*The Non-Canonical Gospels* Paul Foster, 2008-09-11 This book brings together a collection of chapter length treatments on the most significant of the non canonical gospels A particular strength of the volume is that it draws upon the research of leading experts in the field and clearly and concisely communicates the most hotly contested issues surrounding each text While a key function of each chapter is to make the current academic debates accessible to a wider audience these treatments are not simply overviews or survey articles They also present fresh perspectives on a number of points and critically assess the most recent trends in scholarship As such they will provide an ideal entry point for advanced undergraduate courses and taught Masters programmes The structure of the book is divided up in an easily useable format

There is an introduction which underscores the significance of the non canonical texts both for the original readers and for contemporary audiences This chapter by Keith Elliott also traces important moments in the reception of a number of these texts both in art and literature Next follows the main sequence of chapters dealing with individual texts Texts such as the Gospel of Thomas the Gospel of Peter and the Gospel of Mary are treated first due to the impact they have had to varying degrees on Historical Jesus research Other texts are grouped in various subgroups the two infancy gospels follow each other and the more fragmentary texts are also closely linked in the arrangement The book presents one of the most comprehensive and up to date discussions of a range of texts that continue to be of interest to scholars and wider readers The discussions should clarify a number of popular misconceptions and allow for a more informed debate The scholars who contribute to this collection represent an eclectic range of views and theological outlooks No attempt has been made to impose a prescribed perspective Rather the leading experts have been consulted to produce fresh and stimulating treatments The book will include contributions from Andrew Gregory Oxford Christopher Tuckett Cambridge April DeConick Rice and Simon Gathercole Aberdeen among others

*Vikings* Paul Cavill,2001 The turn of the first millennium in Anglo Saxon England was a time of raiding and settlement This is the story of how the Church and the law worked together to turn back and tame the invaders bringing heart to their people

*The Gospels* Wayne Rollins,2013-08-23 Far from being carbon copies of one another the Gospels represent four individual approaches to God to the world to humankind and above all to the one they call Jesus the Christ The purpose of the book is to examine how each Gospel writer heeding the patterns and rhythms of his own mind portrays Jesus in the setting of his own world The five chapters of the book are titled The New Approach The Gospel of Mark A Religious Existential Approach The Gospel of Matthew An Ethical Apocalyptic Approach The Gospel of Luke An Aesthetic Historical Approach and The Gospel of John A Paradoxical Mystical Approach The diversity of the Gospels and their Christology is Rollins believes an asset to faith s understanding The Christ event becomes available through four perspectives rather than one each capturing an edge of the reality Moreover in their diversity the Gospel portraits exemplify the New Testament injunction that new wine must be put into new wineskins and they provide models for the continuing attempts at christological portraiture undertaken by novelists poets playwrights and theologians who find themselves moved by and drawn to the one the Gospels portray

**Becoming a Missionary Church** Michael W. Goheen,Timothy M. Sheridan,2022-07-19 This book offers a historical assessment and balanced critique of contemporary church movements especially in light of missional ecclesiology An expert on Lesslie Newbigin and an expert on contemporary church models show how Newbigin s ideas have been developed and contextualized in three popular contemporary church movements missional emergent and center church In addition the authors explain that some of Newbigin s insights have been neglected and need to be retrieved for the present day This book calls for the recovery of the missionary nature of the church and commends church practices applicable to any congregation

*The False White Gospel* Jim Wallis,2024-04-02 NOW A NEW

YORK TIMES AND A USA TODAY BESTSELLER Everyone who claims to be Christian or else claims to be upset by Christianity needs to read this book especially politicians using people's supposed faith for their own ends Margaret E Atwood Jim Wallis calls the nation to grow up and he calls us all to fight the love battle to save the soul of America From the Foreword by Eddie S Glaude Jr A major new work by the New York Times bestselling author arguing that the answer to bad religion is true faith that will help refound democracy It is time says Jim Wallis to call out genuine faith specifically the Christian in White Christian Nationalism inviting all who can be persuaded to reject and help dismantle a false gospel that propagates white supremacy and autocracy We need to raise up the faith of all of us and help those who are oblivious stuck and captive to the ideology and idolatry of White Christian Nationalism that is leading us to such great danger Wallis turns our attention to six iconic texts at the heart of what genuine biblical faith means and what Jesus in the gospels has called us to do It is time to ask anew do we believe these teachings or not This book isn't only for Christians but for all faith traditions and even those with no faith at all When we see a civic promotion of fear hate and violence for the trajectory of our politics we need a civic faith of love healing and hope to defeat it And that must involve all of us religious or not Learning to practice a politics of neighbor love will be central to the future of democracy in America And more than ever the words of Jesus ring You will know the truth and the truth will set you free *Viking Knits and Ancient Ornaments* Elsebeth Lavold, 2021-10-30 Ever since her ground breaking book *Viking Patterns for Knitting* was published Elsebeth Lavold has been recognized as one of the world's leading experts on cabling In the book described as an indispensable milestone in 20th century knitting literature she introduces her own innovation using lifted increases to create interlace patterns instead of just to shape garments and to bring new life to the ornamental heritage of the Vikings as adornment on modern knitwear With more than a decade of added experience and continued research she took the concept a step further Still firmly based in her Scandinavian roots she has studied cultures from all over the globe to find similar types of patterns This resulted in a fascinating compilation of ornamental expressions ancient as well as contemporary and just as in *Viking Patterns for Knitting* she uses them as a launch pad for her own unique designs Elsebeth genuinely enjoys sharing her knowledge In addition to the abundance of beautiful garments presented in the book with complete instructions she has analyzed a huge number of pattern types and displays them in both swatch and chart form to allow you to make your own designs based on her research Pattern corrections *Hidden Gospels* Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical

gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity     *Revelation in the Fourth Gospel: And Eight Johannine Essays* Gail R. O'Day,2021-03-05 About this Book Gail R O Day s *Revelation in the Fourth Gospel* set the stage for a new literary paradigm in Johannine studies which has carried over into disciplinary advances in gospel criticism overall With the addition of eight key Johannine essays and a state of the art introduction by Alan Culpepper this new publication as Volume 9 in the Johannine Monograph Series advances a fuller appreciation of her important work on John and new literary biblical analyses overall From the Preface What becomes apparent in an overview of Gail O Day s work is her keen analysis of relations and functions of literary themes and features within the Gospel of John as they further its rhetorical thrust elucidating its meaning Whereas diachronic approaches to John have tended to compartmentalize and divide sections and literary forms O Day shows time and again how things worked synchronically within John s story of Jesus challenging misinterpretations and opening doors to understanding more fully its message The present collection highlights the dialectics between narrative and theology time and space and characters and plot in the Fourth Gospel clarifying their tentative presentations within this classic narrative     **The Historical Jesus of the Gospels** Craig S. Keener,2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in *The Historical Jesus of the Gospels* In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history     **The Secret Yoga of the Vikings** Steven A. Key,2019-09-13 With their secretive poetic lore and even more mysterious pantheon of gods led by Odin the All Father Thor the great Hammer Striker Loki the Evil One and Heimdal the Cosmic Horn Blower it is almost impossible not to love the Vikings But there are even more fans of the multi faceted yoga systems devised by the ancient Hindustani in India more than five thousand years ago Steven A Key makes the case that transcendental yoga has not only endured over the millennia but that it has traveled in different forms of spiritual or religious expression in *The Secret Yoga of the Vikings* Drawing on the writings of Joseph Campbell the famous mythologist who hinted at a link between the cultures of the Eastern Hindus and the Northern Vikings as well as other great thinkers the author shows that yoga has influenced Buddhism Christianity and yes even the tenth century Vikings Discover how a spiritual cult of anonymous Odin warriors who died long ago was likely responsible for the

writing of the Poetic Edda itself as well as the role transcendental yoga played in the life of the Vikings *Anglo-Saxon/Irish Relations before the Vikings* James Graham-Campbell, Michael Ryan, 2009-12-24 These essays provide the first interdisciplinary assessment of the links between the Anglo Saxons and the Irish before 800 This overview of recent advances in the field ranges widely in scope covering language and literature legal traditions ecclesiastical history and the evidence of material culture through art history and archaeology *The World of Vikings* Justin Pollard, 2015-11-10 The official companion book to the first three seasons of the hit History Channel show inspired by a legendary Viking warrior MGM's hit show Vikings on the History Channel has drawn millions of viewers into the fascinating and bloody world of legendary Norse hero Ragnar Lothbrok who led Viking warriors to the British Isles and France Covering the first three seasons of the series this official companion book delves into the real history as well as the behind the scenes stories Viking historian Justin Pollard explains shipbuilding and navigation Norse culture and religion and the first encounters between Viking warriors and the kings of England and France Interviews with cast and crew reveal the process of dramatizing this gripping story from reviving the Old Norse language to choreographing battle scenes and building ancient temples for human sacrifice This ebook is a must for fans of the show and history buffs alike VIKINGS 2015 TM Prods Ltd T5 Vikings Prods Inc VIKINGSTM TM Prods Ltd Praise for The World of Vikings A gorgeous companion book to the hit series The World of Vikings is an excellent piece for the avid Vikings fan I highly recommend it Geeks of Doom This is a whole new way of learning about Vikings This book is full of the legends and the lifestyle with pictures to boot It is a great read for any proud Scandinavian Grand Forks Herald **NIVAC Bundle 6: Gospels, Acts** Michael J. and archaeological evidence Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage He not only explains the Viking attacks but also looks at Viking endeavors in commerce politics discovery and colonization and reveals how Viking arts literature and religious thought evolved in ways unequaled in the rest of Europe The Age of the Vikings sheds new light on the complex society culture and legacy of these legendary seafarers

The Evangelization of the World: Jacques A. Blocher, Jacques Blandenier, 2012-12-06 Written in an engaging style and intended largely for a lay audience The Evangelization of the World tells the remarkable story of how Christianity grew from an insignificant Jewish sect in the first century until by the beginning of the twenty first century it had become the world's first truly global religion The book is careful to explain historical context and mission theory but the foci of the narrative are the great personalities of mission the Apostle Paul St Martin of Tours St Patrick St Francis Xavier John Eliot Count Von Zinzendorf William Carey Robert Morrison David Livingstone Mary Slessor Albert Schweitzer and many others who make this account of the expansion of the church a fascinating and often dramatic tale In addition the book does not neglect the great mission conferences of the twentieth century nor does it avoid the controversial aspects of mission that in many instances continue to vex the movement today *The Lindisfarne Gospels* Michelle P. Brown, 2003-01-01 First published 2003 by The British Library London T p verso **The Oxford Illustrated History of the Vikings** P. H. Sawyer, 2001 Were the Vikings as contemporary description had it a valiant wrathful foreign purely pagan people who swept in from the sea to plunder and slaughter Or in the words of a Manx folksong were wolves keen in hungry quest who lived and died by the sea and the sword Or were they unusually successful merchants extortionists and pioneer explorers This book by leading international scholars considers the latest research and presents a compelling picture of the Vikings and their age Excavations as far apart as Dublin and Newfoundland York and Kiev provide fascinating archaeological evidence expertly interpreted in this extensively illustrated book
