Help For Husbands And Wives

Thomas B. Holman,A. Loveless

Help For Husbands And Wives:

Husbands and Wives, 1979-12 HUSBANDS and WIVES GOD S DESIGN FOR THE FAMILY Husbands communication love and conflicts the sexual relationship and the unique responsibilities of husbands and wives Examining these scriptural truths can help you develop a fresh outlook on your marriage and a deeper commitment to one another Written mainly for married couples in small study groups or Sunday school classes this book includes six chapters of thought provoking study questions based on Scripture plus application questions and family projects This book also contains guidelines for group discussion to assist the leader of your group or class Developed by staff member of The Navigators Husbands Wives emphasizes a practical life changing understanding of scriptural principles as they relate to your family *Stress, Social Support, And Women* Stevan E. Hobfoll, 2014-03-18 First published in 1986 This book is concerned with the stressors women undergo from adolescence to old age and the resources especially interpersonal resources women use to cope with these stressors There follows a series of chapters that address the use of social support as a resource for coping with stressful life events that confront women in a variety of contexts during their life span **How to Harvest God's Blessings in Your Marriage** Fred S. McGee, 2019-04-04 How to Harvest God s Blessings in Your Marriage By Fred S McGee Why does it seem that so many marriages are failing in this day and age How can we keep it from happening to us Perhaps one of the biggest problems is a change in our point of view about what the characteristics of marriage are and should be Using the teachings of the Bible How to Harvest God s Blessings in Your Marriage will help you develop lasting marriage with your spouse and a relationship that grows in intensity throughout the years **Husbands, Wives, and Concubines** Emlyn Eisenach, 2004-06-01 Emlyn Eisenach uses a wide range of sources including the richly detailed and previously unexplored records of nearly two hundred marriage related disputes from the bishop s court of Verona to illuminate family and social relations in early modern northern Italy Arguing against the common emphasis on the growth of law and government in this period her study emphasizes the fluidity of the principles that governed marriage and its dissolution and deepens our understanding of the patriarchal family and its complex relationship with gender and status during the sixteenth century Peopled by characters from across the social spectrum of the city of Verona and its contado Eisenach s study moves between stories about specific individuals serving girls seeking honorable marriage through the unlikely route of concubinage peasant men in search of independence from their fathers and aristocratic wives seeking revenge against adulterous husbands and broader analyses of social economic and geographical patterns of behavior She shows how the Veronese at all social levels attempted to better their familial and personal fortunes by creatively molding wedding rituals to fit their particular circumstances or engaging in the significant but until now little understood practices of concubinage clandestine marriage or informal marriage dissolution Eisenach also evaluates the first half century of religious reforms in Verona as the leading pre Tridentine bishop Gian Matteo Giberti and his successors challenged common practices and understandings in sermons

treatises confessionals and court Emphasizing the limitations of what the religious authorities could impose on the people she explores how learned and popular notions of marriage family and gender shaped each other as they were put into action in the strategies of individual Veronese *The Family in the New Millennium* Thomas B. Holman,A. Loveless,2006-12-30 A remarkable team of contributors based across 19 countries explores and explains events worldwide affecting the natural family married father and mother with biological children detailing concepts and benefits of natural family that have been taken for granted across centuries but are now being challenged in many ways These scholars many admittedly taking stands that may be deemed politically incorrect conclude that natural family is being threatened and is vital to provide common ground among all societies cultures and religious traditions Psychologists sociologists economists theologians lawyers health care professionals and award winning journalists are among the chapter authors as are Nobel Prize Laureate Gary Becker U S Department of Health Assistant Secretary for Children and Families Wade Horn and former Prime Minister of Malaysia Mahathir Bin Mohamad Whether or not you agree with their arguments science and conclusions you ll want to know what these influential figures are saying Addressing many lightning rod issues from divorce and abortion to euthanasia and same sex marriage writers here span the world from the United States Canada and the United Kingdom to Australia Turkey India and China Intellectuals included are associated with institutions from Brigham Young University Georgetown School of Medicine and the Boston College School of Law to the University of Geneva and the Maxim Institute in New Zealand

Family Storytelling Jody Koenig Kellas,2013-09-13 Stories and storytelling are one of the primary ways that families and family members make sense of both everyday and difficult events create a sense of individual and group identity remember connect generations and establish guidelines for family behavior With so many important functions storytelling is a significant but still understudied communicative process for the family Family Storytelling focuses on the ways in which stories are told in and about family in order to provide insight into the processes functions and consequences of family storytelling This collection of empirical articles illuminates various ways in which family storytelling affects and reflects the negotiation of individual and relational identity in the family teaches important family lessons and helps members make sense of and cope with difficulty Each of these functions is explored through both scientific and interpretive investigations thus showcasing the contributions that research on family storytelling from different paradigms make to our understanding of the family This book was originally published as a special issue of the Journal of Family Communication **Marriage at the Crossroads** Aída Besançon Spencer,William David Spencer,Steven Tracy,Celestia Tracy,2010-02-04 Have you ever wondered how egalitarian and complementarian marriages play out differently on a day to day level In this unique book A da and William Spencer and Steve and Celestia Tracy two couples from the differing perspectives of egalitarianism and soft complementarianism share a constructive dialogue about marriage in practice They cover a variety of topics like marriage discipleship headship and submission roles and decision making and intimacy in marriage Also included are responses from

three additional cultural frameworks North American Hispanic Korean American and African American Whether you re still working out your views on marriage or have found an approach you re comfortable with this book will help you better understand the two perspectives on the ground level While the theological starting points are different you may be surprised to see the degree of convergence on practical issues as the dialogue unfolds **The Insurance Salesman** ,1923

