began years ago with such basics as the right to vote the right to birth control and the right to equal employment Leading historian Jules Archer s account offers fascinating biographies of Susan B Anthony Margaret Sanger and Betty Friedan with a full background of the political organizations they worked for and against Forty four percent of general American history books do not even mention the struggle for women s suffrage and 65 percent fail to record the name of Susan B Anthony Even more young readers have never heard the names of Margaret Sanger and Betty Friedan As far as most of these books are concerned women are invisible in American history But these women dared to defy convention at great personal risk for the cause of sexual and gender equality Their stories must be remembered With a new foreword by feminist author Naomi Wolf *The Feminist Revolution* relies heavily on letters diaries and other personal forms of communication to tell the story of women s rights in this country Part of Sky Pony Press s revitalization of the Jules Archer History for Young Readers series this book is a must read introduction to the Feminist Revolution for all young adults Woman Ruler Elin Sand,2001-08-22 please find in Description doc
