06 Marxism has provided the ideological impetus to liberation movements radical struggles and revolutions across the world But in the 20th century the emancipatory and democratic power of its thought has often been distorted and overridden by various Stalinist dictatorships which claimed to be acting in its name A similar undermining of freedom of thought has been accomplished at an intellectual level various schools have transformed Marxist thought in line with some of the most fashionable but gentrified forms of

contemporary philosophy shifting the focus from the democratic power of the masses and their ability to challenge the capitalist order to concentrate on superstar thinkers and elite theories The War Against Marxism traces the war against Marxism which paradoxically has been conducted in the name of Marxism itself As such it provides a fiery philosophical and polemical indictment of so called Marxists such as Adorno Horkheimer Althusser Jameson Eagleton Mouffe Laclau and Zizek and asks what can be done to stem this counterrevolution *The Rage Strategy Guide* Justin Achilli,1997-12 **e-Pedia:**
