## **Hellen Van Meene Portraits:**

Hellen Van Meene Hellen van Meene, Kate Bush, 2004 For the past seven years Hellen van Meene has been producing intimate portraits of adolescents Though the introspective gaze of her models suggest that these are spontaneous private moments in the lives of her subjects the carefully considered natural light lush textures and striking compositions betray van Meene's hand in choreographing each image down to the finest detail Throughout the picturesque qualities are undercut by a disquieting tension the models' clothes are ill fitting or inside out one girl is asked to lie in a cold bath fully clothed another models a fresh bruise This intimate collaboration between the photographer and her models simultaneously exposes the uncertain nature of adolescent identities and the complicated act of capturing them on film Hellen van Meene was educated at the Rietveld Academy in Amsterdam She began exhibiting her work in 1994 and has had one person exhibitions in Los Angeles Amsterdam London Milan Tokyo and at the Venice Biennale In 2001 she was shortlisted for the Citibank

Photography Prize      **Hellen Van Meene: The Years Shall Run Like Rabbits (Signed Edition)**, 2015-08-25 Over the last 20 years Hellen van Meene has produced a complex body of work offering a contemporary take on photographic portraiture Characterized by her exquisite use of light formal elegance and palpable psychological tension her depictions of girls and boys on the cusp of adulthood demonstrate a clear aesthetic lineage to seventeenth century Dutch painting Van Meene captures the intimacy in the photographer subject relationship bringing out a sense of honesty and vulnerability from within her models and highlighting the beauty of imperfection She carefully poses her subjects in their environments to emphasize their fragility adding a palpable tension to the photographs At the same time she captures them at deeper more introspective moments masterfully moving between the staged nature of the portraits and the real experiences of her subjects The combination of van Meene's instinctive understanding of the universality of adolescent experience and the highly intimate collaboration between photographer and model makes for powerful portraits that resonate long after viewing This book brings together more than 250 images for the most comprehensive presentation of the artist's work to date Hellen van Meene born 1972 studied photography at the Gerrit Rietveld Academie Amsterdam Her work has been exhibited internationally and is in the collections of major museums around the world including the Guggenheim Museum New York The Art Institute of Chicago Brooklyn Museum Museum of Contemporary Art Los Angeles and San Francisco Museum of Modern Art This is her fifth monograph the others include Portraits Aperture 2004 Japan Series New Work and Tout va disparaître      Hellen Van Meene Hellen van Meene, 2006 This photo book was published on the occasion of the exhibition Hellen van Meene New Work at Huis Marseille Amsterdam and Museum Folkwang Essen and contains portraits of adolescents and teenage mothers The photographs were taken over a period of four years particularly on travels to England Latvia Russia and Japan      Hellen Van Meene Hellen van Meene, 2000      **A History of Women Photographers** Naomi Rosenblum, 2010 The definitive text on women in photography now in an affordable paperback edition      *The Afterlife of*

*Ophelia* Deanne Williams, 2012-04-09 This collection of new essays is the first to explore the rich afterlife of one of Shakespeare's most recognizable characters With contributions from an international group of established and emerging scholars *The Afterlife of Ophelia* moves beyond the confines of existing scholarship and forges new lines of inquiry beyond Shakespeare studies **Hellen Van Meene**, *The Fundamentals of Digital Photography* Tim Daly, 2020-12-02 *The Fundamentals of Digital Photography* explores the guiding principles of great photography through efficient and effective technique Easy to follow instructions teach you how to work with a digital workflow and develop a solid understanding of materials and processes You will also find creative inspiration through the work of some of the world's great historical photographers and discover how the history of photography can feed into your own work Themed projects featuring stunning images from contemporary international practitioners will help you focus your ideas to produce truly original photographs The assignments at the end of each chapter help you to create a body of work that will expand your photographic portfolio By shooting these carefully devised assignments you will become a confident software user and develop the all important visual and conceptual skills essential to successful photography **The British Journal of Photography**, 2006-04 **Popular Photography**, 2008-08 *Women Photographers* Boris Friedewald, 2014 This introduction to the greatest women photographers from the 19th century to today features the most important works of 60 artists along with in depth biographical and critical assessments **Liverpool and Manchester Photographic Journal**, 2007 **Misfit Children** Markus Bohlmann, 2016-12-14 Misfits are often confused with outcasts Yet misfits rather find themselves in between that which fits and that which does not This volume is interested in this slipperiness of misfits and explores the blockages and the promises of such movements as well as the processes and conditions that produce misfits the means that enable them to undo their denomination as misfits and the practices that turn those who fit into misfits and vice versa This collection of essays on misfit children produces transmissible motions across and engages in scholarly conversations that unfold betwixt and between in order to make rigid concepts twist and twirl and ultimately fail to fit *Art on Paper*, 2004 **Street Portraits** Michael Itkoff, Bill Kouwenhoven, Aaron Schuman, 2008 Michael Itkoff has traveled the world since 2002 taking portraits of everyday people in the street In his photographs a makeshift backdrop is held behind each of his subjects in London Sydney Hanoi Bangkok and New York This technique normally reserved for celebrity and commercial portraiture creates a striking aesthetic isolating the subjects from their urban contexts and allowing them to exist in a shared visual space as part of the same extended family Publisher *Contemporary*, 2006 **Seven Going on Seventeen** Jacqueline Reid-Walsh, 2005 The tween is the new girl on the block in girlhood studies Although the study of tween life may have derived from a particular marketing orientation at the end of the twentieth century it is not limited by it On the contrary this collection of essays shows that tween is not a simple or unified concept nor is it limited to a certain class of girls in a few countries This collection by an international group of authors highlights specific methodologies for working with and

studying tween age girls provides challenges to the presumed innocence of girlhood and engages in an analysis of marketing in relation to girlhood In so doing this book offers a reading on these three or four years in a girl s life that suggests that this period is as fascinating as the teen years and as generative in its implications for girlhood studies as studies of both younger and adolescent girls

**A Critical History of Photography in the Netherlands** Saskia Asser,2007 The themes of the Dutch Eyes exhibition were chosen for their significance to the history of photography as well as to the country s cultural history Areas of particular interest include distinctive 19th century photographs taken by engineers the debate about photography s status as an art form at the start of the 20th century the catastrophic flood in 1953 the former colonies and U 2018 the self critical gaze This thematic approach makes it possible to see work by famous photographers alongside work by unknown figures who wielded the camera The exhibition includes an abundance of work that has never previously been shown from collections including those of the Rijksmuseum Stedelijk Museum Amsterdam Leiden University s Print Room Amsterdam City Archives and the Nederlands Fotomuseum