Family Relationships and Familial Responses to Health Issues Sampson Lee Blair,Jennifer Higgins

McCormick,2014-10-13 Around the globe families are often faced with a variety of health issues often as a result of social political religious and economic forces This multidisciplinary volume addresses the impact these issues have on the family as a unit how they impact family relationships as well as how the family as a whole responds Community Development And Family Planning J. Mayone Stycos,2019-03-22 Program evaluation is not among the most popular of exercises since it carries risks for all associated with it Because every important program has friends and enemies anxious for its prosperity or demise the investigators and their findings will normally be attacked from at least one side and not infrequently from both But this is an occupational hazard dutifully accepted by its practitioners for some it even adds a zestful touch of danger However the program s sponsors and its participants require an unusual degree of courage since negative or indifferent results are not infrequently used to impugn their wisdom or dedication We applaud the courage of all those who in the interest of improving policies and programs to further their clients well being assumed the risks of introducing scientific program evaluation Primary credit goes to the sponsor of the current research the United Nations Fund for Population Activities UNFPA in particular the Mediterranean and Middle East Branch and its chief Roushdi El Henedi Special thanks go to Dr Habib Siddiqui for his stimulus in launching the study His efforts were followed by those of M A Abu Nuwar whose bureaucratic and diplomatic skills were much appreciated and Sylvia Rhodes who was of assistance near the close of the project UNFPA staff in Egypt in particular Hamed Fahmy were most helpful in the field Needless to say neither these individuals nor the UNFPA necessarily agree with the conclusions reached in this book Economic Sociology Jeffrey K. Hass,2020-04-07 Economic Sociology provides the clearest and most comprehensive account of the promises of economic sociology It shows how economies are more than supply and demand curves individual profit motives and efficient performance they are forms of power and structure grounded in institutions and culture What is calculated how and why Are profit and efficiency always so central to economic structures and outcomes What shapes change and reproduction in economic practices and policies How have classes and states using power and institutions created and continue to shape the economic world we live in This second edition presents a critical and sophisticated yet approachable analysis of economic behavior and phenomena After describing key concepts and logics of economic sociology and of economic sociology its eternal cousin and competitor Hass turns the sociologist s analytic eye to the heart of economic practices comparing how they work in the United States Europe East Asia Latin America and post socialist Russia and China The volume addresses crucially important economic issues that

touch our well being and justice the rise and structuring of capitalism relations between states and economies economic policies economies and inequality and organizations and corporations Causes and consequences of globalization and the Great Recession are laid out for the reader With economics and economic sociology placed side by side in this journey of how economies operate in the past and present the reader gets different perspectives on economic reality Power and culture institutions and fields classes and corporations interact on this historical and global stage Written in a clear and direct style this textbook will appeal to students and scholars in economic sociology sociology of work economics social policy political economy and comparative sociology

The Lives of Amish Women Karen M. Johnson-Weiner, 2020-09-15 Presenting a challenge to popular stereotypes this book is an intimate exploration of the religiously defined roles of Amish women and how these roles have changed over time Continuity and change tradition and dynamism shape the lives of Amish women and make their experiences both distinctive and diverse On the one hand a principled commitment to living Old Order lives purposely out of step with the cultural mainstream has provided Amish women with a good deal of constancy Even in relatively more progressive Amish communities women still engage in activities common to their counterparts in earlier times gardening homemaking and childrearing On the other hand these persistent themes of domestic labor and the responsibilities of motherhood have been affected by profound social economic and technological changes up through the twenty first century shaping Amish women s lives in different ways and resulting in increasingly varied experiences In The Lives of Amish Women Karen M Johnson Weiner draws on her thirty five years of fieldwork in Amish communities and her correspondence with Amish women to consider how the religiously defined roles of Amish women have changed as Amish churches have evolved Looking in particular at women s lives and activities at different ages and in different communities Johnson Weiner explores the relationship between changing patterns of social and economic interaction with mainstream society and women s family community and church roles What does it mean Johnson Weiner asks for an Amish woman to be humble when she is the owner of a business that serves people internationally Is a childless Amish woman or a single Amish woman still a Keeper at Home in the same way as a woman raising a family What does *Gelassenheit* giving oneself up to God s will mean in a subsistence level agrarian Amish community and is it at all comparable to what it means in a wealthy settlement where some members may be millionaires Illuminating the key role Amish women play in maintaining the spiritual and economic health of their church communities this wide ranging book touches on a number of topics including early Anabaptist women and Amish pioneers to North America stages of life marriage and family events that bring women together women as breadwinners women who do not meet the Amish norm single women childless women widows and even what books Amish women are reading Aimed at anyone who is interested in the Amish experience The Lives of Amish Women will help readers understand better the costs and benefits of being an Amish woman in a modern world and will challenge the stereotypes myths and imaginative fictions about Amish women that have shaped how they are viewed by mainstream society

