**Words from Hell** Jess Zafarris,2023-11-07 A fiendishly good read Mignon Fogarty Grammar Girl The English language is where words go to be tortured and mutilated into unrecognizable shadows of their former selves It s where Latin Greek and Germanic roots are shredded apart and stitched unceremoniously back together with misunderstood snippets of languages snatched from the wreckage of conquest and colonialism It wreaks merciless havoc upon grammar and spelling It turns clinical terms into insults and children s tales into filthy euphemisms With an emphasis on understanding where the foulest words in the English language came from and the disgusting and hilarious histories behind them this book demonstrates the true filth of our everyday words But this book is more than just a list of vulgar words and salacious slang It s a thoughtful analysis of why we deem words as being inappropriate as well as revealing good words that have surprisingly naughty origins Dirty minded word nerds and lewd linguistics lovers will derive unadulterated pleasure in leering at the origins of swear words sexual lingo inappropriate idioms violent vocabulary and terminology for bodily functions not to mention the unexpectedly foul origins of words you thought were perfectly innocent If it s inappropriate stomach churning uncomfortable or offensive this book reaches into the dark recesses of history and exposes them for all to see True to the Chambers brand this book combines humour scholarly research and a beautiful design It is a book to enjoy collect and revisit
