The Philosopher's Habitat Laurence Goldstein, 2023-02-14 First published in 1990 The Philosopher's Habitat introduces the subject by investigating a variety of the problems which are currently engaging philosophers and which can be made intelligible to an absolute beginner Rather than introducing philosophy by examining in the traditional way the writings of great philosophers the author has inverted this procedure The idea is that the reader will become absorbed in these dramas will thereby come to appreciate the ways in which the stage was set by the great writers of the past and will feel the urge to participate Questions at the end of each chapter encourage the reader to push beyond the text This book is a must read for students of philosophy

Chairman Mao's Children Bin Xu, 2021-06-17 In the 1960s and 1970s around 17 million Chinese youths were mobilized or forced by the state to migrate to rural villages and China's frontiers Bin Xu tells the story of how this sent down generation have come to terms with their difficult past Exploring representations of memory including personal life stories literature museum exhibits and acts of commemoration he argues that these representations are defined by a struggle to reconcile worthiness with the political upheavals of the Mao years These memories however are used by the state to construct an official narrative that weaves this generation's experiences into an upbeat story of the China dream This marginalizes those still suffering and obscures voices of self reflection on their moral political responsibility for their actions Xu provides careful analysis of this generation of Chairman Mao's children caught between the political and the personal past and present nostalgia and regret and pride and trauma

Patke, Philip Holden, 2009-09-10 The Routledge Concise History of Southeast Asian Writing in English traces the development of literature in the region within its historical and cultural contexts establishing connections from the colonial activity of the early modern period through to contemporary writing across nations such as Thailand China Malaya Singapore and Hong Kong Farewell to the God of Plague Miriam Gross, 2016-01-19 Farewell to the God of Plague reassesses the celebrated Maoist health care model through the lens of Mao s famous campaign against snail fever Using newly available archives Miriam Gross documents how economic political and cultural realities led to grassroots resistance Nonetheless the campaign triumphed but not because of its touted mass prevention campaign Instead success came from its unacknowledged treatment arm carried out jointly by banished urban doctors and rural educated youth More broadly the author reconsiders the relationship between science and political control during the ostensibly antiscientific Maoist era discovering the important role of grassroots science in regime legitimation and Party control in rural areas Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency, 1963 **Enduring the Revolution** Charles J. Alber, 2001-12-30 An anarchist by temperament the beautiful and talented Ding Ling attempted to find her way in the world alone She had a few female friends and a few significant male others but she rebelled against her family Most importantly she rebelled against the Chinese Communist Party to which she desperately hoped to belong The first part of a comprehensive biography of the major 20th century Chinese author Ding Ling this work draws not only on her memoirs but on numerous secondary sources many of which have become available only in the last two decades Though born into a wealthy family Jiang Bingzi was raised by her mother after the untimely death of her father She went to school in the May 4 era when protest was in the air the radical

ideas of Mao were already in print and her idol Lu Xun was making his literary mark In her late teens she renounced her engagement changed her name and fled to Shanghai where she embraced the anarchist movement The loss of her brother and lifelong friend Wang Jianhong and the loss of her significant other Hu Yepin all threw her into various states of depression not to mention her own abduction by the Guomindang Nevertheless Ding Ling wrote her way out of despair and into the public limelight Her first collection of short stories In the Darkness made her famous because of its profound grasp of feminine psychology and its daring treatment of human sexuality But when Ding Ling attempted to dispel the darkness in Yan an she like everyone else was told by Mao in his famous Talks to focus on the light Ding Ling made all the necessary adjustments literary and political She survived the rectification campaign and mastered proletarian fiction Mao loved her novel The Sun Shines on the Sanggan so much that he ranked her third among contemporaries Soon she was traveling to Eastern Europe and to Moscow where she consulted with Soviet notables With the founding of the People s Republic it appeared her star was on the rise This study of Ding Ling and China s literary environment in the first half of the 20th century will be useful to scholars and students of contemporary Chinese history literature and women s studies **China**
