approach the post verbal NP is a recipient of a verbal force whether it is a subcategorized object or not and the verbal force being exerted onto the post verbal NP is responsible for bringing about the change as specified by the result phrase It is shown that many apparent puzzles posed by English resultatives are due to the complex interplay between the verb meaning and the constructional meaning or between the verb meaning and the semantics of the result phrase Thus the proposed account can provide answers to the question Which resultatives are possible and which are not in a coherent way Also the proposed account reveals that English resultatives are not a monolithic phenomenon and that some resultatives cited in the literature as such are not resultatives at all This book is of interest not only to practitioners of Construction Grammar but also to everyone interested in English resultatives

Nixon, Ford and the Abandonment of South Vietnam J. Edward Lee,H.C. "Toby" Haynsworth,2015-10-03 South Vietnam fell because of events occurring thousands of miles away from the battlefields in China the Soviet Union Latin America the Middle East and Washington's corridors of power along protest lines and around America's dinner tables These other wars being fought by American presidents Richard Nixon and Gerald Ford profoundly impacted what happened in Vietnam This work examines those other conflicts and the political social and economic factors involved with them that distracted and crippled the presidencies of Richard Nixon and Gerald Ford and led to the eventual abandonment of the U S supported South Vietnamese regime Nixon entered office with the goal of bringing the world together but saw that goal ruined by the 1973 war in the Middle East preoccupations with China and the Soviet Union a weak economy Watergate and his disgraceful exit from the White House Ford's presidency was tainted almost from the beginning because of the pardon he

granted to Nixon but the American public tired of war and concerned about the economy was ready to hear that the war had come to an end. An argument is presented that the war could have been won if the other wars had been fought by presidents willing to honor the American commitment to its allies in South Vietnam. *Contemporary American Fiction* Kenneth Millard, 2000. Millard leads the interpretation of post 1970 fiction by addressing particular authors and themes. **Inventing Elsa Maxwell** Sam Staggs, 2012-10-16. *Inventing Elsa Maxwell* the first biography of this extraordinary woman tells the witty story of a life lived out loud. With *Inventing Elsa Maxwell* Sam Staggs has crafted a landmark biography. Elsa Maxwell 1881-1963 invented herself not once but repeatedly. Built like a bulldog she ascended from the San Francisco middle class to the heights of society in New York, London, Paris, Venice, and Monte Carlo. Shunning boredom and predictability, Elsa established herself as party giver extraordinaire in Europe with come as you are parties, treasure hunts (e.g., retrieve a slipper from the foot of a singer at the Casino de Paris) and murder parties that drew the ire of the British parliament. She set New York a twitter with her soirees at the Waldorf, her costume parties, and her headline-grabbing guest lists of the rich and royal, movie stars, society high and low, and those on the make, all mixed together in let'er rip gaiety. All the while Elsa dashed off newspaper columns, made films in Hollywood, wrote bestselling books, and turned up on TV talk shows. She hobnobbed with friends like Noel Coward and Cole Porter. Late in life she fell in love with Maria Callas, who spurned her and broke Elsa's heart. Her feud with the Duchess of Windsor made headlines for three years in the 1950s. One of the twentieth century's most colorful characters is brought back to life in this biography by the author of *All About All About Eve*.
