W. F. Lemke,2024-03-18 Riveting inspiring and informative Johanna s

often graphic memoir *Enemy under Our Roof* is based on the author's experiences in war-torn Hengelo the Netherlands in World War II. From nights of terror spent in the cellar during air raids to the dreaded razzias when friends and neighbours are taken away to the camps, readers will be spellbound as they are transported back to 1940's Europe. Told through the eyes of young Cobie, the narrative adopts an innocence that stands in stark contrast to the realities of war. When hordes of Nazi bombers invade the Netherlands, Cobie's peaceful, orderly world is turned upside down. Gradually she must learn to cope with fear, loss, cruelty and despair. As she matures, she tries to make sense of the horrors of war and her Christian faith, a faith she maintains amid disillusionment and questioning. Her most trying experience occurs when a Nazi officer billets himself in her home by force and she is confronted with issues of hatred and forgiveness. She must battle both the enemy without and within, uncovering valuable truths in the process. Throughout the ordeal, she is sustained by her older brother's sense of humour, her faithful friends and the love and courage of her parents who keep hope alive until the long-awaited day of liberation.

Prince of Song & Sea Linsey Miller, 2022-10-04 For fans of Disney Twisted Tales and Serena Valentino's Villains comes the first book of the Disney Prince Young Adult series where Eric tells his side of Disney's *The Little Mermaid*. Before Prince Eric's mother, the Queen of Vellona, went missing two years ago, she reminded him about the details of the deadly curse that has plagued his entire life. The curse: If he were to kiss someone other than his true love, he would die. With a neighboring kingdom looking for any excuse to invade their shores and rumors of ghost pirates lurking the seas, Eric is desperate for any information that may help him break his enchantment and bring stability to Vellona. The answers he has been searching for come to him in the form of a letter left from his mother that reveals Eric must find his true love, the one with a voice pure of heart, or kill the sea witch responsible for cursing him in the first place. Now Eric is on a quest to find the Isle of Serein, the witch's legendary home. But after he is rescued by a mysterious young woman with a mesmerizing singing voice, Eric's heart becomes torn. Does he enter a battle he is almost certain he cannot win, or chase a love that might not even exist? And when a shipwrecked young woman with flaming red hair and a smile that could calm the seven seas enters his life, Eric may discover that true love isn't something that can be decided by magic. Read the whole series: *Prince of Song & Sea*, *Prince of Thorns*, *Nightmares*, *Prince of Glass*, *Midnight*.

Multi-Threaded Programming in C++ Mark Walmsley,2012-12-06 This is a book about multi threaded programming it could well be subtitled How to write computer programs tllat do lots of

different things all at once A multi threaded application contains many separate threads of execution all running concurrently and each assigned to its own particular task the individual tasks are typically simple but the combination can be very powerful Multi threading therefore engenders a divide and conquer strategy which allows complex monoliths to be broken up into more manageable chunks Indeed multi threading is perhaps the most exciting addition to the software engineer's toolkit since the advent of object oriented programming another topic about which this book has a lot to say Multi threading and object orientation are wonderful companions e allows the basic building blocks for multi threaded programming to be neatly packaged as objects whilst multi threading techniques can be applied to transform objects from passive repositories of functionality into active entities that perform their own internal processing independently of external code A general background in computing is assumed as well as familiarity with the C language and a basic knowledge of C would also be helpful the more useful facets of the C language are introduced on a need to know basis but for a fuller exposition than is possible here the reader is advised to rush out and buy the book Programming in C ISBN 0859344355
