Closed Minds? Bruce Smith, Jeremy D. Mayer, A. Lee Fritschler, 2010-04-01 Contrary to popular belief the problem with U S higher education is not too much politics but too little Far from being bastions of liberal bias American universities have largely withdrawn from the world of politics So conclude Bruce L R Smith Jeremy Mayer and Lee Fritschler in this illuminating book *Closed Minds* draws on data from interviews focus groups and a new national survey by the authors as well as their decades of experience in higher education to paint the most comprehensive picture to date of campus

political attitudes It finds that while liberals outnumber conservatives within faculty ranks even most conservatives believe that ideology has little impact on hiring and promotion Today s students are somewhat more conservative than their professors but few complain of political bias in the classroom Similarly a Pennsylvania legislative inquiry which the authors explore as a case study of conservative activism in higher education found that political bias was rare in the state s public colleges and universities Yet this ideological peace on campus has been purchased at a high price American universities are rarely hospitable to lively discussions of issues of public importance They largely shun serious political debate all but ignore what used to be called civics and take little interest in educating students to be effective citizens Smith Mayer and Fritschler contrast the current climate of disengagement with the original civic mission of American colleges and universities In concluding they suggest how universities can reclaim and strengthen their place in the nation s political and civic life

Upton Sinclair and the Other American Century Kevin Mattson, 2008-05-02 Praise for UPTON SINCLAIR and the other American Century I look forward to all of Kevin Mattson s works of history and I ve not been disappointed yet Upton Sinclair is a thoughtful well researched and extremely eloquently told excavation of the history of the American left and indeed the American nation as well as a testament to the power of one man to influence his times Well done Eric Alterman author of *When Presidents Lie A History of Official Deception and Its Consequences* A splendid read It reminds you that real heroes once dwelt among us Mattson not only captures Sinclair s character but the world he inhabited with deft strokes whose energy and passion easily match his subject s Richard Parker

author of John Kenneth Galbraith His Life His Politics His Economics From the meat packing houses of Chicago to the automobile factories of Detroit to the voting booths of California Upton Sinclair cut a wide swath as a muckraking writer who exposed the injustices rendered by American industrial capitalism Now Kevin Mattson presents a much needed exploration of this complex crusader This is a thoughtful provocative and gripping account of an important figure who appeared equal parts intellectual propagandist and political combatant as he struggled to illuminate the other American century inhabited by the poor and powerless Steven Watts author of The People s Tycoon Henry Ford and the American Century To Laugh That We May Not Weep Glenn Bray, Frank Young, 2017-03-29 Art Young was one of the most renowned and incendiary political cartoonists in the first half of the 20th century And far more an illustrator for magazines such as The Saturday Evening Post and Colliers a magazine publisher a New York State Senatorial candidate on the Socialist ticket and perhaps the only cartoonist to be tried under the Espionage Act for sedition He made his reputation appearing in The Masses on a regular basis using lyrical vibrant graphics and a deep appreciation of mankind s inherent folly to create powerful political cartoons To Laugh That We May Not Weep is a sweeping career retrospective reprinting often for the first time in 60 or 70 years over 800 of Young s timeless charming and devastating cartoons and illustrations many reproduced from original artwork to create a fresh new portrait of this towering figure in the worlds of cartooning and politics With essays by Art Spiegelman Justin Green Art Young biographer Marc Moorash Anthony Mourek and Glenn Bray with a biographical overview of Young s life and work by Frank M Young To Laugh That We May Weep is a long awaited tribute to one of the great lost cartoonists whose work is as relevant in the 21st century as it was in its own time *Politics of Art* Zhiguang Yin, 2015-02-04 In Politics of Art Zhiguang Yin investigates members of the Creation Society and their social network while in Japan The study contextualises the Chinese left wing intellectual movements and their political engagements in relation with the early 20th century international political events and trends in both East Asia and Europe The Creation Society was largely viewed as a subject of literary studies This research however evaluates these intellectuals in the context of Chinese revolution and elaborates their theoretical contribution to the Chinese Communist Party s practice of theoretical struggle as a main driving force of ideological construction As this study tries to demonstrate theoretical struggle drives the ideological politics forward while maintaining its political vigour **Scenes in the West; or, The Sunday-School and Temperance**

Anonymous, 2019-12-23 In Scenes in the West or The Sunday School and Temperance the anonymous author adeptly weaves a narrative that intertwines the realms of moral instruction and social reform Set against the backdrop of the burgeoning American West the book employs a didactic literary style that reflects the era s evangelical zeal Through vivid vignettes the author explores the importance of Sunday schools in nurturing moral character and the vital role of temperance movements in shaping community values Thematically it mirrors mid 19th century American literature s preoccupation with moral uplift and societal progress making it a pertinent reflection of its time The anonymity of the author adds a layer of intrigue yet this

conceals a passionate voice advocating for social change. Likely influenced by the religious revival movements and the temperance advocacy of the period, the author draws from personal convictions and observations of societal challenges faced in the West. This context enriches the text, allowing it to resonate with contemporary struggles over morality and public policy. For readers interested in historical perspectives on American values, *Scenes in the West* offers both a critical reflection and a call to action. It appeals to those fascinated by the interplay of education, religion, and social reform during a transformative period in American history. This book is a compelling addition to the libraries of scholars, educators, and general readers alike.
