Animating Culture Eric Loren Smoodin, 1993 Long considered children s entertainment by audiences and popular media Hollywood animation has received little serious attention Eric Smoodin s Animating Culture is the first and only book to thoroughly analyze the animated short film Usually running about seven or eight minutes cartoons were made by major Hollywood studios such as MGM Warner Bros and Disney and shown at movie theaters along with a newsreel and a feature length film Smoodin explores animated shorts and the system that mass produced them How were cartoons exhibited in theaters How did they tell their stories Who did they tell them to What did they say about race class and gender How were cartoons related to the feature films they accompanied on the evening s bill of fare What were the social functions of cartoon

stars like Donald Duck and Minnie Mouse Smoodin argues that cartoons appealed to a wide audience not just children and did indeed contribute to public debate about political matters He examines issues often ignored in discussions of animated film issues such as social control in the U S army s Private Snafu cartoons and sexuality and race in the sites of Betty Boop s body and the cartoon harem Smoodin s analysis of the multiple discourses embedded in a variety of cartoons reveals the complex and sometimes contradictory ways that animation dealt with class relations labor imperialism and censorship His discussion of Disney and the Disney Studio s close ties with the U S government forces us to rethink the place of the cartoon in political and cultural life Smoodin reveals the complex relationship between cartoons and the Hollywood studio system and between cartoons and their audiences [The Nine Old Men: Lessons, Techniques, and Inspiration from Disney's Great Animators](#) Andreas Deja,2015-09-16

**Nationalisms & Sexualities** Andrew Parker,Mary Russo,Doris Sommer,Patricia Yaeger,2018-12-03 Originally published in 1992 Nationalisms and Sexualities addresses questions of how notions of identity are shaped by discussions of nationalism and sexuality The book looks at a variety of disciplinary and theoretical perspectives on a wide range of geographical regions and historical moments The volume departs from social scientific paradigms that treat nation and sexuality as discrete and autonomous entities Its contributors respond instead to emerging issues that redefine the horizons of what is globally considered today as the political how the formation of sexual gendered racial and or class identities have contributed to the formation of sexual gendered racial and or class identities and vice versa how technologies of representation play a role in the constitution of national and sexual identities how colonialism and postcolonialism have altered consolidations of national and sexual identities     **The Pan American** ,1943     Catalog of Copyright Entries ,1942     *Latin American Writers and the Rise of Hollywood Cinema* Jason Borge,2008-07-23 This book analyzes the initial engagement with Hollywood by key Latin American writers and intellectuals during the first few decades of the 20th century The film metropolis presented an ambiguous multivalent sign for established figures like Horacio Quiroga Alejo Carpentier and M rio de Andrade as well as less renowned writers like the Mexican Carlos Noriega Hope the Chilean Vera Zouroff and the Cuban Guillermo Villarronda Hollywood s arrival on the scene placed such writers in a bind as many felt compelled to emulate the artistry of a medium dominated by a nation posing a symbolic affront to Latin American cultural and linguistic autonomy as well as the region s geopolitical sovereignty The film industry thus occupied a crucial site of conflict and reconciliation between aesthetics and politics