Freedom From Violence Learn From Experience Rismiyati E. Koesma,Ilsa Nelwan,Fitri Ariyanti Abidin,Peter R. Nelwan,Marjorie Ruth Suanda,Sanata Dharma University Press,2025-07-25 This book describes cases handled by the Indonesian Network of Independent Volunteers JaRI ranging from the types of violence that occur most of which are committed against women such as domestic violence committed by husbands against their wives violence committed during romantic relationships also violence committed against children both boys and girls Freedom from violence is about what needs to be done to prevent violence from spreading further Actions are needed and these actions should be carefully considered as individuals collectives or as concrete measures by the government The authors of this book include three psychologists Tetty Rismiyati is a member of JaRI a practicing psychologist and has already handled VAW cases since 2000 Fitri Ariyanti is also a practicing psychologist with more than 21 years of experience Peter Rumengan Nelwan is a retired psychologist who undertakes developmental research activities and Ilsa Nelwan is a retired Public Health expert and one of the founders of JaRI with more than 25 years of community family health experience in Indonesia and eight years of international experience as a WHO South East Asia Region professional expert The book contains ten cases that illustrate how violence can be perpetrated against minors against innocent teenagers and even against adults by their husbands or their acquaintances These examples show that violence can occur anywhere perpetrated by the people closest to the victim for example husbands against wives parents against children religious leaders against their students and also teachers

against their students This book describes how violence can occur suddenly ranging from mild acts of violence to severe acts of violence From these cases it is also revealed that violence is also committed online indicating that technological advancements have been utilized to commit acts of violence The concrete actions taken by JaRI when receiving victims of violent acts are described so that the next steps can be determined The actions taken include medical treatments to provide immediate treatment for the violent acts or a medical examination that will be required when the case is brought to court The most common action is psychological counselling usually carried out two weeks after the case occurred with the aim of making the victim feel more comfortable and enabling further action to be taken For certain cases they will continue to a hearing in court to gain justice for the victim of violence Even though it is difficult many cases can be undertaken until completed mainly when the victim is willing to have the case handled over what usually takes a long period of time Violence involves at least three parties the victim or survivor the perpetrator and at times there is also a witness Because of that as part of the prevention strategy this book is aimed primarily at young people so that they can understand and appreciate this issue To be more specific this book wants to invite young people to First get to know the environment the situation and what kind of individuals who sooner or later can make them a victim of violence Second enable them to identify whether they themselves have the potential to become perpetrators of violence and what efforts they can make to prevent themselves from becoming perpetrators Third prepare them to take relevant preventive measures when faced with situations that have the potential to cause violence to others By referring to the ten cases presented the analysis of violence prevention that will be the main focus of this book is as follows First by trying to analyze and elaborate on various potentials or possibilities of violence against women and children including parenting style patriarchal culture power relations online media Second identifying the characteristics of those who have the potential to become perpetrators of violence against women and children including those who have power those who have been victims Third identifying the parties who have the potential to prevent violence parents health workers teachers friends older and younger siblings This book consists of three parts Part One describes ten cases inspired by various cases handled by the counsellors of JaRI The cases have been selected from about 1 800 cases handled by JaRI and are considered representative of most types of cases We consider it necessary to present the reality of violence that has occurred in order to give readers a clear picture of how severe and complex violence enacted by one human being on another can be in this case against children and women so that prevention efforts become truly important As a brief overview the cases consist of 1 sexual violence committed by youth teenagers against children 2 victims of sexual violence who were lured by their peers 3 violence committed by parents against children in the form of improper parenting 4 sexual violence committed by a father against his daughters 5 verbal violence committed by a husband against his wife 6 a young person trapped in digital violence as a result of his mother restraining him from real life relationships 7 violence committed by a husband against his wife in the form of restricting her freedom 8 violence in dating

involving the threat of spreading inappropriate photos on social media 9 violence committed by an adult against a young child 10 sexual violence committed by an adult against a teenager Each case presented is followed by a discussion comprising a case overview services provided by JaRI an analysis and prevention efforts Part Two is a summary and discussion of the cases looked at from four perspectives namely parenting communication within the family gender equality and online media Part Three describes recommendations for practical prevention in the following four topics 1 Age appropriate communication about sexuality between parents and children 2 Communication between partners parents children and peers 3 Gender equality 4 Internet literacy
