**The YWCA Magazine** , 1916 *God Forgive Us for Being Women* Joy E. A. Qualls, 2018-05-30 The role of women in church leadership is controversial however the Pentecostal tradition and specifically the Assemblies of God has held that women can serve at all levels of church leadership There is no role that is off limits to women Citing their distinctive approach to theology Pentecostals embrace women s leadership in policy but in practice women are often frustrated by the lack of opportunity and representation in leadership roles By exploring the rhetorical history how Pentecostals talk about the role of women the purpose of this book is to expose those rhetorical constraints that create dissonance and discontentment This book explores how Pentecostals use and are used by language that shapes this dissonance and how that impacts the lived reality of both men and women in the Pentecostal tradition

*Flirtation and Courtship in Nineteenth-Century British Culture* Ghislaine McDayter, John Hunter, 2022-08-08 This is volume one of a three volume set that brings together a rich collection of primary source materials on flirtation and courtship in the nineteenth century Introductory essays and extensive editorial apparatus offer historical and cultural contexts of the materials included Throughout the long nineteenth century a woman's life was commonly thought to fall into three discrete developmental stages personal formation and a gendered education a young woman's entrance onto the marriage market and finally her emergence at the apogee of normative femininity as wife and mother In all three stages of development there was an unspoken awareness of the duplicity at the heart of this carefully cultivated femininity What women were taught no matter their age was that if you desired anything in life it behooved you to perform indifference This meant that for women the art of flirtation and feigning indifference were viewed as essential survival skills that could guarantee success in life These three volumes document the many ways in which nineteenth century women were educated in this seemingly universal wisdom but just as frequently managed to manipulate subvert and navigate their way through such proscribed norms to achieve their own desires Presenting a wide range of documents from novels memoirs literary journals newspapers plays poetry songs parlour games and legal documents this collection will illuminate a far more diverse set of options available to women in their quest for happiness and a new understanding of the operations of courtship and flirtation the central concerns of a nineteenth century woman's life The volumes will be of interest to scholars of history literature gender and cultural studies with an interest in the nineteenth century

Australian Sport Kristine Toohey, Tracy Taylor, 2013-10-18 Australia is only a small player in the world's political and economic landscapes yet for many decades it has been considered to be a global powerhouse in terms of its sporting successes In conjunction with this notion the nation has long been portrayed as having a preoccupation with sport This labelling has been seen as both a blessing and a curse Those who value a Bourdieuan view of culture bemoan sport's centrality to the national imagination and the consequent lack of media coverage funding and prestige accorded to the arts Other scholars question whether the popular stereotype of the Australian sportsperson is in fact a myth and that instead Australians are predominantly passive

sport consumers rather than active sport participants Australian sport through its successes on the field of play and in advancing sport coaching and management has undergone a revolution as both an enabler of global processes and as subject to its influences economic political migratory etc This book will examine the shifting place of Australian sports in current global and local environs from the perspective of spectators players and administrators This book was previously published as a special issue of *Sport in Society* *Huddle* Brooke Baldwin, 2021-04-06 Wall Street Journal Bestseller CNN news anchor Brooke Baldwin explores the phenomenon of huddling when women lean on one another in politics Hollywood activism the arts sports and everyday friendships to provide each other support empowerment inspiration and the strength to solve problems or enact meaningful change Whether they are facing adversity like workplace inequity or a global pandemic or organizing to make the world a better place women are a highly potent resource for one another Through a mix of journalism and personal narrative Baldwin takes readers beyond the big headline making huddles from recent years such as the Women's March MeToo Times Up and the record number of women running for public office and embeds herself in groups of women of all ages races religions and socio economic backgrounds who are banding together in America HUDDLE explores several stories including The benefits of all girls learning environments such as Karlie Kloss's Kode with Klossy and Reese Witherspoon's Filmmaker Lab for Girls in which young women are given the freedom to make mistakes and find their confidence The tactics employed by huddles of women who work in male dominated industries including a group of US veterans Democratic Congresswomen a huddle of African American judges in Harris County Texas and an all female writers room in Hollywood The wisdom of huddling from trusted pioneers such as Gloria Steinem Billie Jean King and Madeleine Albright as well as contemporary trailblazers like Stacey Abrams and Ava DuVernay How professionals such as Chef Dominique Crenn and sports agent Lindsay Colas use their success to amplify other women in their fields The ways huddles of women are dedicated to making seismic change including a look at Indigenous women saving the planet the women who founded Black Lives Matter the mothers fighting for sensible gun laws America's favorite female athletes Megan Rapinoe Hilary Knight and Sue Bird to name a few agitating for equal pay and female teachers rallying to improve their working conditions The bond between women who practice self care and trauma healing together including the women who courageously survived sexual abuse and the women who heal together in *The Class* and *GirlTrek* The ways women are becoming more intentional about the life saving power of friendship including the bonds between military wives new moms and nurses getting through the time of Covid Throughout her examination of this fascinating huddle phenomenon Baldwin learns about the periods of huddle droughts in America as well as the ways that Black women have been huddling for centuries She also uncovers how huddling can be the secret sauce that makes many things possible for women success in the workplace effective grassroots change confidence in girlhood and a better physical and mental health profile in adulthood Along the way Baldwin takes readers through her own personal journey of growing up in the South and climbing the ladder

of a male dominated industry Like so many women in her field she encountered many sharp elbows on her career path but became an early believer in adding more seats to the table and huddling with other women for strength and solidarity In the process of writing HUDDLE Baldwin learns that this seemingly new phenomenon is actually something women have been doing for generations a quiet collective power she learns to unlock in her transformation from journalist to champion for women *City Documents* Fall River (Mass.),1917 **Spalding's Tennis Annual** Samuel Hardy,1922 *Wright and Ditson's Lawn Tennis Guide* ,1921 *Spalding's Official Lawn Tennis Annual* ,1922 *Tales of Two Cities* Sylvia Bashevkin,2011-11-01 In the age of globalization state restructuring is changing the political landscape How does reshaping local government affect citizen involvement in public life As cities move between centralized and decentralized governance and conservative and progressive leadership what brings out the best and the worst in civic engagement In this thought provoking book Sylvia Bashevkin examines the consequences of divergent restructuring experiences in London and Toronto By focusing on the forced amalgamation of local boroughs in Toronto and the creation of a new metropolitan authority in London *Tales of Two Cities* explores the fallout for women as urban citizens Ultimately context is crucial to whether municipal change signals pessimism or promise Clear insightful and prescient *Tales of Two Cities* will appeal to those interested in civic affairs political inclusion and the future of democracy in major urban centres *SUDAN SOUTH: Doing Business, Investing and International Assistance in South Sudan Guide Volume 1 Strategic and Practical Information* IBP, Inc,2009-03-20 *Doing Business Investing and International Assistance in South Sudan Guide* **Sudan South Fishing and Aquaculture Industry Handbook: Strategic Information, Regulations, Opportunities** IBP, Inc.,2016-06-02 *South Sudan Fishing and Aquaculture Industry Handbook Strategic Information Regulations Opportunities* *The Political Uses of Motherhood in America* Cynthia Stavrianos,2014-11-13 As various contemporary groups use the language of motherhood to advance their political causes maternal rhetoric has become very visible in the American political discourse of late Yet while it has long been recognized that women have invoked their political status as mothers to organize and authorize their political action in the past scholars have only just begun to examine the recent reemergence of this frame This book describes the wide variety of political causes that mothers are organizing to address and analyses whether ideologically conservative organizations are disproportionately represented among groups using motherhood to mobilize women Stavrianos examines the use of maternal discourses in closer detail through a comparative case study of five groups using motherhood as their primary frame for collective political action Mothers Against Drunk Driving Million Mom March Mothers Against Illegal Aliens Mainstreet Moms Organize or Bust and Mothers in Charge Scholars interested in women and politics interest group politics social movements political behavior women s studies motherhood studies and framing strategies will find this book noteworthy as it adds to a growing body of literature exploring the use of motherhood as an emerging political frame and to the interdisciplinary discussion of contemporary discourses of motherhood *Bankers Magazine* ,1926
